Report of Independent Auditor

To the Plan Administrator
Seaway Hotels 401(k) Plan
Coral Gables, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Seaway Hotels 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared COVID-19 a global pandemic. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared COVID-19 a global pandemic. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes to the financial statements are an integral part of these statements.

Note 1—Plan description

General – The Seaway Hotels 401(k) Plan (the "Plan") was established by The Biltmore Hotel, L.P. (the "Sponsor") as a defined-contribution plan on October 23, 1993, and was amended and restated on January 1, 2016, to comply with the periodic plan restatement requirements of the Internal Revenue Service ("IRS"). The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The following is a summary of major Plan provisions. Participants should refer to the Plan document for more complete information.

Participation – Employees and officers of the Sponsor and its affiliates (Newark Refrigerated Warehouse, Inc.; and Sand Key Associates LP) (collectively the "Company" or "Employer"), who have attained the age of 21 and completed three months of service, are eligible to participate in the Plan. The Plan provides for entry dates on the first day of the month following the satisfaction of the entry requirements.

Contributions – Participants may contribute up to 100% of their total annual compensation, not to exceed certain dollar limitations established by the Internal Revenue Code ("IRC"). Participants, who have attained the age of 50, are eligible to make pre-tax, catch-up contributions subject to certain limitations. Employer and participant contributions are invested at the direction of the participant in various pooled separate accounts or a guaranteed interest account. The Employer can make a discretionary matching contribution based on the employee elective contributions and compensation. The Employer elected to match 25% of the first 6% of employee elective contributions for the year ended December 31, 2019. Additionally, the Employer may, at its discretion, make profit sharing contributions. The Employer elected not to make profit sharing contributions for the year ended December 31, 2019.

Participant Accounts – Each participant account is credited with the participant's contributions. Plan earnings or losses are allocated based on the participant's elected investments. Employer discretionary matching and profit sharing contributions are allocated based on the relative participant salary reduction contributions and relative participant account balances, respectively. Participant accounts are reduced by benefit payments and an allocation of administrative expenses.

Forfeitures – Forfeitures may be used to pay administrative expenses or to reduce Employer matching contributions. There were no forfeitures available as of December 31, 2019 and 2018. Forfeitures of approximately $11,000 were used to reduce administrative expenses and employer discretionary matching contributions during the year ended December 31, 2019.

Vesting – If a participant leaves the Company for reasons other than normal retirement, total permanent disability, or death, the participant will be eligible to receive the vested percentage of the balance credited to the participant's account. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2 years of service	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Note 1—Plan description (continued)

Upon employee normal retirement, death, or disability, Employer matching and profit sharing contributions become 100% vested.

Notes Receivable from Participants – The Plan administrator may authorize participant notes from the borrowing participant's accounts. The Plan administrator has complete discretion in the matter of notes, although the Plan administrator must act in accordance with a uniform nondiscriminatory policy. The amount of the note may not exceed the lesser of (1) 50% of the vested interest in the participant's account or (2) $50,000. The $50,000 limit is subject to reduction by the amount of certain previously outstanding notes. Any note funded from the Plan must be adequately secured, must provide for a reasonable interest rate, and must be repaid within an agreed-upon period of time (generally within five years unless the note proceeds are used to purchase a principal residence for which the time period is not to exceed 30 years). Notes receivable outstanding at December 31, 2019 and 2018 bear interest at a rate of 6% per year.

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits due to terminated participants are paid in a lump-sum. In the event of any participant's total and permanent disability or death, the participant or his/her estate may elect to receive a lump-sum amount equal to the value of the participant's vested account. The Plan provides for an involuntary distribution of all terminated participant accounts with vested accrued benefits of $5,000 or less excluding any portion of the account balance that is attributable to rollover contributions (and earnings or losses allocable thereto).

Note 2—Significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investments, Investment Valuation, and Income Recognition – Investment contracts are reported at fair value, with the exception of fully benefit-responsive investment contracts ("FBRICs") which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has an investment in a guaranteed interest contract with American United Life Insurance Company (the "Trustee" or "AUL") at December 31, 2019 and 2018, which is fully benefit-responsive (see Note 5).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 2—Significant accounting policies (continued)

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value:

Pooled Separate Accounts – These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The funds are traded on secondary markets which are not active; however, the underlying investments are traded on active markets and NAV of these funds are published by the administrator of the fund and have readily determinable fair values. As such, these investments are classified within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants – Benefits are recorded when processed and paid by the Plan.

Administrative Expenses – The Company pays the Plan's administrative expenses and professional fees, while the Plan pays the investment advisory expenses. Total expenses paid by the Company on the Plan's behalf were approximately $11,000 for the year ended December 31, 2019.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through September 3, 2020, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued (See Note 10).

Note 3—Information certified by the Plan Trustee (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the Trustee, as complete and accurate, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

	December 31,	
	2019	**2018**
Investments, at fair value	$ 12,690,252	$ 10,631,130
Fully benefit-responsive investment contract, at contract value [(a)]	3,464,055	2,677,560
Notes receivable from participants	307,203	298,101
	$ 16,461,510	$ 13,606,791

	Year Ended December 31, 2019
Investment activity:	
Net appreciation in fair value of investments	$ 2,554,627
Interest and dividends	$ 213,657
Interest income on notes receivable from participants	$ 15,648

[(a)] The guaranteed investment contract is invested in the general assets of the Trustee and its objective is to provide a fixed rate of return to investors. The guaranteed interest contract may be redeemed at any time and has no unfunded commitments at December 31, 2019 or 2018.

Note 4—Fair value of financial investments

The following summarizes the Plan's investments based upon the fair value hierarchy discussed in Note 2:

As of December 31, 2019	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total Fair Value**
Pooled separate accounts	$ -	$ 12,690,252	$ -	$ 12,690,252
As of December 31, 2018				
Pooled separate accounts	$ -	$ 10,631,130	$ -	$ 10,631,130

Note 5—Fully benefit-responsive contract

The Plan holds an interest in a guaranteed interest account (AUL Fixed Fund) with the Trustee. The investment objective of the fund is to earn a fixed rate of income. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by the Trustee. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018 was approximately $3,464,000 and $2,678,000, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their account.

Note 7—Tax status

The Plan is substantially identical to the American United Life Insurance Company Prototype 401(k) Profit Sharing Plan and Trust ("AUL Prototype Plan") approved as to form by the IRS and, therefore, will not be issued a separate determination letter.

The AUL Prototype Plan is a qualified profit sharing plan under Section 401(k) of the IRC and, as such, is exempt from federal income taxes under Section 501(a) of the IRC. The AUL Prototype Plan obtained its latest determination letter on March 31, 2014, in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with applicable laws and requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8—Party-in-interest transactions

Certain Plan investments are managed by the Trustee. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transaction rules (ERISA, Title I, Section 408(b)). Fees paid during 2019 for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9—Risks and uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10—Subsequent event

COVID-19 – As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. The rapid development and fluidity of the situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan and its financial results.
