IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF RETIREMENT PLAN

The following description of the Immediate Health 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Immediate Health Associates, Inc. (the “Sponsor”) who have one year of continuous service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan up to 100% of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Designating all or a portion of their elective deferral as a Roth elective deferral post-tax is another option available to participants. Elective deferrals of 3% are automatically made to the accounts of Plan participants who fail to make an election. Annually, the employer may elect to make a non-elective safe harbor matching contribution. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, employer safe harbor contribution and earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment options with varying risks. The plan also permits certain participants to invest in self-directed brokerage accounts.

Participants may change their investment options anytime via the telephone or internet.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 4.25% to 6.50% as of December 31, 2019. Principal and interest are paid ratably through payroll deductions.

IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF RETIREMENT PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum distribution and/or equal installments of the participant's vested interest in his or her account. The Plan also permits distributions due to hardship under certain circumstances.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses paid by the Plan relate to recordkeeping fees; all other expenses incurred in administering the Plan are paid by the Plan Sponsor and are excluded from these financial statements.

Subsequent Events

In evaluating events that may have a material impact on the financial statements, the Plan has considered activities through September 8, 2020, the date the financial statements were available to be issued. Due to world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. At this time, any financial impact of potential COVID-19 related disruptions are not known.

IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: INFORMATION SUPPLIED BY CUSTODIAN

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Charles Schwab Bank's Business Trust Division (the custodian of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Common Collective Trust: Valued based on the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Self-directed brokerage accounts: These accounts consist of cash, common stock, unit investment trusts and mutual funds. Common stock is valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds and unit investment trusts are valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$11,885,999	\$ -	\$ -	\$11,885,999
Self-directed brokerage accounts	4,274,425	-	-	4,274,425
Investments valued at NAV as a practical expedient (a)				1,745,615
Total assets at fair value				<u>\$17,906,039</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$9,005,461	\$ -	\$ -	\$9,005,461
Self-directed brokerage accounts	3,876,838	-	-	3,876,838
Investments valued at NAV as a practical expedient (a)				1,288,343
Total assets at fair value				<u>\$14,170,642</u>

IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (The Standard) totaling \$409,972 for 2019 and \$362,696 for 2018. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent annually. The crediting rate is reviewed on a quarterly basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) the Plan's failure to abide by state or federal law, (2) failure to render performance necessary to comply with the terms of the contract, (3) failure to maintain assets of at least \$25,000, (4) plan disqualification, and (5) failure to adopt the plan in a reasonable period of time.

IMMEDIATE HEALTH 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments at December 31, 2019 and 2018 are managed by The Standard who serves as the Plan's third party administrator and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8: TAX STATUS

The Plan Administrator has not applied for a determination letter from the IRS because the Plan adopted a prototype plan sponsored by Charles Schwab Trust Co., which has received a favorable opinion letter from the IRS. Therefore, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
