NOTES TO FINANCIAL STATEMENTS

Sandusky Newspapers Group 401(k) Retirement Plan and Trust

1 Participant Employers of the Plan

The Sandusky Newspapers Group 401(k) Retirement Plan and Trust (the "Plan") includes the following related group members collectively known as the "Employer": Sandusky Newspapers, Inc.; Kingsport Publishing Corporation; Ogden Publishing Corporation; Reflector-Herald, Inc.; Grand Haven Publishing Corporation; Johnson City Publishing Corporation; Erwin Publishing Company, Inc.; Jonesborough Publishing Company, Inc.; Tomahawk, Inc.; Lebanon Publishing Company, Inc.; Sandusky Digital Sales Development, Inc; and Six Rivers Media, LLC. The Plan operates under an agreement between the related group members and the Custodian. Ogden Publishing Corporation was sold on May 14, 2018, which resulted in a partial plan termination. As a result of the partial plan termination, all of the Plan participants at Ogden became 100% vested.

Grand Haven Publishing Corporation and Lebanon Publishing Company, Inc. were sold on May 31, 2019. In addition, Sandusky Newspapers, Inc. and Reflector-Herald, Inc. were sold on July 31, 2019. These transactions resulted in a partial plan termination and as a result, all of the Plan participants at these Companies became 100% vested.

Six Rivers Media, LLC became a participating member of the Plan effective December 31, 2019. Kingsport Publishing Corporation, Johnson City Publishing Corporation, Erwin Publishing Company, Inc., Jonesborough Publishing Company, Inc. and Tomahawk, Inc. were merged into Six Rivers Media, LLC and ceased to be participating members of the Plan effective December 31, 2019.

2 Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was restated and amended effective January 1, 2016 to comply with recent tax laws and regulations.

General:

The Plan is a defined contribution plan covering all common law employees of the Employer who have completed one "Year of Service" (as defined by the Plan) and are age twenty-one or older, except those persons who are members of a unit of employees covered by a collective bargaining agreement where retirement benefits were a subject of good faith negotiations, unless a labor agreement has been adopted causing the Plan to be applicable to such persons. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participant Elected Contributions – Participants may elect salary reduction contributions up to the maximum amount allowed by law. Eligible Participants may also make Catch-Up contributions. ROTH deferral option is available under the Plan. Participants may increase or decrease the amount of contributions made to the Plan on any business day effective with the next pay. The Plan includes an automatic contribution arrangement for newly eligible participants. The Employer will withhold 4% of compensation each pay period unless the Participant affirmatively elects not to withhold.

2 Description of Plan, Continued

Contributions, continued

Rollover and Transfer Contributions - Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

Employer Discretionary Matching Contributions - The Employer, at its sole discretion, may contribute matching funds to the Plan, determined on an annual basis. The contribution amount, if any, will be determined as a percentage of each participant's elected contribution. Participants that have completed at least 1,000 hours of service and are employed on the last day of the Plan year are eligible if the Employer elects to make matching contributions.

The Employer matching contribution for 2019 and 2018 was fifty percent (50%) of the first four percent (4%) of the participants' compensation deferred pursuant to a Salary Reduction Agreement.

Employer Discretionary Profit Sharing Contributions - On an annual basis, the Employer, at its sole discretion, may make a profit sharing contribution to the Plan. These funds are allocated to all eligible Plan participants who, during the Plan year, completed a year of service and are employed by the Employer at the end of the Plan year regardless of whether they make participant elected contributions to the Plan.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

Each participant's account is credited with the participant's contribution and allocations of the Employer matching and profit sharing contribution, if made, and earnings and losses thereon. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and Plan expenses.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

Sandusky Newspapers Group 401(k) Retirement Plan and Trust

2 Description of Plan, Continued

Forfeited Accounts:

The Plan received \$12,295 and \$15,847 of forfeitures for 2019 and 2018, respectively.

The Plan used forfeitures of \$16,143 (2019) and \$13,400 (2018) to reduce the employer matching contribution.

Forfeited non-vested accounts totaled \$12,235 and \$16,057 as of December 31, 2019 and 2018, respectively. Employer contributions and Plan expenses were or will be reduced by these amounts.

Notes Receivable from Participants:

In accordance with Plan provisions, participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at rates equivalent to those charged by local lending institutions. Principal and interest are paid ratably through payroll deductions. The note becomes due and payable upon termination of employment with the Company. The notes are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits:

Upon termination of employment, retirement, death or disability, a participant may choose to receive the value of the vested interest in his or her account as either a lump sum distribution or rollover his or her account balance to a new qualified Plan. Participants with account balances of \$5,000 or more, may choose to leave his or her account balance with the Plan.

The Plan also provides for mandatory distributions of certain small account balances upon severance of employment. A mandatory distribution is an eligible rollover distribution that is made without the participant's consent and that is made to the participant before he or she attains normal retirement age.

Investment Options:

Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of the investment options offered by the Plan. Once enrolled, participants may change their investment options daily.

NOTES TO FINANCIAL STATEMENTS

Sandusky Newspapers Group 401(k) Retirement Plan and Trust

3 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on an accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties:

The Plan's investment include investments in mutual funds and an unallocated insurance contract holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction of the disclosures related to fair value measurement.

Valuation of Investments:

Investments (except for fully benefit responsive contracts, which are recorded at contract value) held in the Trust are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the unallocated insurance contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Sandusky Newspapers Group 401(k) Retirement Plan and Trust

3 Summary of Significant Accounting Policies, Continued

Valuation of Investments, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Payment of Benefits:

Benefits are recorded when paid. There were no benefits due and payable to terminated participants at December 31, 2019 and 2018.

Fees:

Fees are paid by the Plan and Participants.

The Plan paid \$30,000 in investment advisory fees during 2019 and 2018, which were offset by \$4,582 and \$39,435 in variable asset charges received by the Plan during 2019 and 2018, respectively.

The Plan accrued \$16,499 and 16,161 for professional fees at December 31, 2019 and 2018, respectively.

During 2019, participants paid fees of \$16,986 consisting of \$4,670 in loan fees, labeled "Loan initiation and maintenance fees" and wrap fees of \$12,316 associated with Vanguard targeted funds, labeled "Vanguard fees".

During 2018, participants paid fees of \$19,518 consisting of \$6,740 in loan fees, labeled "Loan initiation and maintenance fees" and wrap fees of \$12,778 associated with Vanguard targeted funds, labeled "Vanguard fees".

Plan Termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. COVID-related loan limits increased to the lesser of \$100,000 or 100% of the participant's vested balance, but the amount is reduced by the highest total loan balance in the last 12 months. Current outstanding loan payments can be delayed through December 31, 2020.

NOTES TO FINANCIAL STATEMENTS

Sandusky Newspapers Group 401(k) Retirement Plan and Trust

3 Summary of Significant Accounting Policies, Continued

Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.

Subsequent events have been evaluated through September 10, 2020, which is the date the financial statements were available to be issued.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and classified as a Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

5 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Transamerica Life Insurance and Annuity Company. The contract meets the fully benefit responsive insurance contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Transamerica Life Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution Plan that competes with the Plan for employee contributions, (3) any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the Plan with another Plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor, (7) any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the Plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.

7 Party-in-Interest Transactions

One of the Plan's investments (Transamerica Stable Value Option) is made available through Transamerica Financial Life Insurance Company (TFLIC), an affiliate of Transamerica Retirement Solutions, LLC which functions as the third-party administrator and record-keeper for the Plan. As such, the investment management functions performed by TFLIC qualify as party-in-interest transactions.

Usual and customary fees were paid by various investments of the Plan for the years ended December 31, 2019 and 2018.

8 Tax Status

The Internal Revenue Service has determined and informed the Plan by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.
