METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa (“Company”) Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are not members of a collective bargaining unit. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Members of the collective bargaining units are covered under the Metalsa - UAW Retirement and Savings Plan.

Contributions

Employee Contributions: Plan participants can elect to contribute from 1% up to 100% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Participants may designate their contributions as a pre-tax deferral or as a Roth contribution. Contributions are based upon total compensation, which includes all W-2 compensation paid during the taxable year except for taxable group term life insurance, severance pay, attendance bonuses and various taxable expense allowances. Total compensation will also include any employee pretax contributions made under the Plan. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. Pre-tax deferral contributions and related earnings are not taxable to the participant until they are withdrawn from the Plan. Roth contributions and related earnings are not taxed upon distribution from the Plan.

Nondeductible Employee Contributions: The Plan also allows employees to contribute a portion of their compensation into the plan as nondeductible employee contribution. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until a distribution is taken from the Plan.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: The Plan allows for two types of employer contributions. The Company will make a safe harbor match which is limited to 100% of the employee’s deferral/nondeductible employee contributions up to 3% of compensation. The Company also matches 50% of the employee’s deferral/nondeductible employee contribution from 3% - 5% of compensation. Additional amounts can be contributed at the option of the Company.

The Company may also make annual discretionary matching and/or profit sharing contributions in an amount to be determined at Plan year end by the Company’s Board of Directors. These discretionary contributions will be allocated following the end of the Plan year to all participants eligible to share therein.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of credited service and becomes 100% vested after three years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue employment and participation in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits. Participants automatically become 100% vested in their account balance upon their death.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance.

Forfeited Accounts

Nonvested benefits of participants who cease to be employees are forfeited and used to reduce employer's contributions or used to pay plan expenses. During the current year no account balances were forfeited. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$224 and \$529, respectively. The employer used \$2,400 from the forfeiture account to pay plan expenses.

1. DESCRIPTION OF PLAN - (Continued):

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000 as of the loan origination date. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Participant Notes Receivable

The notes receivable to participants are valued at cost at borrowing less repayments received from participant, which approximated fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax returns of the Plan for 2019, 2018 and 2017 are subject to examination by the taxing authorities, generally for three years after they are filed.

Operating Expenses

Participant loan origination and annual loan maintenance fees are paid by the participant acquiring the loan. Other plan expenses are paid first from available forfeiture balances. Any remaining expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied retrospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. This amendment is effective for annual periods beginning after December 15, 2019 for nonpublic entities. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU amends ASC 820, *Fair Value Measurement*, to add, remove and modify certain disclosure requirements for fair value measurements. ASU 2018-13 is effective for annual periods beginning after December 15, 2019. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

4. FAIR VALUE MEASUREMENTS - (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies (mutual funds) are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

Common/Collective Trust – The common/collective trust is valued at the NAV of the units held by the Plan. The NAV is based upon the value of the underlying investments which are traded on an active market.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019		
	Total	Level 1	Level 2
Registered investment companies (mutual funds)	\$ 67,589,583	\$ 67,589,583	\$ -
Common / collective trust fund	5,219,160	-	5,219,160
Total investments at fair value	<u>\$ 72,808,743</u>	<u>\$ 67,589,583</u>	<u>\$ 5,219,160</u>

4. FAIR VALUE MEASUREMENTS - (Continued):

During the year ended December 31, 2019, the Plan's investments (including bought, sold and held during the year) appreciated (depreciated) as follows:

	2019
Registered investment companies	\$ 10,688,439
Common/collective trust	<u>84,873</u>
	<u>\$ 10,773,312</u>

5. TRANSFER TO/FROM OTHER PLANS:

As described in Note 1, the Company also sponsors the Metalsa-UAW Retirement and Savings Plan for employees who are members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Plan and their balance from the Metalsa-UAW Retirement and Savings Plan is transferred to the Plan. Likewise, as Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Plan balance is transferred to that Plan.

6. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated May 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

For the year ended December 31, 2019 and 2018, all assets are held and invested by the trustee, Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of the audit. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

9. RELATED PARTY TRANSACTIONS:

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant notes receivable administration fees paid by the Plan amounted to \$6,385 for the year ended December 31, 2019. All other plan expenses are paid by the Plan Sponsor.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SELF CORRECTION PROGRAM:

The Plan Sponsor intends to enter the Self Correction Program (SCP) to correct insignificant plan operational failures as allowed by the Internal Revenue Service. The Plan Sponsor has consulted with outside advisors and is in the process of evaluating corrective actions.

12. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 31, 2020, the date the financial statements were available to be issued.

The Company sold its Tuscaloosa operations on March 2, 2020. As a result, employment of 206 employees transferred from the Company to the new owner effective March 2, 2020. Affected participants had the same distribution options available to any other terminated employee. Affected participants also had the ability to rollover their loan balance to the plan offered by the new owner of the Tuscaloosa location.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

12. SUBSEQUENT EVENTS – (Continued):

The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which was signed into law on March 27, 2020, provides certain relief options for eligible participants. The Plan has adopted these provisions. Eligible Participants may now borrow up to the lesser of \$100,000 or 100% of the vested value of their account balance, and they can suspend loan repayments for a new or existing loan through December 31, 2020 (or another deadline provided by the IRS). Eligible participants also have the ability to take a hardship withdrawal from the Plan in an amount equal to their vested account balance up to a maximum of \$100,000, which is exempt from the normal 10% early withdrawal penalty. Participants may elect to pay back a portion or the entire amount of the hardship withdrawal over a period of up to three years.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa (“Company”) Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are not members of a collective bargaining unit. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Members of the collective bargaining units are covered under the Metalsa - UAW Retirement and Savings Plan.

Contributions

Employee Contributions: Plan participants can elect to contribute from 1% up to 100% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Participants may designate their contributions as a pre-tax deferral or as a Roth contribution. Contributions are based upon total compensation, which includes all W-2 compensation paid during the taxable year except for taxable group term life insurance, severance pay, attendance bonuses and various taxable expense allowances. Total compensation will also include any employee pretax contributions made under the Plan. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. Pre-tax deferral contributions and related earnings are not taxable to the participant until they are withdrawn from the Plan. Roth contributions and related earnings are not taxed upon distribution from the Plan.

Nondeductible Employee Contributions: The Plan also allows employees to contribute a portion of their compensation into the plan as nondeductible employee contribution. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until a distribution is taken from the Plan.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: The Plan allows for two types of employer contributions. The Company will make a safe harbor match which is limited to 100% of the employee’s deferral/nondeductible employee contributions up to 3% of compensation. The Company also matches 50% of the employee’s deferral/nondeductible employee contribution from 3% - 5% of compensation. Additional amounts can be contributed at the option of the Company.

The Company may also make annual discretionary matching and/or profit sharing contributions in an amount to be determined at Plan year end by the Company’s Board of Directors. These discretionary contributions will be allocated following the end of the Plan year to all participants eligible to share therein.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of credited service and becomes 100% vested after three years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue employment and participation in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits. Participants automatically become 100% vested in their account balance upon their death.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance.

Forfeited Accounts

Nonvested benefits of participants who cease to be employees are forfeited and used to reduce employer's contributions or used to pay plan expenses. During the current year no account balances were forfeited. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$224 and \$529, respectively. The employer used \$2,400 from the forfeiture account to pay plan expenses.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000 as of the loan origination date. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Participant Notes Receivable

The notes receivable to participants are valued at cost at borrowing less repayments received from participant, which approximated fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax returns of the Plan for 2019, 2018 and 2017 are subject to examination by the taxing authorities, generally for three years after they are filed.

Operating Expenses

Participant loan origination and annual loan maintenance fees are paid by the participant acquiring the loan. Other plan expenses are paid first from available forfeiture balances. Any remaining expenses are paid by the Company.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied retrospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. This amendment is effective for annual periods beginning after December 15, 2019 for nonpublic entities. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU amends ASC 820, *Fair Value Measurement*, to add, remove and modify certain disclosure requirements for fair value measurements. ASU 2018-13 is effective for annual periods beginning after December 15, 2019. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

4. FAIR VALUE MEASUREMENTS - (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies (mutual funds) are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

Common/Collective Trust – The common/collective trust is valued at the NAV of the units held by the Plan. The NAV is based upon the value of the underlying investments which are traded on an active market.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019		
	Total	Level 1	Level 2
Registered investment companies (mutual funds)	\$ 67,589,583	\$ 67,589,583	\$ -
Common / collective trust fund	5,219,160	-	5,219,160

4. FAIR VALUE MEASUREMENTS - (Continued):

During the year ended December 31, 2019, the Plan's investments (including bought, sold and held during the year) appreciated (depreciated) as follows:

	2019
Registered investment companies	\$ 10,688,439
Common/collective trust	<u>84,873</u>
	<u>\$ 10,773,312</u>

5. TRANSFER TO/FROM OTHER PLANS:

As described in Note 1, the Company also sponsors the Metalsa-UAW Retirement and Savings Plan for employees who are members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Plan and their balance from the Metalsa-UAW Retirement and Savings Plan is transferred to the Plan. Likewise, as Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Plan balance is transferred to that Plan.

6. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated May 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

For the year ended December 31, 2019 and 2018, all assets are held and invested by the trustee, Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of the audit. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

9. RELATED PARTY TRANSACTIONS:

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant notes receivable administration fees paid by the Plan amounted to \$6,385 for the year ended December 31, 2019. All other plan expenses are paid by the Plan Sponsor.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SELF CORRECTION PROGRAM:

The Plan Sponsor intends to enter the Self Correction Program (SCP) to correct insignificant plan operational failures as allowed by the Internal Revenue Service. The Plan Sponsor has consulted with outside advisors and is in the process of evaluating corrective actions.

12. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 31, 2020, the date the financial statements were available to be issued.

The Company sold its Tuscaloosa operations on March 2, 2020. As a result, employment of 206 employees transferred from the Company to the new owner effective March 2, 2020. Affected participants had the same distribution options available to any other terminated employee. Affected participants also had the ability to rollover their loan balance to the plan offered by the new owner of the Tuscaloosa location.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

12. SUBSEQUENT EVENTS – (Continued):

The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which was signed into law on March 27, 2020, provides certain relief options for eligible participants. The Plan has adopted these provisions. Eligible Participants may now borrow up to the lesser of \$100,000 or 100% of the vested value of their account balance, and they can suspend loan repayments for a new or existing loan through December 31, 2020 (or another deadline provided by the IRS). Eligible participants also have the ability to take a hardship withdrawal from the Plan in an amount equal to their vested account balance up to a maximum of \$100,000, which is exempt from the normal 10% early withdrawal penalty. Participants may elect to pay back a portion or the entire amount of the hardship withdrawal over a period of up to three years.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa (“Company”) Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are not members of a collective bargaining unit. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Members of the collective bargaining units are covered under the Metalsa - UAW Retirement and Savings Plan.

Contributions

Employee Contributions: Plan participants can elect to contribute from 1% up to 100% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Participants may designate their contributions as a pre-tax deferral or as a Roth contribution. Contributions are based upon total compensation, which includes all W-2 compensation paid during the taxable year except for taxable group term life insurance, severance pay, attendance bonuses and various taxable expense allowances. Total compensation will also include any employee pretax contributions made under the Plan. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. Pre-tax deferral contributions and related earnings are not taxable to the participant until they are withdrawn from the Plan. Roth contributions and related earnings are not taxed upon distribution from the Plan.

Nondeductible Employee Contributions: The Plan also allows employees to contribute a portion of their compensation into the plan as nondeductible employee contribution. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until a distribution is taken from the Plan.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

Employer Contributions: The Plan allows for two types of employer contributions. The Company will make a safe harbor match which is limited to 100% of the employee’s deferral/nondeductible employee contributions up to 3% of compensation. The Company also matches 50% of the employee’s deferral/nondeductible employee contribution from 3% - 5% of compensation. Additional amounts can be contributed at the option of the Company.

The Company may also make annual discretionary matching and/or profit sharing contributions in an amount to be determined at Plan year end by the Company’s Board of Directors. These discretionary contributions will be allocated following the end of the Plan year to all participants eligible to share therein.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of credited service and becomes 100% vested after three years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated, the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue employment and participation in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits. Participants automatically become 100% vested in their account balance upon their death.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance.

Forfeited Accounts

Nonvested benefits of participants who cease to be employees are forfeited and used to reduce employer's contributions or used to pay plan expenses. During the current year no account balances were forfeited. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$224 and \$529, respectively. The employer used \$2,400 from the forfeiture account to pay plan expenses.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000 as of the loan origination date. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Participant Notes Receivable

The notes receivable to participants are valued at cost at borrowing less repayments received from participant, which approximated fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax returns of the Plan for 2019, 2018 and 2017 are subject to examination by the taxing authorities, generally for three years after they are filed.

Operating Expenses

Participant loan origination and annual loan maintenance fees are paid by the participant acquiring the loan. Other plan expenses are paid first from available forfeiture balances. Any remaining expenses are paid by the Company.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued):

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied retrospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. This amendment is effective for annual periods beginning after December 15, 2019 for nonpublic entities. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU amends ASC 820, *Fair Value Measurement*, to add, remove and modify certain disclosure requirements for fair value measurements. ASU 2018-13 is effective for annual periods beginning after December 15, 2019. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

METALSA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

4. FAIR VALUE MEASUREMENTS - (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of registered investment companies (mutual funds) are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

Common/Collective Trust – The common/collective trust is valued at the NAV of the units held by the Plan. The NAV is based upon the value of the underlying investments which are traded on an active market.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019		
	Total	Level 1	Level 2

9. RELATED PARTY TRANSACTIONS:

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Participant notes receivable administration fees paid by the Plan amounted to \$6,385 for the year ended December 31, 2019. All other plan expenses are paid by the Plan Sponsor.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SELF CORRECTION PROGRAM:

The Plan Sponsor intends to enter the Self Correction Program (SCP) to correct insignificant plan operational failures as allowed by the Internal Revenue Service. The Plan Sponsor has consulted with outside advisors and is in the process of evaluating corrective actions.

12. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 31, 2020, the date the financial statements were available to be issued.

The Company sold its Tuscaloosa operations on March 2, 2020. As a result, employment of 206 employees transferred from the Company to the new owner effective March 2, 2020. Affected participants had the same distribution options available to any other terminated employee. Affected participants also had the ability to rollover their loan balance to the plan offered by the new owner of the Tuscaloosa location.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused economic uncertainty and volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic cannot be reasonably estimated at this time.

12. SUBSEQUENT EVENTS – (Continued):

The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which was signed into law on March 27, 2020, provides certain relief options for eligible participants. The Plan has adopted these provisions. Eligible Participants may now borrow up to the lesser of \$100,000 or 100% of the vested value of their account balance, and they can suspend loan repayments for a new or existing loan through December 31, 2020 (or another deadline provided by the IRS). Eligible participants also have the ability to take a hardship withdrawal from the Plan in an amount equal to their vested account balance up to a maximum of \$100,000, which is exempt from the normal 10% early withdrawal penalty. Participants may elect to pay back a portion or the entire amount of the hardship withdrawal over a period of up to three years.
