To the Plan Administrator and Participants
TCW LLC Profit Sharing and Savings Plan

Report on Financial Statements

We were engaged to audit the accompanying financial statements of TCW LLC Profit Sharing and Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters – Report on Supplemental Schedule

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the TCW LLC Profit Sharing and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of TCW LLC (the "Company" or the "Plan Sponsor"). The Plan is designed to provide retirement benefits funded by participants' tax-deferred and after-tax contributions and Company contributions on behalf of the participating employees. The Plan administrative committee, as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Charles Schwab Bank serves as the custodian of the Plan. Schwab Retirement Plan Services, Inc. serves as the recordkeeper of the Plan.

Eligibility – Employees of the Company are eligible to participate in the Plan immediately upon hire. Participants must complete at least 1,000 hours of service during the plan year, and be employed as of the first and last day of the plan year, to be eligible to receive Company profit sharing contributions. Effective January 1, 2019, the Plan's employer discretionary matching contribution policy was amended to be calculated and contributed on a pay period basis instead of annually. As part of the amendment, the employer discretionary matching contribution eligibility requirement of 1,000 hours of service during the plan year and employed as of the last day of the plan year, prior to January 1, 2019, was eliminated.

Contributions – Each year, participants may contribute on a pre-tax basis the lesser of (a) 75% of their annual wages, as defined in the Plan, or (b) $19,000 in 2019. Participants may make voluntary after-tax contributions of up to 75% of their aggregate compensation in 2019. If a participant is age 50 or older, the participant is eligible to make an additional catch-up contribution of $6,000 in 2019. Excess contributions, if any, are distributed back to participants after year end. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. The Plan has an automatic enrollment feature for eligible participants, as defined by the Plan. Eligible participants shall have 6% of compensation automatically withheld unless the participant elects to withhold a different amount or opt out of participation. Effective March 1, 2019, the Plan was amended to implement an automatic 1% annual increase of combined pre-tax and Roth deferral percentage until such combined deferral equals 10%.

The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches 50% of the first 6% of total compensation that a participant contributes to the Plan. The Company, at the option of its Board of Directors, may also make a discretionary profit sharing contribution to the Plan. In 2019, the Company made discretionary profit sharing contributions to eligible participants equal to 3% of eligible compensation. Contributions are subject to certain Internal Revenue Code (IRC) limitations. For the year ended December 31, 2019, the employer discretionary matching contributions amounted to $2,988,180, including a calculated true up contribution in the amount of $405,070, net of forfeitures in the amount of $75,712, that was contributed in 2020. For the year ended December 31, 2019, the employer profit sharing contributions amounted to $1,536,023, net of forfeitures in the amount of $22,284, that was contributed in 2020.

Note 1 – Description of the Plan (continued)

Investment options – Participants direct the investment of their contributions into any of the several available investment options of mutual funds, a common collective trust, and self-directed accounts (in increments of no less than 1%).

One participant currently invests in a universal life policy issued by a life insurance company on the participant's life. This investment option is no longer offered to current participants.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and a pro rata allocation of fund gains or losses and certain administrative expenses. In addition, each participant who meets certain requirements as defined in the Plan Agreement, as amended, will be credited with an allocation of the Company's discretionary profit sharing and matching contributions. Profit sharing allocations are based on participant earnings and generally will be made to those participants who have gross earnings of less than $300,000. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – A participant may, subject to prior approval of the Plan's administrative committee, borrow from his or her account an amount not to exceed the lesser of 50% of the total vested balance of his or her account or $50,000, subject to certain limits as defined in the Plan Agreement. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Certain loans transferred into the Plan through acquisitions have longer repayment terms of 30 years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the Plan Sponsor. Principal and interest are paid ratably through semi-monthly payroll deductions. At December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 9.25%, with various maturities through April 2040.

Vesting – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Effective January 1, 2019, the Plan was amended to adopt a three-year cliff vesting for the employer discretionary matching contributions, similar to the employer discretionary profit sharing contributions. Employer discretionary matching contributions made prior to January 1, 2019, are immediately vested. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service. All employees will be vested on their third year of credited service, based on the three-year cliff vesting, as provided for by the Plan Agreement.

Forfeited accounts – Forfeitures are the non-vested portion of a participant's accounts that is lost upon termination of employment. Forfeitures are retained in the Plan and used to reduce current and future Company profit sharing contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $99,136 and $19,983, respectively. During the plan year ended December 31, 2019, forfeitures in the amount of $19,983 were used to reduce employer discretionary profit sharing contributions related to the plan year 2018.

Note 1 – Description of the Plan (continued)

Payment of benefits – Participants' accounts under the Plan are payable upon retirement, permanent disability, death, or termination of employment. A participant who is still an employee may request an in-service distribution on or after the date the participant reaches age 59½. Distributions from the Plan are paid in a single lump-sum amount equal to the value of the participant's vested interest in his/her account. The Plan adopted a mandatory distribution rule that requires a terminated participant's vested balance to be paid out if it is less than $1,000. The Plan allows installment and partial payments for termination distributions and limits in-service distributions to one per quarter.

Administrative expenses – Administrative expenses of the Plan related to the Plan's recordkeeper, custodian, and auditors are paid by the Plan as provided in the Plan Document. Charles Schwab Bank may earn compensation from the mutual fund investments in the Plan for services rendered to the funds. Such compensation results in a reduction of the administrative expenses of the Plan not to exceed the amount of the administrative expenses incurred during an applicable plan year. All other overhead expenses related to the administration of the Plan are paid by the Company.

Note 2 – Summary of Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's custodian, Charles Schwab Bank, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 2 – Summary of Accounting Policies (continued)

Risks and uncertainties – The Plan utilizes various investment instruments, including mutual funds, money market fund, and an insurance contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, employees become 100% vested in their accounts.

Note 4 – Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 4, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Company and plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Information Certified by the Custodian

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of:

- Participant-directed investments, except for the insurance contract (cash surrender value), and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividends, interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments reflected on the schedule of assets (held at end of year), except for the insurance contract (cash surrender value).

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2019 and 2018.

Note 6 – Fair Value Measurements (continued)

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance contract (cash surrender value) – Insurance contract (cash surrender value) is based on cash surrender value based on observable market information from the insurance brokers and is categorized as Level 2 of the fair value hierarchy.

Self-directed accounts – Accounts primarily consist of mutual funds, common stocks, cash equivalents, and unit investment trusts that are valued on the basis of readily determinable market prices and categorized as Level 1 of the fair value hierarchy. Accounts also consist of governmental and corporate bonds that are valued using pricing models maximizing the use of observable inputs for similar securities, which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, government and corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. Bonds are categorized as Level 2 of the fair value hierarchy.

Collective trust – The Plan invests in the Galliard Capital Management Retirement Income Fund and Northern Trust S&P 500 Index Fund, which are collective trusts (CTs). Units held in the CTs are valued using the NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedients are based on the fair value of the underlying assets owned by the CTs, minus liabilities, and then divided by the number of units outstanding. There are no redemption restrictions or unfunded commitments as of December 31, 2019.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV (practical expedient)				51,017,303
Investments at fair value				$ 171,528,959

Note 7 – Exempt Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by TCW Investment Management Company, an affiliate of TCW; MetWest Asset Management, an affiliate of TCW; and Charles Schwab Bank. TCW is the Plan Sponsor and Charles Schwab Bank is the custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial services to Charles Schwab Bank amounted to $17,645 for the year ended December 31, 2019.

Note 8 – Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the “COVID-19 outbreak”). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. As a result, the Plan’s investment portfolio has incurred significant fluctuations in fair value since December 31, 2019. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In response to the COVID-19 outbreak, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was signed into law on March 27, 2020. The CARES Act includes mandatory provisions including the delay of loan repayments of up to one year for participants who elect to do so and the waiving of minimum required distributions for 2020. It also includes optional provisions, which the Plan has elected to adopt, including allowing participants to take loans of up to $100,000 and 100% of their account balance from April through September 2020 and allowing participants to take a CARES Act distribution of up to $100,000 if they have experienced adverse financial impacts due to COVID-19.

Effective May 1, 2020, the Plan was amended to adopt financial hardship distributions as an allowable form of distributions from the Plan.

Subsequent events were evaluated through September 10, 2020, the date the financial statements were available to be issued.
