Report on the Financial Statements

We were engaged to audit the accompanying financial statements of UBG 401(k) Plan - APC (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified to by Alerus Financial, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 3 to the financial statements, the Plan has restated the fair value measurement disclosure to correct an error in the classification of an investment from a mutual fund valued at readily determinable fair value to a common collective fund valued at net asset value as a practical expedient. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplementary Information

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Note 1 - Description of Plan

The following brief description of the UBG 401(k) Plan - APC (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Ag Producers Cooperative (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 21 years of age. The Plan excludes collective bargaining (union) employees, seasonal employees, part time employees working less than 1,000 hours, leased employees, or reclassified employees.

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 80% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Amounts may be contributed by the Company at the discretion of the board of directors. No such discretionary contributions were made for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as an allocation of the Company's discretionary contributions and Plan earnings (losses). Participant accounts are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited services as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Employees that were participants in The Co-op 401(k) Plan (sponsored by Dalhart Consumers Fuel Association), as of March 31, 2017 and had two years of vesting service as of that date will be 20% vested until three years of vesting service have been completed. Employees that were participants in the Restated Thrift/Profit Sharing Plan for Cooperatives as of March 31, 2017 are 100% vested.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$730 and \$715, respectively. Forfeitures are used to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate, plus 1%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note may be 15 years. A participant may have multiple outstanding notes at any one time but is allowed only one loan per 12-month period unless a previous loan obtained in the past year has been paid in full. In addition, a participant who has an outstanding plan loan that is in default or that had at any time been treated as a deemed distribution may not receive another loan.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or installments as defined in the Plan Document upon retirement, termination of service, death or disability. A terminated employee with a balance between \$1,000 and \$5,000 may be automatically paid out by the Plan upon termination if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan Document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are reclassified as distributions when the participant incurs a distributable event. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective fund (1): Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

Common collective fund (2): Valued at fair value based on the NAV of units held of the collective fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the fund, less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	\$ 2,388,499	\$ -	\$ -	\$ 2,388,499
Common collective fund (1)	-	345,679	-	345,679
Total investments in the fair value hierarchy	<u>\$ 2,388,499</u>	<u>\$ 345,679</u>	<u>\$ -</u>	2,734,178
Investments at net asset value (a)(2)				121,559
Total investments at fair value				<u>\$ 2,855,737</u>
	2018 (Restated)			Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	\$ 1,750,067	\$ -	\$ -	\$ 1,750,067
Common collective fund (1)	-	307,898	-	307,898
Total investments in the fair value hierarchy	<u>\$ 1,750,067</u>	<u>\$ 307,898</u>	<u>\$ -</u>	2,057,965
Investments at net asset value (a)(2)				84,330
Total investments at fair value				<u>\$ 2,142,295</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2019 and 2018:

	Fair Value December 31, 2019	Fair Value December 31, 2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective fund					
Stock index fund	\$ 121,559	\$ 84,330	\$ -	Daily	Daily

The fair value measurement disclosure has been restated as of December 31, 2018 to correct an error in the classification of a common collective fund, valued at NAV as a practical expedient, that was previously classified as a mutual fund.

Transfers Between Levels

For the years ended December 31, 2019 and 2018, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

Note 4 - Information Certified by Alerus Financial, N.A.

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Alerus Financial, N.A., the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule H, Line 4i-Schedule of Assets Held at End of Year.

The trustee has certified its statement of accounts as of December 31, 2019 and 2018 and for the year ended December 31, 2019. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a volume submitter plan document sponsored by Alerus Financial, N.A., which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under the ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Subsequent Events

Subsequent to year-end, the United States and global markets experienced significant volatility resulting from uncertainty caused by the world-wide coronavirus pandemic. The plan sponsor is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of this volatility. The plan's financial statements do not include adjustments to fair value that have resulted from the volatility.

Effective January 1, 2020, there has been an amendment to the hardship distribution provisions. Hardship distributions made on or after the effective date will not trigger a suspension of elective deferrals. Beginning on the effective date, elective deferrals will not be suspended on account of a hardship distribution, regardless of the date of distribution. The amendment also states that QMACs and QNECs are not available for hardship distributions.

The Plan sponsor has evaluated subsequent events through August 20, 2020, the date which the financial statements were available to be issued.

Note 9 - Excess Contributions Payable

Amounts payable to participants for contributions in excess amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was \$7,011 and \$0 for the years ended December 31, 2019 and 2018, respectively.
