NOTE A – PLAN DESCRIPTION

The following description of the Roka Akor Chicago LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) and profit sharing plan sponsored by Roka Akor Chicago, LLC with a plan year end of December 31st. The original Plan became effective January 1, 2019. Participating employers of the Plan are Roka Akor San Francisco, LLC, Roka Akor Old Orchard, LLC, Bombay Spice Grill & Wine Two, Roka Restaurants, LLC, Grab Restaurant, Inc., Roka Akor River Oaks, LLC, Roka Akor Oakbrook, LLC, and Roka Akor Chicago, LLC, hereto collectively referred to as the "Company" and "Employer." The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

ELIGIBILITY
The Plan covers substantially all employees of the Company who are age 21 or older and have completed one year of continuous service. In general, covered employees may enter the Plan the first day of each month after satisfying the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute a percentage of their eligible compensation to the Plan in pre-tax or Roth contributions up to the maximum of 92 percent, or that allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan incorporates a discretionary employer profit sharing contribution. For 2019, no discretionary Employer contributions were made to the Plan. Contributions are subject to Internal Revenue Service ("IRS") limitations.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Vesting in the Company's discretionary profit sharing contribution portion of their account is based on years of service, as noted in the following schedule:

Years of Service	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – PLAN DESCRIPTION – CONT.

FORFEITED ACCOUNTS
At December 31, 2019, there were no forfeited non-vested accounts. Any forfeiture amounts can be used to pay Plan expenses or to reduce future employer contributions. No forfeiture amounts were utilized during 2019.

PAYMENT OF BENEFITS
Distributions of benefits are defined in the Plan document. Generally, upon termination of employment, death, disability, or normal retirement, a participant (or designated beneficiary) may elect to receive 100% of his or her vested account balance in either a lump sum cash payment or a direct rollover to another qualified plan, or partial payouts. Participants who have attained age 59 1/2 may also withdraw all or a portion of their vested account balances. Minimum distributions are required once the participant reaches age 70 1/2.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds of at least $1,000 up to a maximum equal to the lesser of 95 percent of 50 percent of their vested account balance, reduced by any Roth elective deferrals, or $50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1 percent. The term of the loan cannot exceed four and one-half years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed 30 years. Principal and interest is paid ratably through weekly payroll deductions. A participant may have two loans outstanding at a time. There were no outstanding loans as of December 31, 2019.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from these estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019, as there were no outstanding loans in 2019.

PAYMENT OF BENEFITS
Benefit payments to participants and their beneficiaries are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – CONT.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of the investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through September 2, 2020, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after September 2, 2020.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, Mid Atlantic Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.
b. Net Investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels in 2019.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

> ***Mutual Fund Shares:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS – CONT.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 30,422	$ -	$ -	$ 30,422

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic Trust Company is the custodian of the Plan assets, Paychex provides third party administrative and recordkeeping services. Therefore, these transactions qualify as party-in interest transactions.

Audit fees and certain other administrative expenses are rendered by parties in interest and are paid by the Company. The Company also provides certain administrative services for the Plan for which it receives no compensation.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – TAX STATUS

The Plan, which is a prototype plan sponsored by Paychex, has received a favored opinion letter dated April 10, 2014, in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In 2019, the Plan did not have adequate ERISA bond coverage. The Plan administrator acquired adequate bond coverage prior to the date of the auditor's report.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions, if any.

NOTE A – PLAN DESCRIPTION

The following description of the Roka Akor Chicago LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) and profit sharing plan sponsored by Roka Akor Chicago, LLC with a plan year end of December 31st. The original Plan became effective January 1, 2019. Participating employers of the Plan are Roka Akor San Francisco, LLC, Roka Akor Old Orchard, LLC, Bombay Spice Grill & Wine Two, Roka Restaurants, LLC, Grab Restaurant, Inc., Roka Akor River Oaks, LLC, Roka Akor Oakbrook, LLC, and Roka Akor Chicago, LLC, hereto collectively referred to as the "Company" and "Employer." The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

ELIGIBILITY
The Plan covers substantially all employees of the Company who are age 21 or older and have completed one year of continuous service. In general, covered employees may enter the Plan the first day of each month after satisfying the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute a percentage of their eligible compensation to the Plan in pre-tax or Roth contributions up to the maximum of 92 percent, or that allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan incorporates a discretionary employer profit sharing contribution. For 2019, no discretionary Employer contributions were made to the Plan. Contributions are subject to Internal Revenue Service ("IRS") limitations.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Vesting in the Company's discretionary profit sharing contribution portion of their account is based on years of service, as noted in the following schedule:

Years of Service	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – PLAN DESCRIPTION – CONT.

FORFEITED ACCOUNTS
At December 31, 2019, there were no forfeited non-vested accounts. Any forfeiture amounts can be used to pay Plan expenses or to reduce future employer contributions. No forfeiture amounts were utilized during 2019.

PAYMENT OF BENEFITS
Distributions of benefits are defined in the Plan document. Generally, upon termination of employment, death, disability, or normal retirement, a participant (or designated beneficiary) may elect to receive 100% of his or her vested account balance in either a lump sum cash payment or a direct rollover to another qualified plan, or partial payouts. Participants who have attained age 59 1/2 may also withdraw all or a portion of their vested account balances. Minimum distributions are required once the participant reaches age 70 1/2.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds of at least $1,000 up to a maximum equal to the lesser of 95 percent of 50 percent of their vested account balance, reduced by any Roth elective deferrals, or $50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1 percent. The term of the loan cannot exceed four and one-half years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed 30 years. Principal and interest is paid ratably through weekly payroll deductions. A participant may have two loans outstanding at a time. There were no outstanding loans as of December 31, 2019.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from these estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2019, as there were no outstanding loans in 2019.

PAYMENT OF BENEFITS
Benefit payments to participants and their beneficiaries are recorded when paid.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – CONT.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of the investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through September 2, 2020, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after September 2, 2020.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, Mid Atlantic Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.
b. Net Investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels in 2019.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

> ***Mutual Fund Shares:*** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS – CONT.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 30,422	$ -	$ -	$ 30,422

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic Trust Company is the custodian of the Plan assets, Paychex provides third party administrative and recordkeeping services. Therefore, these transactions qualify as party-in interest transactions.

Audit fees and certain other administrative expenses are rendered by parties in interest and are paid by the Company. The Company also provides certain administrative services for the Plan for which it receives no compensation.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – TAX STATUS

The Plan, which is a prototype plan sponsored by Paychex, has received a favored opinion letter dated April 10, 2014, in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In 2019, the Plan did not have adequate ERISA bond coverage. The Plan administrator acquired adequate bond coverage prior to the date of the auditor's report.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions, if any.
