The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of the Sponsor who are full-time, at least 21 years of age and who have completed three months of service are eligible to contribute to the Plan but they are not eligible to receive the profit sharing feature until their second calendar year of employment and 1,000 hours of service.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution, an allocation of the Sponsor's profit sharing contribution, and Plan earnings. Each participant's account is reduced by withdrawals, losses on investments, forfeitures, and plan administrative expenses. Allocation of Plan earnings (losses) is based upon the relationship of a participant's account to the accounts of all participants in each investment fund. Allocation of the Sponsor's contribution is based upon the ratio each participant's compensation bears to the total compensation of all participants. The investment of each participant's trust fund is directed by the participant from the options available under the Plan.

Contributions

Each year, participants may make salary deferral contributions in a percentage from 1% to 100% or dollar amount of qualified pre-tax annual compensation, as defined by the Plan. For each calendar year that the Sponsor meets its profit goals, it will make a profit sharing contribution to the Plan. The total profit sharing contribution will be an amount determined and authorized annually by the Sponsor's board of directors. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

Note 1. Description of the Plan (continued)

Contributions (continued)

The Sponsor will also make a contribution to the Plan, known as a 401(k) matching contribution, on behalf of those participants who have made salary deferral contributions. The matching contribution will be an amount equal to the employee contribution up to a maximum of 3% of eligible employee compensation, subject to the maximum amount imposed by the Internal Revenue Service (the "IRS").

Payment of Benefits

Upon termination of service due to death, disability or early or normal retirement, a participant will automatically become 100% vested in his or her account balance. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account.

Participants' Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Sponsor. Participants may change their investment options at any time throughout the year.

Vesting

Participants are immediately vested in their voluntary contributions adjusted for actual earnings (losses) thereon. Participants become 20% vested after two years of service and continue to vest at the rate of 20% for each successive year of service until 100% vested in the Sponsor matching and profit sharing contributions made on their behalf.

Forfeitures

At December 31, 2019 and 2018, forfeited non vested accounts totaled $10,004 and $106,996, respectively. These amounts will be used first to reduce the Plan's administrative expenses. Any remaining forfeitures shall be utilized to reduce employer matching and discretionary contributions. For the year ended December 31, 2019, $156,342 of forfeited amounts reduced employer contributions as permitted by the plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at fixed rate commensurate with local prevailing rates as determined by the Trustee (at the time the loan is entered into), ranging from 3.25% - 5.50% for the year ended December 31, 2019. Principal and interest are paid ratably through weekly payroll deductions. Delinquent loans are treated as distributions based on terms of the Plan Agreement.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for a discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Loans Receivable from Participants

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Administrative Expenses

The expenses necessary to administer the Plan can be paid by the Plan and allocated proportionately to each participant. In addition, participants are charged service fees for any loan and distribution transactions they request. Investment consulting services paid to an affiliate of the trustee are included in administrative expenses. Other investment related expenses have been offset with net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Terminated Vested Accounts

At December 31, 2019 and 2018, there was $0 allocated to participant accounts that have required withdrawals from the Plan, but have not been paid.

Note 3. Investment Concentration (unaudited)

The following presents investments at December 31, 2019 and 2018 that represent 5% or more of the Plan's total investments:

	2019	2018
Morley Stable Value Fund	$ 4,710,539	$ 2,587,731
American Funds Balanced Fund	2,945,178	2,057,484
Franklin Rising Dividend Fund	1,703,235	2,422,674
Invesco Diversified Dividend Fund	2,007,128	1,815,729
Janus Triton Fund	1,369,758	1,305,251
iShares S & P 500 Index	1,304,271	1,500,566
Lazard International Strategic Equity Portfolio	3,636,982	3,263,688
Wells Fargo Special Mid Cap Value Fund	3,518,100	2,394,916
Pioneer Bond Fund	4,629,968	3,294,800

Note 4. Fair Value of Investments

The framework established by the Financial Accounting Standards Board (FASB) for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to observable inputs (Level 1 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value of Investments (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used at December 31, 2019 and 2018:

Mutual Funds: Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted price of the fund, which represents the published net asset value ("NAV") of the shares held by the fund at year-end.

Common Collective Trust ("CCT"): This investment is an investment vehicle using the calculated net asset value (NAV) as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$26,514,402	-	-	$ 26,514,402
Total assets in fair value hierarchy	$26,514,402	$ -	$ -	26,514,402
Common collective trusts measured at net asset value				4,710,539
Total investments at fair value				$ 31,224,941

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$22,244,758	-	-	$ 22,244,758
Total assets in fair value hierarchy	22,244,758	-	-	22,244,758
Common collective trusts measured at net asset value				2,587,731
Total investments at fair value				$ 24,832,489

Note 5. Fair Value of Investments in Certain Entities that Calculate Net Asset Value per Share

The following table sets forth the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2019 and 2018:

2019				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	$ 4,710,539	-	Daily	None

2018				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Morley Stable Value Fund	$ 2,587,731	-	Daily	None

This category includes a stable value collective fund whose objective is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumptions of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay Plan benefits and high credit quality. The fund seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts (collectively, "contracts") issued by life insurance companies, banks and other financial institutions.

Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets. For liquidity purposes, the fund may have all or a portion of its assets invested in high-quality money market instruments, investment companies and a collective investment trust that meet the investment objectives. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the NAV per share of the underlying investments.

Note 6. Information Certified by the Trustee

The Plan has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the trustee. Based on information provided and certified by the trustees, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2019 and 2018.

Note 6. Information Certified by the Trustee (continued)

The trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

As of December 31:	2019	2018
Investments, at fair value:		
Mutual funds	$ 26,514,402	$ 22,244,758
Common collective trust	4,710,539	2,587,731
	$ 31,224,941	$ 24,832,489
Cash	$ 252	$ 228
Notes receivable from participants	$ 899,488	$ 886,097

For the Year Ended December 31, 2019

Net appreciation in fair value of investments	$ 4,314,054
Dividend and interest income	1,093,807
Interest income on notes receivable from participants	40,653

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan obtained its latest advisory opinion letter on March 31, 2014 in which the IRS stated that the basic Plan document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the applicable provisions of the IRC to maintain its tax-qualified status. The Plan has been amended since receiving the opinion letter. However, the Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Note 8. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

Note 9. Parties-in-Interest

As of December 31, 2019 and 2018, there were transactions involving the investment of Plan assets in investment funds maintained by the trustee, which qualify as exempt party-in-interest transactions.

Administrative expenses paid to the trustee and its affiliates amounted to $49,007 for the plan year ended December 31, 2019. Investment fee rebates received by the plan from affiliates of the trustee amounted to $73,837 for the plan year ended December 31, 2019. These transactions qualify as exempt party-in-interest transactions.

For the plan year ended December 31, 2019 plan auditor fees of $12,000 were paid by the plan which qualify as exempt party-in-interest transactions.

In addition, certain participants borrowed from the Plan. As of December 31, 2019 and 2018, the outstanding notes of the Plan participants were $899,488 and $886,097, respectively. Participants are a party-in-interest to the Plan and these loans and the related interest income were exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could significantly affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. The Plan is exposed to credit loss in the event of non-performance by the companies with who guaranteed investment contracts are placed. However, the Sponsor does not anticipate non-performance by these companies and believes that the risk to Plan assets from credit loss is not material due to the diversified nature of the assets held.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per financial statements	$ 32,425,850	$ 26,019,261
Less: Participant loans receivable deemed defaulted	(32,437)	-
Net assets available for benefits per Form 5500	$ 32,393,413	$ 26,019,261

The following is a reconciliation of net increase in net assets available for plan benefits prior to transfer per the financial statements for the plan years ended December 31, 2019 Form 5500:

	2019
Net increase in net assets available for plan benefits prior to transfer per financial statements	$ 6,406,589
Add (Less): Deemed distributions of certain participant	(32,437)
Net increase in net assets available for plan benefits prior to transfer per Form 5500	$ 6,374,152

Note 12. Subsequent Events

Plan management has evaluated subsequent events through August 17, 2020 which is the date these financial statements were available to be issued.

In March 2020, the World Health Organization declared COVID-19 a pandemic. As a result of the spread of the COVID-19 virus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets which may continue to affect the fair value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has implemented in plan year 2020 certain requirements by the Coronavirus Aid, Relief and Economic Security ("CARES") Act, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act and the Bipartisan Budget Act of 2018 which laws change the Plan to, among other things, suspend required minimum distributions, delay the commencement date for required minimum distributions and eliminates the suspension provision after a hardship withdrawal is made. Certain optional features within these acts have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
