HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Harvey Industries, Inc. 401(k) Plan (the "Plan") is presented for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution pension plan covering substantially all employees of Harvey Industries, Inc. (the "Company") and consisting of voluntary participant contributions and discretionary employer profit sharing contributions. Employees of the Company who have completed one month of service and have attained age 18 are eligible to make deferral contributions and receive company safe harbor matching contributions. Temporary employees, seasonal workers, and interns who have attained age 18 and completed a 12-month period of employment with the Company where they are credited with at least 1,000 hours of service are eligible to participate in the plan. All employees who have attained age 18 and have completed one year (at least 1,000 hours) of service and are employed on the last day of the plan year are eligible to receive an allocation of any discretionary profit sharing contributions made by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer up to 100% of their compensation, as defined by the Plan, on a pre-tax or after-tax ("Roth") basis subject to IRS limitations. Each newly hired employee shall be automatically enrolled in the Plan at a pre-tax contribution rate of 3% of compensation after meeting eligibility requirements. The participant may elect to cease or change the amount of these contributions at any time. The Plan provides for automatic increases of 1% each year up to a maximum of 10% for employees who do not opt out of auto increase and are currently deferring below 10%. The participant may elect to cease or change the amount of these contributions at any time. Participants who are at least age 50 may also make additional catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

The Company shall make safe harbor matching contributions to participants who have completed at least one month of service and attained age 18, equal to 100% of the first 3% of elective deferrals and 50% of the next 2% of elective deferrals, for a maximum matching contribution of 4% of a participant's eligible compensation. The Company may also make discretionary profit sharing contributions to the Plan. Additional discretionary profit sharing contributions are allocated based on the ratio of each eligible employee's compensation to total eligible employees' compensation. There were no additional discretionary profit sharing contributions for the year ended December 31, 2019.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which relates to their contributions, safe harbor contributions, and the income earned thereon. Participants become 100% vested in company contributions, other than safe harbor contributions, upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in company contributions, other than safe harbor contributions, and earnings thereon vests as follows:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of profit sharing contributions are allocated to participants based on the same formula used to determine the allocation of profit sharing contributions to participants. They may also be used to pay administrative expenses or to reduce employer contributions. For the year ended December 31, 2019, \$1,319 of forfeitures were used to pay administrative expenses and \$51,955 were used to reduce employer contributions. Total unapplied forfeitures were \$56,326 and \$60,411 at December 31, 2019 and 2018, respectively.

Unallocated Account

The Plan holds assets in an unallocated account which receives contributions as a result of a revenue sharing agreement with Great-West Life & Annuity Insurance Company, and Great-West Trust Company, LLC. During 2019, contributions to the account totaled \$181,335, which is included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Funds in the account may be used to pay plan expenses. During 2019, \$155,260 was used to pay plan expenses. Unallocated assets were \$51,542 and \$24,001 at December 31, 2019 and 2018, respectively.

NOTES TO THE FINANCIAL STATEMENTS

Notes Receivable from Participants

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may take a loan from their account for any reason and may have no more than two loans outstanding at any one time.

Principal and interest is generally paid ratably through payroll deductions each pay period. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums, partial withdrawals or periodic installment payments.

A participant may also request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Benefits

Benefit payments to participants are recorded when paid.

Expenses

Substantially all of the Plan's expenses are paid by the Company except for participant initiated transaction fees and expenses paid with plan forfeitures and from the unallocated account, as provided by the Plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology that are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Description:	2019

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

- (1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There are no unfunded commitments for the common collective trusts held by the Plan. The FIAM Small Capitalization Core account requires a 30 days' notice to redeem, and the Wells Stable Return Fund requires a 12 month notice to redeem.

D. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodians are considered party-in-interest transactions.

E. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has not been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The custodians have certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2019 and 2018, the plan investment earnings and other investment related transactions of the Plan for the year ended December 31, 2019, and the supplemental information contained in the Schedule of Assets (Held at Year End).

HARVEY INDUSTRIES, INC. 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 4, 2020, the date these financial statements were available for issuance.

The 2019 novel coronavirus (or "COVID-19") has affected, and may continue affect, the values of investments held by the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments cannot be predicted at this time.

On May 1, 2020, the distribution portion of the Company was acquired by Lansing Building Products. Acquired participants were terminated by the Company and became employees of Lansing Building Products. These employees have the option to take a distribution from the plan as a terminated employee or, if applicable, they may rollover their outstanding loan balances to the Lansing Building Products benefit plan. This transaction resulted in a partial plan termination. In accordance with IRC provisions, all participants affected by the acquisition were fully vested in their accounts.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Additional optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
