1) DESCRIPTION OF PLAN

The following description of the Polyguard Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Polyguard Products, Inc. (the "Sponsor" or "Company") and is a single employer safe harbor defined contribution 401(k) plan covering substantially all full-time employees of the Company excluding non-resident aliens, and employees covered by a collective bargaining agreement. Participants are eligible to defer after attaining age 18 and completing six months of service. Participants can defer eligible compensation starting the first day of the month following their hire date, upon reaching eligibility requirements. Participants are also eligible for employer contributions upon attaining age 18 and completing six months of service. Upon meeting the eligibility requirements, employees are automatically enrolled in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan originally began on March 1, 2003.

Effective January 1, 2019, the Plan was amended to allow participant contributions immediately after a hardship distribution is withdrawn in accordance with the Bipartisan Budget Act of 2018.

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 by the end of the Plan year are also eligible to make catch up contributions. Participants may select from pre-tax or Roth deferrals. These contributions are elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). The Plan provides an automatic enrollment provision whereby new participants are automatically enrolled in the Plan and have pre-tax elective deferral contributions equal to 1% of eligible pay unless they complete an alternative election or elect not to participate. The automatic elective deferral contribution shall increase by 1% on October 1, each subsequent plan year up to a maximum automatic elective deferral contribution of 10%. Participants may also contribute amounts representing distributions from other qualified retirement plans and traditional individual retirement accounts.

1) DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company has elected to make matching contributions in compliance with Safe Harbor Plan requirements. The employer matching contribution is equal to 100% of the amount of the employee deferrals that do not exceed 3% and 50% of the amount of employee deferrals that exceed 3% but that do not exceed 5% of eligible compensation. The maximum employer match is equivalent to 4% of compensation. The Company made a safe harbor matching contribution totaling $267,235 for the year ended December 31, 2019.

Investments

Plan participants have the opportunity to direct the investment decisions relating to the assets in their individual account balance. Currently, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit sharing contribution, if any, (c) Plan earnings or losses, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Contributions in the Company's safe harbor employer matching portions of their account balance, non-elective contributions, and related investment earnings are immediately 100% vested.

1) DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance reduced by any outstanding loan balance or (b) $50,000, reduced by the highest outstanding loan balance during the one year period ended on the day before the loan is made. Only one loan may be outstanding at a time, and funds may only be borrowed from accounts invested in mutual funds. Loans are not permitted from Roth deferrals. Loan principal and interest is generally repaid through payroll deductions and are reinvested in the participants account according to the individual investment elections. Loan terms may not exceed five years except for the purchase of a primary residence, for which the term may be extended to the lesser of 30 years or a period of years consistent with commercial home loan practices. Loans are secured by the balance in the participant's accounts and bear interest rates equal to the prime rate.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by transferring the balance to a different trustee (i.e., rollover) or lump sum distributions. Vested account balances that do not exceed $1,000 are subject to automatic distribution without participant's consent. Rollover contributions are included in determining the $1,000 threshold. All other accounts must receive participant consent before distribution to the participant can occur.

Hardship Withdrawals

Hardship withdrawals are allowed only for immediate and heavy financial needs from accounts which are fully vested.

Forfeitures

As participants are immediately vested in employer matching contributions, forfeitures are not applicable. As of December 31, 2018, forfeitures totaled $89 and were included in investments on the accompanying statement of net assets available for benefits. No forfeitures were incurred in 2019 and $15 were used to fund employer contributions or administrative expenses. During the year ended December 31, 2019, forfeitures included in the investment balance earned a net $23 gain. The outstanding forfeitures balance as of December 31, 2019 is $97.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Actual results may vary from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and the Company may be impacted by investment earnings and losses. There were no excess contributions recorded for the years ended December 31, 2019 and 2018.

Payment of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Substantially all administrative expenses of the Plan are paid by the Company, although the Plan permits the payment of Plan expenses to be made from the Plan's assets. If the expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Unless the plan administrator decides otherwise, the following expenses will be allocated to the participants' account relative to which the expense is incurred: distribution expenses, loan expenses, participant direction expenses, including brokerage fees and benefit calculations. Certain administrative expenses may be paid by the Company at its discretion.

Administrative expenses amounted to $5,900 for the year ended December 31, 2019 and includes participant transaction fees and are included in administrative expenses on the statement of changes in net assets available for benefits.

3) INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIANS (UNAUDITED)

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2019 and 2018.
b. Interest, dividends, capital gains, and net appreciation (depreciation) in fair value of investments, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2019.
c. The schedule of assets held for investment purposes as of December 31, 2019, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

4) FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liabilities.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires us to classify these assets and liabilities in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measure in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

4) FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Money market funds*. The money market category includes money market mutual funds that generally invest in instruments that mature in one year or less and are valued at cost which approximates fair value. Also included in money market funds are certain Federal Deposit Insurance Corporation insured money market deposits that are valued at cost as they are cash equivalent holdings.

- *Mutual funds of registered investment companies*. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Exchange-traded funds*. Funds that invest in a variety of assets traded on an active market. These funds are valued at the daily closing price reported on the public stock exchange.

The following table represents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits and sets forth, by level, within the fair value hierarchy, the Plan investments at fair value as follows:

	December 31, 2019 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies:				
Money market	$ 143,580	$ -	$ -	$ 143,580
Mutual funds	4,241,585	-	-	4,241,585
Exchange traded funds	1,070,704	-	-	1,070,704
Total investments, at fair value	$ 5,455,869	$ -	$ -	$ 5,455,869

4) FAIR VALUE MEASUREMENTS (Continued)

	December 31, 2018 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies:				
Money market	$ 116,637	$ -	$ -	$ 116,637
Mutual funds	3,356,997	-	-	3,356,997
Exchange traded funds	890,950	-	-	890,950
Total investments, at fair value	$ 4,364,584	$ -	$ -	$ 4,364,584

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2019 and 2018.

The Plan recognizes transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2019 and 2018.

5) NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2019 and 2018.

6) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Ascensus Trust Company, the Custodian as defined by the Plan, manages certain investment options. Fees paid by the Plan for the investment management services are included in administrative expenses reported on the statement of changes in net assets available for benefits.

The Plan also permits loans to participants.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7) PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts and Plan assets will be distributed in accordance with the Plan document.

8) TAX STATUS

Effective January 1, 2017, the Plan is based on a prototype plan developed by Ascensus, Inc, which received a favorable opinion letter dated January 1, 2018 from the IRS stating the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

9) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, fair, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10) SUBSEQUENT EVENTS

The Company evaluated events that occurred after December 31, 2019 through September 15, 2020, which is the date these financial statements were issued. The following subsequent events were identified.

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic has resulted in global disruptions which has caused economic uncertainty and significant volatility in financial markets, which has impacted the value of the Plan's investments since December 31, 2019. The duration of the economic uncertainty and market volatility caused by the pandemic continues to evolve rapidly and its effect on the Plan's net assets available for benefits and change in net assets available for benefits are uncertain and cannot be reasonably estimated as of the date of the attached audit report.

Effective January 1, 2020, the Plan is sponsored by Muncaster Capital of Texas, and changed its legal name to Muncaster Capital of Texas 401(k) Plan. The Plan will include the following adopting employers: Polyguard Products, Inc. and Buckaroos, Inc.

On April 1, 2020, Jeff-Co Sales & Marketing, Inc. 401k Plan, sponsored by Jeff-Co Sales & Marketing, Inc. (Buckaroos, Inc.), merged into Muncaster Capital of Texas 401(k) Plan due to a Company acquisition. At the time of the merger, estimated plan assets merging into the Plan was $1,393,163, as well as eight participants.

On March 27, 2020, the Coronavirus Aid Relief and Economic Security ("CARES") Act was enacted and signed into law. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. The Plan is operating under the provisions included in the CARES Act which allows qualified participants to receive coronavirus-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.
