Note 1 – Description of the Plan

The following description of RHA 401(k) Profit Sharing Plan (the "Plan") provides only general information of the major Plan provisions. Participants should refer to the Plan document for more comprehensive information.

General – The Plan was established by Ruffolo, Hooper & Associates, M.D., P.A. ("RHA") as a defined contribution plan effective October 1, 1977. The Plan was amended and restated effective January 1, 2015, to comply with Internal Revenue Service ("IRS") regulations for periodic plan restatements. The Plan is a single-employer plan and permits the employees of RHA, Reliance Pathology Partner LLC, and Physicians Independent Management Services Inc. (collectively the "Plan Sponsor") to participate in the Plan. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees of the Plan Sponsor are eligible for to participate in the plan immediately when they are hired and are age 21 or older and may enter the Plan immediately following the date eligibility requirements are met. Once employees have completed one year of service, they are eligible for employer matching and profit sharing contributions. The Plan permits for entry dates on the first day of January and July once the requirements have been met for employer matching and profit sharing contributions. Employees must be credited with 1,000 hours of service and be employed on the last day of the Plan year to receive employer matching and profit sharing contributions.

Contributions – Contributions to provide benefits under the Plan are made by participants and the Plan Sponsor. Participants may contribute up to 75% of their eligible compensation up to the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 are eligible to make catch-up contributions, subject to certain limitations. In addition, the Plan accepts rollovers from other tax-qualified plans. The Plan Sponsor may contribute matching and qualified nonelective profit sharing contributions. Matching contributions may not exceed 6% of participants' eligible compensation. For 2019, the Plan Sponsor matched 50% of participants' contributions up to the maximum allowed. As of December 31, 2019 and 2018, the Plan had balances of approximately $470,000 and $686,000, respectively, of employer contributions that were unallocated to participant accounts.

Participant accounts – Each participant's account is credited and/or reduced with the participant's contributions and withdrawals, employer matching and profit-sharing contributions, and allocations of the Plan earnings and losses. Allocations are based on participant earnings, participant elective contributions, or account balances, as defined. The benefit to which a participant is entitled is the vested balance in the participant's account.

Termination – Although it has not expressed an intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 1 – Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions and rollovers, plus or minus any earnings or losses thereon. Vesting in the employer matching and profit sharing contributions plus or minus any earnings or losses thereon is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits – Distribution of a participant's vested account balance to the participant or his or her beneficiary may commence upon the earlier of retirement, death, disability, or separation from service. Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in a single lump-sum payment, installment payments, or direct rollover. Distributions are subject to the applicable provisions of the Plan document.

The Plan allows participants to withdraw amounts from their account balances while actively employed. A participant experiencing financial hardship, as defined in the Plan document, may, with sufficient evidence, withdraw a portion of their account attributable to employee contributions. The amount of the withdrawal may not be greater than the immediate financial need. These hardship withdrawals are subject to IRC restrictions and penalties. The Plan also allows for actively employed participants to withdraw from all vested account balances once the age of fifty-nine and a half has been reached.

Forfeitures – Any nonvested portion of employer matching and profit sharing contributions credited to the accounts of participants who withdraw from the Plan are forfeited and used for either payment of eligible administrative expenses or to reduce employer matching contributions. The Plan had forfeiture balances as of December 31, 2019 and 2018, of approximately $34,000 and $16,000, respectably. No forfeitures were used to pay administrative expenses or reduce employer contributions during the year ended December 31, 2019.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investments, investment valuation, and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Collective trust fund – This investment is an investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is excluded from the valuation hierarchy consistent with accounting principles generally accepted in the United States.

Self-directed brokerage accounts – Investments in self-directed brokerage accounts are comprised of mutual funds. Mutual funds are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Life insurance policies – Life insurance policies are based on unobservable inputs and are classified within Level 3 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Benefits paid to participants – Benefits are recorded when processed and paid by the Plan.

Administrative expenses – Administrative expenses paid by the Plan are recorded when incurred. Additionally, the Plan pays administrative expenses through an offset arrangement whereby expenses are netted against income. The Plan Sponsor absorbs a significant amount of the cost of plan administration.

Note 3 – Information Provided and Certified by the Trustee (unaudited)

The following is a summary of the Plan's financial information and data certified by Vanguard Fiduciary Trust Company (the "Trustee") as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA:

(**) The collective trust fund consists of the Vanguard Stable Value Fund, which may be redeemed daily with a one day notice period and has no unfunded commitments.

Note 4 – Investments, at Fair Value (continued)

The following is a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

Balance, beginning of year	$	283,457
Purchases		12,722
Increase in cash surrender value		1,898
Balance, end of year	$	298,077

Note 5 – Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid during the year for services rendered by parties-in-interest were based on customary rates for such services, While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transactions rules (ERISA, Tittle 1, and Section 401(b)).

Note 6 – Income Tax Status

The Plan is a volume submitter profit sharing plan ("Profit Sharing Plan") sponsored by Hill Ward Henderson, PA ("HWH"). HWH obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the Profit Sharing Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, as the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Risks and Uncertainties

The Plan invests in various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 8 – Subsequent Events

Plan management has evaluated subsequent events through August 31, 2020, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 8 – Subsequent Events (continued)

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The responses by federal, state, and local governments have included stay-at-home orders, school closures, and restrictions on public gatherings, travel, and non-essential businesses and services that have adversely affected workforces, economies, and financial markets resulting in significant economic downturn and volatility in investment markets. The heightened market risk and volatility associated with COVID-19 could materially affect participants' account balances and the amounts reported in accompanying financial statements. Because of the uncertainty of the markets, Plan management is unable to estimate the impact the pandemic will have.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES") was passed by Congress. CARES provides for special distribution options and rollover rules and expands permissible loans from certain retirement plans.
