The Gill Corporation
Savings & Investment 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the The Gill Corporation Savings & Investment 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on February 1, 1997 under the provisions of Section 401(a) of the Internal Revenue Code (Code) with a cash or deferred arrangement qualified under Section 401(k) of the Code. All employees of The Gill Corporation (the Company) become eligible to participate in the Plan on the date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA) as amended.

Contributions

Participants may contribute a certain amount of their compensation to the Plan as salary deferrals. Participants who have attained age 50 before the Plan year-end are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

At the discretion of the Company's Board of Directors, the Company may make a matching contribution to participants (excluding highly compensated participants) equal to a percentage of the participant’s deferral contributions made during the year. There were no matching contributions for 2019. In addition, the Company may make a discretionary profit sharing contribution to the Plan up to a certain percent of the total compensation paid by the Company to participants eligible to receive contributions for the year. For the year ended December 31, 2019, the Board of Directors approved a profit sharing contribution of 4.5% to eligible employees, which exclude employees of the Company's wholly-owned subsidiaries, Alcore, Inc., and Gill Europe, Limited. Participants become eligible for allocations of profit sharing contributions as of January 1 or July 1 after completing one year of service and must be employed on the last day of the year. Contributions are subject to certain limits.

Participant Accounts

The Plan maintains an individual set of accounts for each participant, wherein each participant directs the investment of his or her account related to the employee contributions and employer match contributions accounts, while the Plan Administrator directs the investment of the Company’s profit sharing contributions accounts, in one or more of the available investment funds. Each participant's account is credited with the participant's contribution and employer matching (if any) and allocations of (a) the Company’s profit sharing contribution, (b) Plan earnings, and (c) forfeitures of terminated participants’ nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of employment, participants generally receive the value of their account in the form of a lump-sum payment. The Plan also allows in-service withdrawals under certain conditions.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's employer matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan repayment terms are for a period not to exceed five years, unless related to the purchase of a principal residence. Loans are secured by the balance in the participant's account and bear interest at fixed rates that range from 4.25% to 9.25% at December 31, 2019, which are commensurate with local prevailing rates at the dates the loans were issued. Principal and interest is normally paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited accounts totaled $52,253 and $48,762, respectively. Forfeited nonvested accounts are to be allocated to eligible participants who have profit sharing accounts on a pro-rata basis based on the participant's compensation for the Plan year. In 2019, forfeited nonvested accounts of $48,646 were allocated to participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for disclosures regarding fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and administrative expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and administrative expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance plus accrued but unpaid interest. Interest income associated with the notes receivable is recorded as earned as per the related loan amortization schedules. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions related to participant loans are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Excess Contributions

Contributions received from participants and earnings for the year is net of $9,762, which was paid in the Plan's subsequent fiscal year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2019.

3. CERTIFICATION BY TRUSTEE

The Charles Schwab Bank (the Trustee) has certified that the following information included in the financial statements as of December 31, 2019 and 2018 is complete and accurate:

a. Investments and participant loans as included in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

b. All information pertaining to investment income, including net appreciation (depreciation), and interest and dividends, in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

c. Schedule of Assets (Held at End of Year) - December 31, 2019.

d. Schedule of Reportable Transactions for the Year Ended December 31, 2019.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of common/collective trusts and mutual funds managed by Charles Schwab Bank, the custodian and trustee, as defined by the Plan. In addition, certain administrative services are provided by the trustee and totaled $18,785 for 2019. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

5. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level 1 - Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments in Level 1 include listed equities and other securities held in the name of the Plan, and exclude listed equities and other securities held indirectly through commingled funds.

Level 2 - Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 - Pricing inputs are unobservable for the investment and include situations where there is little, if any market activity for the investment. The inputs into the determination of fair value require significant management or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds (Registered Investment Companies)

Mutual funds are valued at their quoted market prices.

Common/Collective Trust - Stable Value Fund

The common/collective trust - stable value fund is valued at net asset value (NAV) of the fund provided by the issuer and based on the fair value of the underlying investments which are readily determinable. The net asset value is used as a practical expedient to estimate fair value. The fund invests solely in the Wells Fargo Advantage Stable Value Fund Class M, which invests in fully benefit-responsive investment contracts. Were the Plan to initiate a full redemption of the fund, Wells Fargo reserves the right to temporarily delay the withdrawal up to 12 months. The fund has daily redemption frequency and no unfunded commitments. However, a 12 month notice is required by the Plan for liquidation of the Plan's interest in the fund.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2019	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$ 40,455,806	$ -	$ -	$ 40,455,806
Investments measured at NAV (a)- Common/collective trust fund				8,804,742
Total investments, at fair value				$ 49,260,548

5. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

December 31, 2018	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$31,089,673	$ -	$ -	$ 31,089,673
Investments measured at NAV (a)- Common/collective trust fund				8,596,229
Total investments, at fair value				$ 39,685,902

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. NON-PARTICIPANT DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the non-participant directed investments (participant accounts from profit sharing contributions) are as follows:

	December 31, 2019	2018
Net Assets		
Investments:		
Mutual funds	$ 17,768,263	$ 14,456,657
Common/collective trust - stable value fund	4,277,140	3,839,742
Total investments	22,045,403	18,296,399
Employer's profit sharing contribution receivable	1,313,452	1,067,282
Total net assets	$ 23,358,855	$ 19,363,681

	2019
Changes in Net Assets	
Employer's profit sharing contribution	$ 1,313,452
Net appreciation in fair value of investments	2,466,801
Dividends, capital gains and interest	1,148,659
Benefits paid to participants	(951,631)
Transfer from participant loans	17,893
Net increase in net assets	$ 3,995,174

7. CONCENTRATION OF MARKET AND CREDIT RISK

The Plan's exposure to credit loss in the event of non-performance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

8. TAX STATUS

The Plan obtained its latest determination letter on June 19, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. SUBSEQUENT EVENT

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through September 15, 2020, the date the financial statements were available to be issued.

Subsequent to the plan year end, as a result of a reduction of the Plan Sponsor's workforce due to the Covid-19 pandemic, the Plan experienced a partial plan termination. If a partial plan termination occurs, full vesting in the employer contributions is required for the affected participants. All affected employees who were participants in the Plan became fully vested in their account balances at the date of their partial plan termination.
