1. DESCRIPTION OF PLAN

The following description of Earth Friendly Products 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Venus Laboratories, Inc. (doing business as Earth Friendly Products) (the Company) who have three months of service and are age 18 or older. Employees are eligible to participate on the first day of the quarter following the date that eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Effective September 15, 2018, participants may contribute up to 100% of pre-tax annual compensation and may designate a portion or all of their deferral contributions as Roth 401(k) contributions . Prior to September 15, 2018 participants could contribute up to 92% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective September 15, 2018, the Plan permits in-plan Roth rollover contributions.

Effective September 15, 2018, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year on January 1 up to a maximum of 10% of eligible compensation, unless otherwise elected by the participant.

Effective September 15, 2018, the Company may make discretionary, tiered matching contributions. For the years ended December 31, 2019 and 2018, the Company did not make discretionary matching contributions.

Effective September 15, 2018, the Company may make discretionary profit sharing contributions. For the years ended December 31, 2019 and 2018, the Company did not make any discretionary profit sharing contributions.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment Options

Participants may direct all their contributions among one or more investment accounts subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion and the profit sharing portion of their accounts is based on the following table:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

In the event of death or total and permanent disability, participants will become fully vested in the Company's matching contributions and profit sharing contributions.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance, less defaulted loans (if any). The loans are secured by the balance in the participants account and bear interest rates at 5.25% to 7.50%, which are commensurate with local prevailing rates as determined by the plan administrator. The term of the loan may not exceed five years unless the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Under certain conditions participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (USGAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company is currently evaluating the impact of this ASU.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)

The Plan has evaluated subsequent events through September 3, 2020, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date, except those described in Note 11.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability, and

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled separate accounts: Investments in units of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of units held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 3,533,787	$ -	$ -	$ 3,533,787
TOTAL INVESTMENTS AT FAIR VALUE	$ 3,533,787	$ -	$ -	$ 3,533,787

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 2,616,491	$ -	$ -	$ 2,616,491
TOTAL INVESTMENTS AT FAIR VALUE	$ 2,616,491	$ -	$ -	$ 2,616,491

3. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no such transfers.

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 has been certified as complete and accurate by Minnesota Life Insurance Company and Voya Retirement Insurance and Annuity Company, the custodians of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. TAX STATUS

The volume submitter plan sponsor has obtained a determination letter from the Internal Revenue Service (IRS) on March 31, 2014, in which the IRS stated that the volume submitter plan was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

USGAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Minnesota Life Insurance Company, the custodian; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts. Employees of the Company provide administrative services to the Plan for which no fees are charged.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 3,591,994	$ 2,650,588
Excess contributions payable included on financial statements not included on Form 5500	-	1,406
NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500	$ 3,591,994	$ 2,651,994

The following is a reconciliation of increase (decrease) per the financial statements to Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Net increase (decrease) in net assets available for benefits per the financial statements	$ 941,406	$ (870,276)
Distributions not included on Form 5500 at		
End of year	-	1,406
Beginning of year	(1,406)	(27,670)
NET INCOME (LOSS) PER THE FORM 5500	$ 940,000	$ (896,540)

10. EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable represents amounts withheld from participants in excess of IRS limitations that are to be refunded at year end. As of December 31, 2019 and 2018, $0 and $1,406, respectively, of excess contributions and earnings thereon are required to be refunded prior to December 31, of the subsequent year. The amounts were refunded to participants prior to March of the year following the plan year end. Excess contributions and earnings are netted against contributions and investment income in the statements of changes in net assets available for benefits.

11. SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of the uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating its options related to the Plan. No adjustments have been made to these financial statements as a result of this uncertainty.

Additionally, effective April 6, 2020, the Plan has elected to adopt the plan provisions available under the Coronavirus Aid, Relief, and Economic Security Act (CARES) enacted on March 27, 2020, that offers expanded loan and distribution options for participants who self-certify that they meet certain criteria of the CARES Act. Plan management will amend the Plan document to reflect the adoption on or before December 31, 2022.
