1. DESCRIPTION OF THE PLAN

The following description of the Harbinger 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, sponsored by Harbinger Group, LLC DBA Misionero (the "Company" and "Plan Sponsor"). The Plan covers employees of the Company (other than those covered by a collective bargaining agreement, nonresident aliens, or employees as a result of a recent merger, acquisition, or similar transaction), who have completed at least one month of consecutive service, as defined, and who are at least 18 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute, on a pre-tax or after-tax basis, a portion of their annual compensation as defined in the Plan, limited to the maximum amount allowed under the Internal Revenue Code ($19,000 in 2019). Additionally, participants age 50 and older may make catch-up contributions of up to $6,000 in 2019. The Company, at its discretion, may make matching contributions to the Plan. In 2019 The Company made matching contributions equal to 100% of the first three percent of base compensation that a participant contributed to the Plan and 50% of the next two percent of contributed compensation. Such matching contributions were designated as "safe harbor" matching contributions and, as such, are immediately 100% vested. Additionally, the Company, at its discretion, may also make profit sharing contributions to the Plan. Profit sharing contributions are allocated to eligible participants using an individual participant group formula. Under this formula, each employee will be treated as a separate allocation group and the Plan Sponsor will vary the contribution amount among the various groups. No profit sharing contributions were made in 2019.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant may elect to have his or her individual account invested in any combination of the investment options available under the Plan.

Notes Receivable From Participants – Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding. Loan repayment terms shall not exceed five years with the exception of loans for the purchase of a primary residence for which repayment beyond five years is available. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately 100% vested in their contributions and their portion of the Company's "safe harbor" matching contributions, plus actual earnings thereon. Additionally, participants are 100% vested in all contributions, plus actual earnings thereon, upon reaching Normal Retirement Age, as defined, and upon death or disability. Otherwise, employer matching contributions not designated as "safe harbor" and profit sharing contributions vest based on years of service under the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested in their benefits under the Plan. Forfeitures may be used to pay Plan fees and expenses or reduce future Company contributions. At December 31, 2019 forfeited accounts totaled $11,173. No forfeitures were used during 2019.

Payment of Benefits – Upon retirement, termination, disability, or death, the vested value of the participant's account may be distributed in a lump sum payment or in partial payments. With the Plan Administrator's approval, participants may withdraw all or part of their elective deferrals in the event of financial hardship.

Investments – Participants direct the investment of their contributions and their portion of the Company's contributions into various investment options offered by the Plan.

Plan Trustee – Ascensus Trust Company is the appointed Plan trustee and manages the funds on behalf of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value as reported by the Plan's trustee, Ascensus Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value due to these risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

As a result of the Coronavirus (COVID-19) pandemic, in 2020, there has been heightened market risk and volatility which could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above.

Contributions receivable are due from the Plan Sponsor. The Plan has not experienced any credit losses from these receivables.

Contributions – Company and participant contributions are recorded as additions to net assets available for benefits in the period the related payroll is paid by the Company to the employee.

Payment of Benefits – Distributions to participants are recorded when paid.

Expenses – Administrative expenses of the Plan are paid by either the Plan or the Plan's Sponsor, as provided in the Plan document.

Income Taxes – Income taxes are not provided as the Plan is designed to be exempt from taxation under the Internal Revenue Code (IRC). The Internal Revenue Service issued a favorable determination letter dated January 1, 2018, with respect to the prototype plan agreement used to restate the Plan. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and is exempt from income taxes.

Subsequent events have been evaluated through August 31, 2020 (date the financial statements were available for issuance).

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest priority level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation method used for investments measured at fair value:

Mutual funds and Exchange Traded Funds– Valued at quoted market prices in active markets for identical investments at the measurement date

Accordingly, at December 31,2019, all of the Plan's investments were classified as Level 1 in the fair value hierarchy.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

5. INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan's investments are held by Ascensus Trust Company. The Plan's administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information as of and for the year ended December 31, 2019 was certified by the trustee as complete and accurate and was not subjected to auditing procedures:

	2019
Investments at fair value	5,394,293
Notes receivable from participants	102,088
Total investment income	753,629
Interest income on notes receivable from participants	4,166
Supplemental schedule of assets held for investment purposes (see page 11)	

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Reconciliations of net assets available for benefits and changes in net assets available for benefits reported in the financial statements to amounts reported in the Plan's Form 5500 for 2019 is as follows:

	2019
NET ASSETS AVAILABLE FOR BENEFITS:	
Net assets available for benefits per the financial statements	$ 5,572,958
Differences	-
Net assets available for benefits per Form 5500	$ 5,572,958
CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS:	
Increase in net assets per financial statements	$ 1,740,330
Beginning contributions receivable not reported on Form 5500	64,500
Increase in net assets per Form 5500	$ 1,804,830

7. SUBSEQUENT EVENTS

As a result of the Coronavirus (COVID-19) pandemic in 2020, there have been significant disruptions in the financial markets. The potential economic impact arising from, and the duration of, the pandemic will depend on future developments that are highly uncertain and cannot be predicted. During the seven-month period ended July 31,2020, the Plan recognized investment income of approximately $150,000.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
