NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Jam City 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 2011 by Jam City, Inc. (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code ("IRC") and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was amended effective January 1, 2020 to allow rollover of distributions less than $5,000 into an individual retirement account.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Minnesota Life Insurance Company ("Minnesota Life") to act as the trustee and Securian Financial Group (a division of Minnesota Life) ("Securian"), a third-party administrator, to process and maintain the records of participant data. The Company has established a 401(k) Committee to provide fiduciary oversight on the Plan. Substantially all expenses incurred for administering the Plan are paid by the Company.

Eligibility

All full-time employees of the Company aged 21 years old are eligible to participate in the Plan and may enter the Plan immediately upon hire.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution and the employer's contribution, if any. Plan earnings are allocated based on participant account balances, as defined.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Plan allows profit sharing contributions and a discretionary employer matching contribution. There were no profit sharing or discretionary matching employer contributions made during the Plan year ended December 31, 2019.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Securian Internet website.

Vesting

Participants are immediately vested in their contributions, including actual earnings thereon. In addition, participants are entitled to a portion of any profit sharing or discretionary employer contributions based on their years of service over a 4-year vesting period as follows:

Completed Years of Service	Vested Percentage
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Notes Receivable from Participants

The Plan allows participants to borrow $1,000 up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the participant's vested balance. Such notes bear interest at an established rate and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The maximum number of loans a participant may have outstanding is one loan for the purchase of a primary residence and one for general purposes. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable from participants at December 31, 2019 and 2018 bear an interest rate of 4.25% and mature through 2049.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts
Forfeitures are used to reduce employer matching contributions and plan expenses. At December 31, 2019 and 2018, there were no forfeited non-vested accounts and no forfeitures occurred.

Plan Expenses
Substantially all Plan expenses are paid by the Company.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with the IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Payment of Benefits
On termination of service, death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are also allowed under the Plan. For termination of service due to other reasons, a participant whose account balance is less than $5,000 will receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with account balances of $5,000 or more must elect to receive the vested interest in his or her account in one lump-sum before retirement age is reached.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the respective participants prior to March 15, 2019.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment in the insurance company general account is stated at contract value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in pooled separate accounts are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes receivable as of December 31, 2019 and 2018. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits
Benefit payments are recorded when paid.

Income Taxes
The Plan has adopted a non-standardized form of a volume submitter plan sponsored by Minnesota Life. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been recorded in the Plans financial statements.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENT (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Pooled separate accounts:
Units held in pooled separate accounts ("PSA") are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information.

At December 31, 2019 and 2018, all pooled separate accounts held by the Plan had a daily redemption frequency and redemption notice period of 30 days. Pooled separate accounts had no unfunded commitments and no redemption restrictions, unless the Plan was discontinued or in blackout period, in which case withdrawals are not permitted until the blackout period ends.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INSURANCE COMPANY GENERAL ACCOUNT

The Plan entered into a fully benefit-responsive general account with Minnesota Life totaling $523,251 and $619,144 as of December 31, 2019 and 2018, respectively. Crediting interest rate on the account was 1.83% as of December 31, 2019. Interest rate is reset quarterly. The Guaranteed return account is reported at contract value. The terms of the investment contract require all permitted participant-initiated transactions with the plan to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those transactions allowed by the plan, such as any of the following: withdrawals for benefits, loans, and transfers to other funds within the plan.

The best estimate of fair value for the account is contract value, as participants may withdraw assets at contract value without restriction, and assets are marked-to-market on a daily basis. Also, while the liquidation charge, if any, is applicable to the general account, it would only apply upon contract termination and should not be taken into account when determining fair value, unless contract termination is probable. Transfer restrictions may exist for transfers out of the account to any competing investment option. Currently, this plan has no completing investment options.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by Minnesota Life, the trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net appreciation in fair value of investments, interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Assets reflected on the supplemental schedule of assets (Held at End of Year) as of December 31, 2019.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – UNCERTAIN TAX POSITIONS

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	2019	2018

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

NOTE 10 – SUBSEQUENT EVENTS

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets.

The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 10 – SUBSEQUENT EVENTS (Continued)

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan was amended effective January 1, 2020 to allow rollover of distributions less than $5,000 into an individual retirement account.

The Plan has evaluated subsequent events through September 11, 2020, which is the date the financial statements were available to be issued.
