NOTE 1 — DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the appropriate amount of the Company's contributions and Plan earnings, net of expenses, on those contributions. Allocations are based on participant earnings or account balances, as defined. Participants pay a participant fee of \$15 once per quarter after the first year of employment. This fee is automatically deducted from the participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$379,377 and \$538,374, respectively. These accounts will be used to reduce future employer contributions. Also, for the year ended December 31, 2019, employer contributions were reduced by \$1,800,000 from forfeited nonvested accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions and the income thereon are vested according to the following schedule, as defined in the Plan document:

Years of Service	Vested Percentage	
	Hired Before December 31, 2002	Hired After December 31, 2002
1	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	100%	80%
6	100%	100%

Certain employees who were participants in plans which merged into the Plan may have different vesting schedules as defined in the Plan Document. The Company contributions and the income thereon vest immediately in the event of death, permanent disability, normal retirement or the attainment of age 65, whichever is the earliest.

Withdrawals

During employment, a participant may make withdrawals of amounts applicable to their participant contributions, including rollovers, and income thereon, subject to certain restrictions as defined in the Plan document. A participant cannot withdraw Company contributions while employed until attainment of age 65.

In addition, the Plan permits hardship withdrawals limited to participant pre-tax contributions.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On retirement, death, disability, or termination of service, a participant will receive a lump-sum distribution equal to the participant's vested account balance if the participant's vested account balance is \$1,000 or less. If the participant's account balance exceeds \$1,000, and the participant has not attained the normal retirement age, the participant and/or their representative must consent before any portion of such account may be distributed.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Loans are not permitted by the Plan. Loans outstanding are from acquired plans that were merged into the Plan. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, except certain expenses paid by the Company, are paid by the Plan and included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through August 21, 2020, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted market prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund, which is quoted net asset value (NAV) of shares.

Stable value common/collective trust: Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities. The stable value common/collective trust invests in a fund in which the underlying assets consist primarily of fully benefit-responsive investment contracts. The fund is valued at NAV, the practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Unobservable Inputs	Total
<u>December 31, 2019</u>				
Mutual Funds	\$ 636,591,860	\$ -	\$ -	\$ 636,591,860
Investments Measured at NAV*				<u>54,514,946</u>
Total investments, at fair value				<u>\$ 691,106,806</u>
<u>December 31, 2018</u>				
Mutual Funds	\$ 522,134,119	\$ -	\$ -	\$ 522,134,119
Investments Measured at NAV*				<u>57,020,665</u>
Total investments, at fair value				<u>\$ 579,154,784</u>

* The stable value common/collective trust has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 — CERTIFIED INVESTMENTS

Information regarding investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from data provided to the plan administrator and certified to as complete and accurate by the trustee.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and units in a stable value common collective trust managed by Vanguard. Vanguard is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$719,406 for the year ended December 31, 2019, which was not covered by revenue sharing. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 — TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 11, 2017, that the Plan and the related trust are designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Code.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 — SUBSEQUENT EVENTS

Effective January 1, 2020, the plan document was restated. The restatement incorporated prior amendments since the most recent plan restatement and discontinued employer retirement savings benefits (RSB) contributions. Employees who meet certain age or service-based criteria will continue to be eligible for RSB contributions.

Subsequent to December 31, 2019, the stock market has fluctuated during 2020 due to growing concerns of COVID-19. However, as the values of individual investments fluctuate with market conditions, the amount of losses, if any, that may be eventually realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.
