Arteriors Home 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of Arteriors Home 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by 4M Capital, Ltd. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as certain provisions of the federal income tax laws.

All employees of the Company who complete three months of service are eligible to participate in the Plan.

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the following month.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. The Plan has an automatic enrollment provision (3% salary deferral with annual increases on the anniversary of the participant's enrollment of 1% until reaching a maximum of 10%) whereby employees must elect out of the Plan if they do not wish to participate. Each year, a participant may elect to contribute a portion of their pre-tax compensation from 1% to 85%, subject to certain maximum limitations imposed by Section 402(g) of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan.

At the discretion of the plan administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC.

The Company may make matching and nonelective contributions which will be allocated in accordance with the plan document provisions. Participants will always be eligible to receive matching and nonelective contributions regardless of the amount of service completed during the year.

Note 1 – Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of company contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for company matching and nonelective contributions is based on vesting periods of service. Participants are credited with a period of service for 12 months of service. A participant is always 100% vested in their company matching and nonelective contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

Participants are vested in company matching and nonelective contributions based on the following schedule:

Periods of Service	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At any time when accounts are forfeited, these accounts will be used to pay plan expenses or reduce employer contributions. At December 31, 2019 and 2018, forfeited accounts totaled $3,969 and $16,340, respectively. During 2019, forfeited non-vested accounts of $34,464 were used to reduce employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $500 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. A participant may have one loan outstanding at any one time. Principal and interest are paid ratably through payroll deductions and generally repaid within five years, or thirty years for loans used for the purchase of a primary residence.

Benefits Paid to Participants

On termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary. Additionally, under certain circumstances, the Plan allows for financial hardship and in-service withdrawals.

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation/depreciation of fair value of investments.

Termination of the Plan

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain reclassifications have been made to the 2018 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. See Note 4 for discussion of fair value measurements. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make scheduled repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through August 27, 2020, which is the date the financial statements were available to be issued. For more information on subsequent events, see Note 11.

Note 3 – Information Certified by Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investments certified by Reliance Trust Company, the custodian of the Plan, which included total investments as of December 31, 2019 and 2018, and the total investment income for the year ended December 31, 2019, and all information included in the supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets Held for Investment Purposes at End of Year.

The following investment information was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by the custodian of the Plan, as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Investment values certified by the custodian	$ 3,208,537	$ 2,130,676
Notes receivable from participants certified by the custodian	$ 61,027	$ 20,238

	Year ended December 31, 2019
Investment income certified by the custodian:	
Net appreciation (depreciation) in fair value of investments	$ 427,117
Dividends	$ 123,561
Interest on notes receivable from participants certified by the custodian	$ 1,468

Note 4 – Fair Value Measurements

The Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, establishes a framework for measuring fair value. The framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and

Note 4 – Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are three general valuation techniques that may be used to measure fair value, as described below:

A) Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources;

B) Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

C) Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

Note 4 – Fair Value Measurements (Continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the FASB ASC 820-10 fair value hierarchy levels:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,208,537	$ -	$ -	$ 3,208,537
Investments at fair value	$ 3,208,537	$ -	$ -	$ 3,208,537

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,130,676	$ -	$ -	$ 2,130,676
Investments at fair value	$ 2,130,676	$ -	$ -	$ 2,130,676

Gains and losses realized and unrealized, for the year ended December 31, 2019 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Note 5 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions as of December 31, 2018 were distributed by the Plan to the applicable participants in March 2019.

Note 6 – Reportable Transactions

There were no reportable transactions, non-exempt transactions with parties-in-interest, or any other prohibited transactions that would require supplemental presentation under the DOL regulations during the year ended December 31, 2019.

Note 7 – Transactions with Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with the custodian, third party administrator (the TPA), auditor, and the Company qualify as party-in-interest transactions.

Fees incurred by the plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid through revenue sharing rather than a direct payment. During 2019, the Plan made direct payments of $16,440 for administration and advisory fees. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Tax Status

The Plan sponsor adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service dated July 8 , 2014, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three (3) years from the due date of the return or the date on which it was filed, whichever is later.

Note 11 - Subsequent Events

SECURE Act

The plan has implemented the requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) which was signed into law on December 19, 2019 and is effective for years beginning after December 31, 2019.

COVID-19 and CARES Act

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020. The CARES Act allows certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, delay the commencement date for required minimum distributions, and take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Effective April 2020, the Plan adopted the temporary provisions of the CARES Act.
