NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Columbus Industries, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Columbus Industries, Inc. (the Company) who have completed at least three months of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees that become eligible to participate in the Plan are automatically enrolled in the Plan. The automatic enrollment provision requires a contribution rate of 4% that includes annual increases of 1% up to a cap of 6%.

Contributions

Plan participants may contribute up to 60% of their annual compensation, limited to the maximum salary deferral permitted by the Internal Revenue Code (IRC). The Company contributes to the Plan an amount equal to 50% of a participant's contribution limited to 3% of a participant's eligible compensation. The match contribution is reduced by forfeitures. In addition, the Company may make discretionary profit sharing contributions to the Plan. Participants designate how all Plan contributions are to be invested.

Eligibility and Vesting

Employees become eligible to participate in the Plan after three months of employment.

Vesting in the Plan's matching contributions and earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

Participants are immediately vested in their salary deferral plus earnings thereon.

The benefit payable to a participant or their designated beneficiary is determined by the value of the vested portion of the participant's rollover account, employee contribution account, and employer contribution account as of the valuation date.

Investment Options

A participant may direct all contributions in any of the investment options as allowed by the Plan. Participants may change their investment options at any time.

Allocation of Investment Income

Return on investments of the fund is determined on a daily basis. The change in the value of each fund from the value, as of the preceding allocation date, is allocated among the participants in proportion to the fund balance of their respective accounts to the total fund balances of all such participants in the fund on the preceding allocation date.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Distribution of Benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings, and the vested portion of Company contributions and related earnings, upon normal retirement (age 65), death, termination, or disability.

Forfeitures

Upon termination of employment, a participant's non-vested portion of Company contributions and related earnings are forfeited. These amounts are used to reduce future Company contributions. The total amount used during the year ended December 31, 2019 to reduce Company contributions was \$19,300.

Notes Receivable from Participants

The Plan permits loans to participants at origination, of not less than \$1,000, and not to exceed the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the participants' vested interest in the Plan's assets and are generally due in installment payments of principal plus interest at an interest rate ranging from 4.25% to 9.25%, with maturity dates ranging from two to thirty years.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America and have been applied on a consistent basis.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses of the Plan are partially borne by the Plan. These charges are principally for Trustee fees, record keeping, compliance, and investment advisory fees. The Plan Sponsor absorbs a significant amount of the administrative expenses. Fidelity Management Trust Company is the Trustee and Record Keeper of the Plan. Administrative expenses paid by the Plan totaled \$28,211 for the year ended December 31, 2019.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications have no effect on net assets available for benefits.

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

The Plan Trustee holds the Plan's investments and executes all investment transactions. All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2019 and 2018, interest income, and net appreciation in fair value of investments for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. A summary of information included in the financial statements, which has been certified, is as follows at December 31:

	<u>2019</u>	<u>2018</u>
Investments at fair value	\$ 13,980,847	\$ 10,905,664
Notes receivable from participants	251,590	262,771
Net appreciation in fair value of investments	2,015,447	
Investment income	732,539	

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Money market fund:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)
- *Mutual funds:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)
- *Common Collective Trust Funds -* As permitted by accounting principles generally accepted in the United States of America, the Plan uses net asset value as a practical expedient to determine the fair value of the common collective trust funds. Net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the common collective trust is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. In accordance with GAAP, the common collective trust funds measured at net asset value has not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<u>2019</u>	<u>Total</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Money market fund	\$ 88,200	\$ 88,200	\$ -	\$ -

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE F - PARTY-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Plan Trustee and asset custodian and, therefore, related investment transactions qualify as party-in-interest transactions. Participant notes receivable are available to participants. Related transactions qualify as party-in-interest transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions would be made to the Plan and all accounts would become 100% vested.

NOTE H - SUBSEQUENT EVENTS

Management evaluated all activity of the Plan through August 26, 2020, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes, except as stated below.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19" outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, and operations. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, Plan management is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2020.

NOTE I - INCOME TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.
