Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

SPARTECH LLC 401(k) SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 And 2018

1. Description Of The Plan

The following description of Spartech LLC 401(k) Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all employees of Spartech LLC (the Company), except those included in collective bargaining units, unless the agreement requires the employees to be included in the Plan, and certain leased, temporary, co-op, or seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to begin making salary deferral contributions and to receive employer contributions immediately upon hire, as defined by the Plan. The Plan provides for automatic enrollment upon satisfying the eligibility requirements. The default deferral rate upon automatic enrollment is 3%. For participants who are automatically enrolled, the deferral rate is annually increased by one percentage point until a maximum rate of 6% is achieved.

Contributions

Participants may defer up to 100% of eligible compensation, as defined by the Plan Document, not to exceed Internal Revenue Service (IRS) limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans.

The Company safe harbor matching contribution equals 100% of the amounts contributed by each participant that do not exceed 3% of the participant's eligible compensation, with an additional 50% matching contribution of the amounts contributed by each participant that do not exceed the next 3% of the participant's eligible compensation.

The Plan provides the option for the Company to contribute discretionary profit sharing contributions each Plan year. There were no such discretionary profit sharing contributions made during the years ended December 31, 2019 or 2018.

Participants direct the investment of all contributions into various investment options offered by the Plan.

SPARTECH LLC 401(k) SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings (losses) and expenses. The allocation of earnings (losses) is determined by the earnings (losses) of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

A participant may direct contributions to a variety of investment options provided by the Plan. Participants may change their investment elections or future contributions or balances any time during the year.

Notes Receivable From Participants

A participant may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are for a period not to exceed five years, unless used to purchase a primary residence. Notes are secured by the participants' account balances and bear interest at the prevailing prime rate plus 1%. Principal and interest are repaid through payroll withholdings. A participant may not have more than one note outstanding at any time.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and Company safe harbor matching contributions plus actual earnings thereon.

For the Company profit sharing contribution, a participant is 20% vested after one year of credited service, increasing 20% each year to 100% after five years of credited service. Participants also become 100% vested upon death or becoming disabled.

Forfeitures

Forfeited nonvested accounts are first used to to pay expenses of the Plan to the extent not paid by the Company without claim for reimbursement for the Plan, then to offset the Company's matching contributions or discretionary contributions. No forfeitures were used during the Plan year ending December 31, 2019. Forfeitures amounting to \$23,555 were used for both Plan administrative expenses and Company contributions during the year ended December 31, 2018. Forfeited amounts available for future use amounted to \$48,389 and \$19,044 as of December 31, 2019 and 2018, respectively.

SPARTECH LLC 401(k) SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Payment Of Benefits

Upon termination of employment, retirement, disability, or death, a participant's vested balance may be distributed in a lump sum or substantially equal installment payments.

In-Service Withdrawals

Active participants who reach age 59-1/2 may withdraw all or part of their vested accounts.

Active participants who experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to Plan and established IRS safe harbor provisions.

Administrative Expenses

Salaries and related benefits of employees who administer the Plan are provided by the Company. Other administrative expenses, primarily transaction fees and account fees, are shared by the Plan and the Company. Expenses incurred on the purchase or sale of investments are added to the cost or deducted from the proceeds of the respective investment.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

SPARTECH LLC 401(k) SAVINGS & INVESTMENT PLAN

Notes To Financial Statements *(Continued)*

Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investments

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by John Hancock Trust Company LLC (John Hancock), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock that the information provided to the Plan Administrator related to the following information is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2019</u>	<u>2018</u>
Investments - at fair value		
Mutual funds	\$ 28,641,398	\$ 25,190,121
Collective trust funds	46,917,288	41,222,816
Pooled separate account	11,570,808	12,312,919
Individually directed brokerage accounts	899,274	69,183

Interest and dividends	1,234,542	745,470
Interest income on notes receivable from participants	113,731	107,775

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The pooled separate account may be redeemed daily, and files annual report on Form 5500 as a direct filing entity. There are no capital commitments related to the Plan's pooled separate account.

Collective Trust Funds

Valued at the NAV of units of the individual funds. The NAV, as provided by the trustees of the invested funds, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective trust funds have daily redemption frequencies at NAV with no redemption notice periods, and file annual reports on Form 5500 as direct filing entities. There are no capital commitments related to any of the Plan's collective trust funds.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised of common stocks and mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Party In Interest Transactions

The Plan pays administrative fees to John Hancock for recordkeeping services. These transactions qualify as allowable party in interest transactions under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2019 and 2018. These loans are considered party in interest transactions and are allowable under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Income Tax Status

The Plan uses a prototype plan document sponsored by John Hancock Retirement Plan Services, LLC. John Hancock Retirement Plan Services, LLC obtained an opinion letter dated May 18, 2015, in which the IRS states that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
