Independent Auditor's Report

To the Plan Administrator
RCL Wiring, L.P. 401(k) Plan
Fort Worth, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the RCL Wiring, L.P. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RCL Wiring 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

General

The following description of RCL Wiring, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of RCL Wiring, L.P. (the "Company") who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective January 1, 2019, the Plan implemented Safe Harbor.

Contributions

Participants may elect to contribute not less than 1% and not more than 90% of their compensation each year. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. The limit for 2019 is \$19,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Employer will contribute an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Additional profit-sharing amounts may be contributed at the discretion of the Company. During the year ended December 31, 2019, the Company did not elect to make a profit-sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Prior to the implementation of Safe Harbor in January 1, 2019, vesting in the Company's contribution portion of their accounts was based on years of service. A participant whose service terminated for reasons other than death, disability, or attainment of normal retirement age was 100% vested after three years of credited service. Effective January 1, 2019, participants are 100% vested immediately to Safe Harbor matching contribution.

RCL Wiring 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Participants are eligible to receive a lump-sum distribution of benefits equal to the participant's deferral balance upon termination of employment, reach the age of 59 ½, or death and of the employer matching balance upon termination of employment, retirement, death, or disability. The Plan also allows participants to make hardship withdrawals, subject to certain limitations, as defined by the Plan.

Forfeitures

For participants who joined the plan prior to January 1, 2019, if they terminate employment prior to becoming fully vested, the forfeited portion of the Company's matching contributions are used to offset employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$469 and \$4,328. During 2019, forfeitures used to offset employer contributions totaled \$3,859.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

RCL Wiring 401(k) Plan

Notes to Financial Statements

Investments held by a defined contribution plan are required to be reported at fair value.

Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at each year end. The fair value of investments in the common collective trust is measured by using NAV as a practical expedient to estimate fair value and is determined by each fund trustee at year end based on the fair value of the underlying securities within that trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution from the Plan.

3. Fair Value Measurements

FASB ASC topic *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

RCL Wiring 401(k) Plan

Notes to Financial Statements

The three levels of the fair value hierarchy under ASC topic *Fair Value Measurements and Disclosures* are described below:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Investments in registered investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common Collective Trust

The fair value participation units held in collective trusts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objective of the common collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile. The common collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The fair value of the common collective trust fund based on NAV per share as of December 31, 2019 and 2018 is \$388,634 and \$351,508, respectively. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. There are no unfunded commitments.

RCL Wiring 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Investment Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value				
Registered investment companies	\$ 6,407,616	\$ -	\$ -	\$ 6,407,616
Investments measured at net asset value				
Common collective trusts*				388,634
Total investments				\$ 6,796,250

Investment Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value				
Registered investment companies	\$ 5,466,893	\$ -	\$ -	\$ 5,466,893
Investments measured at net asset value				
Common collective trusts*				351,508
Total investments				\$ 5,818,401

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

RCL Wiring 401(k) Plan

Notes to Financial Statements

The Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the trustee. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

7. Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated July 8, 2014, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(k) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company, the plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in the Company contribution portion of their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

<i>December 31,</i>	2019	2018
Net assets available for benefits per the financial statements	\$ 6,796,250	\$ 5,735,556
Plus: Excess contribution payable	-	82,845
Net assets available for benefits per Schedule H, Form 5500	\$ 6,796,250	\$ 5,818,401

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

<i>December 31,</i>	2019
Net increase in net assets available for benefits per the financial statements	\$ 1,060,694
Less: 2018 excess contribution payable	(82,845)
Net increase in net assets available for benefits per Schedule H, Form 5500	\$ 977,849

10. Subsequent Events

The Company has evaluated the impact of all subsequent events through September 11, 2020, the date the financial statements and supplemental schedule were available to be issued and has determined the following subsequent events requiring adjustment or disclosure in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets subsequent to year-end and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. Because of the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

RCL Wiring 401(k) Plan

Notes to Financial Statements

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increase in the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant’s vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. The Plan contains investments in mutual funds, pooled, common and collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the Plan’s investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan’s financial statements. Because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be determined at this time.
