NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 **Description of the Plan**

The following description of the American Rock Salt Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution retirement plan established to provide retirement benefits for all full-time employees of American Rock Salt Company LLC (the Company) who have completed three months of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Fidelity Management Trust Company (Fidelity) serves as the trustee and recordkeeper of the Plan.

Contributions

The Plan provides for elective pre-tax deferrals in an amount not to exceed the statutory limitation as provided for under the Internal Revenue Code (IRC). Eligible employees will automatically have 3% of their compensation withheld each pay period and contributed to the Plan as a salary deferral and they may enter a salary deferral agreement at any time to select an alternative deferral amount or elect not to participate in the Plan. Non-union participants receive a 60% employer matching contribution up to the first 10% of their annual compensation. For unionized employees, the Plan provides for a minimum Company contribution of 1% of participant's annual compensation (the Minimum Company Contribution), including employees who choose not to defer earnings. Union participants receive a 60% employer matching contribution up to the first 10% of their annual compensation, reduced by the Minimum Company Contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company contributions and Plan earnings (losses) and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions plus earnings thereon is based on years of continuous services as follows:

Years of Service	Vesting
1	20%
2	40%
3	60%
4	80%
5	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 **Description of the Plan - Continued**

Vesting - Continued

Union employees are immediately vested in the 1% Minimum Company Contribution.

Forfeited balances of terminated participant's non-vested accounts are used to reduce administrative expenses and Company contributions. At December 31, 2019 and 2018, there was a forfeiture account balance of $22,620 and $4,300, respectively. During 2019, $499 of non-vested forfeitures were used to offset administrative expenses.

Payment of Benefits
The Plan provides for normal retirement benefits in the form of lump sum distributions upon reaching the age of 65 and has provisions for early retirement, disability, death and termination benefits for those participants who are eligible to receive such benefits. Withdrawals for hardship, upon attainment of age 59½, and distributions out of rollover contributions are permitted by the Plan, provided the participant is still employed by the Company at that time.

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum loan amount equal to the lesser of $50,000, reduced by the highest outstanding loan balance for the previous 12 months, or 50% of their vested account balance. Loan terms range from one to five years, except for the purchase of a primary residence which may exceed five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one. Principal and interest is paid through payroll deductions.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

Administrative Expenses
All expenses of administering the Plan may be paid by the Plan, unless elected to be paid by the Company.

Note 2 **Summary of Significant Accounting Policies - Continued**

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassification
To conform to financial statement groupings as of December 31, 2019, certain items reported as of December 31, 2018 have been reclassified for comparative purposes. These reclassifications have no effect on net assets available for benefits as of December 31, 2018.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 **Investment Valuation and Income Recognition - Continued**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value	
	Level 1	
	2019	**2018**
Registered Investment Companies	**$ 26,346,983**	**$ 19,251,672**
Total	**$ 26,346,983**	**$ 19,251,672**

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 4 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity (including interest and dividend income and net appreciation in fair value of investments) and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

Note 5 **Federal Tax Status**

The Plan adopted a volume submitter profit sharing plan sponsored by Fidelity. Fidelity received its latest determination letter, dated March 31, 2014, from the Internal Revenue Service (IRS) regarding the volume submitter plan. In the determination letter, the IRS stated that the volume submitter profit sharing plan is in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan's opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Transactions with Parties-in-Interest**

Certain Plan investments are managed by Fidelity. Fidelity is the Plan trustee and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants have a fully vested interest in their accounts and their accounts will be paid to them as provided by the plan document.

Note 8 **Subsequent Events**

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 10, 2020, the date that the financial statements were available to be issued.

Note 8 **Subsequent Events - Continued**

Investment Volatility
In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and, therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

CARES Act
On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by the coronavirus, as defined in the CARES Act. The following is a summary of the main provisions:

- Qualified individuals are permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distribution within three years and not be subjected to tax as a result.

- Participant loan limit is temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase is permitted for loans granted from March 27, 2020 through September 23, 2020.

- Repayments of loans due between March 27, 2020 and December 31, 2020 may be deferred until December 31, 2020 upon participant request.

- Required minimum distributions for calendar year 2020 are waived for retired and retirement aged individuals.

The Plan Sponsor is currently operating the Plan in accordance with these provisions.

To the Plan Administrator of the
American Rock Salt Company 401(k) Plan
5520 Route 63
P.O. Box 190
Mount Morris, New York 14510

This letter is to inform the Plan Administrator of the American Rock Salt Company 401(k) Plan (the Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2019 so that it can appropriately discharge its oversight responsibility, and we can comply with our professional responsibilities.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Respective Responsibilities of the Auditor and Management
Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated March 3, 2020. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit
We have issued a separate communication dated March 3, 2020 regarding the planned scope and timing of our audit and have discussed with you our identification of, and planned audit response to, significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates and Disclosures
Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, management has selected the preferable accounting practice.

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies nor have there been any changes in existing significant accounting policies during the plan year.

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

We noted no sensitive accounting estimates relating to the financial statements of the Plan.

We have audited your financial statements and we did not note any issues related to the neutrality, consistency, and clarity of the disclosures in the financial statements.

Audit Adjustments
There were no significant audit adjustments made to the original financial information presented to us to begin our audit.

Uncorrected Misstatements
We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Other Information in Documents Containing Audited Financial Statements
Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. We did not identify material inconsistencies with the audited financial statements.

Supplemental Schedule
With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete.

Best Practice Recommendations to Management

- Employee benefit plans, like all other organizations and individuals, are vulnerable to cyberattacks and thus exposed to risks relating to privacy, security, and fraud. Retirement, savings, and health and welfare plans are attractive targets for hackers seeking access to plan assets and participant and beneficiary personal information.

  We recommend that, at least on an annual basis, Plan Management document their understanding of the cybersecurity risks related to the Plan and the controls in place at the Plan sponsor and at the trustee and recordkeeper.

- Annually, the Plan sponsor receives SOC 1 reports from Fidelity Management Trust Company and Complete Payroll Processing. In order to ensure that controls at the vendors are working properly, Plan Management should review and document the user controls within the respective reports and the related controls in place at the Plan sponsor.

Disagreements With Management
We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

Consultation With Other Accountants
We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Significant Issues Discussed or Subject to Correspondence With Management
No significant issues arising from the audit were discussed or were the subject of correspondence with management.

Significant Difficulties Encountered in Performing the Audit
We did not encounter any significant difficulties in dealing with management during the audit.

Management Representations
Attached is a copy of the management representation letter.

Closing
We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the American Rock Salt Company.

This report is intended solely for the information and use of the Plan Administrator and management and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Insero & Co. CPAs, LLP

This representation letter is provided in connection with your audit(s) of the financial statements of the American Rock Salt Company 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018; the related statements of changes in net assets available for benefits for the year then ended; and the related notes to the financial statements.

We have determined that the Plan trustee, Fidelity Management Trust Company, qualifies to issue a certification of the Plan's asset activity under section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified by Fidelity Management Trust Company, other than comparing that information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, that as of September 10, 2020

2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

3. We acknowledge our responsibility for the design, implementation and maintenance of internal controls and programs to provide reasonable assurance that fraud is prevented and detected.

4. We are responsible for making the accounting estimates included in the financial statements. 5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

   Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. 6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the *Risks and Uncertainties* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.

7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

8. Transactions with parties-in-interest, as defined in Employee Retirement Income Security Act of 1974 (ERISA) Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.

9. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.

10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

11. We have no intention to terminate the Plan.

12. We have properly reported and disclosed amendments to the plan instrument, if any.
