Report on the Financial Statements

We have audited the accompanying financial statements of Wilbert Funeral Services, Inc. Qualified Stock Bonus Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

QUALIFIED STOCK BONUS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019

1. **Description of Plan**

The Wilbert Funeral Services, Inc. Qualified Stock Bonus Plan, (formerly Wilbert Funeral Services, Inc. Employee Stock Ownership Plan), is a stock bonus plan sponsored by Wilbert Funeral Services, Inc., ("Company" or "Employer"). Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. **General**

The purpose of this Plan is to enable eligible employees of the Company and of any participating affiliates to share in the growth and prosperity of the Company and to provide participants with an opportunity to accumulate capital for their future economic security. Additionally, the Plan will enable participants to acquire a proprietary interest in the Company.

This Plan is intended to qualify as an Employee Stock Bonus Plan, as defined in Section 401 (a) of the Internal Revenue Code, (hereinafter referred to as the "Code") and in accordance with Section 54.4975-11 (a)(5) of the Treasury Regulations.

All Trust assets acquired under this Plan as a result of contributions, income and other additions to the Trust will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan which is administered by the plan committee for the exclusive benefit of Participants in the Plan and their Beneficiaries. It is intended that all benefits, rights and features of this Plan be uniformly available to all Participants.

b. **Eligibility**

Each employee shall become eligible to participate in the Plan retroactively to the first day of the Plan Year, during which the Employee has completed a year of service, measured during the eligibility computation period. All employees who were employed by the Employer on the effective date of this plan are automatically eligible to participate in this Plan as of the effective date. Upon the employee so becoming eligible, participation shall be based on the total covered compensation paid to the employee for the entire Plan year during which the employee becomes eligible to participate.

1. **Description of Plan (Continued)**

c. **Contributions**

Contributions are allocated in shares of Company stock or paid in cash as of each Anniversary Date among the Accounts of Participants who meet the requirements of eligibility in the proportion that each such Participant's Covered Compensation bears to the total Covered Compensation of all such Participants for that year.

d. **Participant Accounts**

The plan committee shall establish and maintain individual accounts for each participant in the Plan. The Company stock account of each participant will be credited as of each anniversary date with the participant's allocated share of Company stock, (including fractional shares), purchased and paid for by the Trust or contributed in kind by the Company, with forfeitures of Company stock and with stock dividends on Company stock held in the participant's Company stock account.

Dividends and change in fair market value are allocated based on the ratio of the participant's beginning of the year shares to total shares less any repurchased. Plan earnings on cash, interest, and fees are allocated to each participant's other investments account based on the ratio of the participant's adjusted beginning of the year other investments account balance to all participants' beginning of the year account balances. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Except in the case of death, disability or retirement, a Participant will share in the allocation of contributions and forfeitures only if the participant is still employed by the employer on the last day of the Plan Year and has accumulated 1,000 or more Hours of Service during the Plan Year.

e. **Investments**

All investments will be made by the Trustee only upon the direction of the plan committee. All purchases of Company stock shall be made at no more than fair market value, as determined by the plan committee pursuant to a valuation analysis prepared by an independent appraiser.

f. **Vesting**

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. A participant becomes 20% vested after two years of credited service and at the rate of 20% for each successive year of service thereafter. A participant is 100% vested after six years of credited service.

1. **Description of Plan (Continued)**

g. **Payment of Benefits**

Upon separation from service with the Company due to death, disability, or retirement, and if the participant's vested account balance is greater than $5,000, the distribution of the Company stock account and other investments will be made in substantially equal annual installments over a period of five years, beginning the Plan year after separation, subject to limitations. Upon separation from service with the Company due to termination other than death, disability, or early retirement, and if the participant's vested account balance is greater than $5,000, the distribution of the Company stock account and other investments will be made in substantially equal annual installments over a period of five years, beginning in the sixth Plan year after termination, subject to limitations. For Participant's Company stock account and other investments account with total vested value of $5,000 or less, distribution shall be made in a lump sum. Under provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed. During 2019, 335.24 shares were reallocated from distributed participant accounts to active participant accounts at prices determined by an independent appraisal.

h. **Voting Rights**

The Trustee receives instructions from the plan committee, and all Company stock held by the Trust is voted by the Trustee in accordance with instructions from the plan committee. Notwithstanding the foregoing, the participant (or beneficiary) shall be entitled to direct the voting of any voting shares of Company stock allocated to their Company stock account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification , liquidation, dissolution, or sale of substantially all the assets of a trade or business. In accordance with instructions from the plan committee, the Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a Participant has failed to give timely voting direction.

i. **Forfeitures**

Upon termination from employment by the Company, a participant's non-vested portion of Company contributions and earnings thereon is considered a forfeiture and is allocated to eligible participants using the same ratio as their annual compensation bears to the total aggregate compensation paid to all eligible participants. At both December 31, 2019 and 2018, the Plan maintained a $0 balance in the forfeiture account. Amounts allocated to participants during the year ended December 31, 2019, was $46,920.

1. **Description of Plan (Continued)**

j. **Put Options**

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

2. **Summary of Significant Accounting Policies**

The following are the significant policies followed by the Plan:

a. **Basis of Accounting**

The financial statements of the plan are prepared using the accrual method of accounting.

b. **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. **Investment Valuation and Income Recognition**

The common shares of the Company and other investments are valued at fair value. See Note 6 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. **Summary of Significant Accounting Policies (Continued)**

d. **Payment of Benefits**

Benefits are recorded when paid.

e. **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses for the custodial fees are paid directly by the Company.

f. **Income Taxes**

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2016 and forward.

3. **Plan Termination**

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. See Note 8 regarding planned termination subsequent to year-end. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Company shall direct the Trustee to pay all liabilities and expenses of the trust fund. In the event of Plan termination, participants will become 100% vested in their accounts.

4. **Administration of Plan Assets**

The Plan's assets, which consist principally of Company common stock, are held by the custodian. Company contributions are held and managed by the custodian, which invests cash received and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the custodial fees are paid directly by the Company.

5. **Tax Status**

The IRS has determined and informed the Company by a letter dated September 13, 2017, that the plan is qualified and tax-exempt, under the appropriate sections of the IRC.

6. **Fair Value of Financial Instruments**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1), and the lowest priority to unobservable inputs, (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy within is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Money market funds: Funds that are readily convertible into cash and invest in securities with original maturities of three months or less (Level 2).

US Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities (Level 2).

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings (Level 2).

6. **Fair Value of Financial Instruments (Continued)**

Investment in sponsor company common stock: The fair value of Wilbert Funeral Services, Inc. common stock held by the plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, guideline public companies, and estimated fair value of company assets and liabilities (Level 3).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market funds	$ -	$ 3,621,827	$ -	$ 3,621,827

Total investments at fair value	$ -	$ 4,121,902	$ 4,519,773	$ 8,641,675

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market funds	$ -	$ 825,471	$ -	$ 825,471
Government securities	-	98,547	-	98,547
Corporate bonds	-	3,199,631	-	3,199,631
Sponsor Company common stock	-	-	3,670,087	3,670,087
Total investments at fair value	$ -	$ 4,123,649	$ 3,670,087	$ 7,793,736

6. **Fair Value of Financial Instruments (Continued)**

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2019:

	Level 3 Assets Year Ended December 31, 2019 (Sponsor Company Common Stock)
Balance, beginning of year	$ 3,670,087
Unrealized gains relating to instruments still held at the reporting date, reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits	849,686
Balance, end of year	$ 4,519,773

7. **Concentration of Investments**

Included in investments at December 31, 2019 and 2018, are shares of the Plan sponsor's common stock amounting to $4,519,773 and $3,670,087, respectively. This investment represents 52.30% and 47.09% of total assets at December 31, 2019 and 2018, respectively. A significant decline in the market value of the sponsor's stock would significantly affect the net assets available for benefits.

8. **Subsequent Events**

Subsequent events have been evaluated up to September 1, 2020, the date these financial statements were available to be issued.

On April 1, 2020, the Company elected to terminate the Plan. At the time the Plan terminates, impacted participants became 100% vested in their accounts.
