ALLIANCE BANCSHARES, INC. 401(k) EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Alliance Bancshares, Inc. 401(k) Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan whereby eligible employees of Alliance Bank and its subsidiaries (the "Bank") are permitted to make tax-deferred contributions and after-tax (Roth) contributions under Section 401(k) of the Internal Revenue Code (IRC). The Bank is a subsidiary of Alliance Bancshares, Inc. (the "Company).

Effective January 1, 2012, the Plan was amended and restated to include an employee stock ownership plan (ESOP) feature. This portion of the Plan operates as a non-leveraged ESOP and is designed to comply with Section 4975(e)(7) and regulations thereunder of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by an administrative committee (the "ESOP Committee"), comprising members appointed by the Board of Directors of the Company. A Director of the Company serves as the Trustee of the Plan, under the directive of the ESOP Committee.

ELIGIBILITY

Employees become eligible for participation at the age of eighteen and upon completing 90 days of service. Once eligible, employees may enroll on the first day of any month. As of March 1, 2019, the Bank acquired 100 percent of the outstanding common stock of Mount Vernon Bankshares, Inc. (MVBI). As a result of the bank acquisition, employees were credited with prior years of service for purposes of determining eligibility. MVBI employees were eligible to participant in the plan and rollover eligible balances on the effective date of acquisition.

CONTRIBUTIONS

A participant may make salary deferral contributions from 1% to 100% of pretax annual compensation, as defined by the Plan, subject to certain maximum limitations imposed by the IRC. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions, subject to the maximum limitation imposed by the IRC. Rollover contributions from qualified plans are allowed.

The Company may make two types of contributions to the Plan: (1) a non-discretionary safe harbor matching contribution, calculated as a match of deferral contributions up to 4% of eligible compensation and (2) a non-elective contribution determined by the Company at its discretion. No such non-elective contribution was made during the year ended December 31, 2019.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and the Company's matching contributions and receives allocations of (1) any discretionary contributions and (2) Plan earnings (losses). Allocations are based on a participant's eligible compensation or account balances, as defined. Only participants with 1,000 hours of service within the Plan year are eligible to receive discretionary contributions and must be an active employee at year end or be an otherwise qualified participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions to the investment options made available by the Plan, except for Company stock and money market funds which fall under the ESOP feature of the Plan. Investment options include various types of pooled separate accounts and group annuity contracts. The Plan does not guarantee any rates of return or investment results.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

VESTING

Participants are immediately vested in their elective deferral contributions, rollover contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in employer discretionary contributions portion of their account, plus earnings thereon, is based on years of service. A participant vests ratably beginning at two years of service and is 100 percent vested after six years of credited service.

VOTING RIGHTS

Company stock held in the Plan shall be voted, tendered and exchanged by the Trustee in accordance with instructions from the ESOP Committee. Notwithstanding the foregoing, participants and/or beneficiaries shall be entitled to direct the voting of any voting shares of Company stock allocated to their accounts. In accordance with instructions from the ESOP Committee, the Trustee shall vote any unallocated shares held by the Trust as well as any allocated shares for which a Participant has failed to give timely voting direction.

FORFEITURES

Any portion of the balance in a participant's account that is not vested will become a forfeiture upon the distribution of the entire vested account balance or upon the occurrence of a break in service, as defined by the Plan. Forfeitures can be used to pay administrative expenses of the Plan, reduce employer contributions or serve as discretionary contributions to remaining participants of the Plan. At December 31, 2019 and 2018, unallocated forfeitures totaled approximately $153 and $67, respectively. During the year ended December 31, 2019, forfeitures received by the Plan totaled $52.

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can be provided from their vested individual account balances upon death, disability, termination or the attainment of early retirement age (ERA) or normal retirement age (NRA), as defined by the Plan. In-service withdrawals are permitted if a participant meets the ERA or NRA provisions or has incurred a financial hardship, as described within applicable sections of the IRC. Distributions are to be made in the form of lump-sum payments, with the exception of distributions from the ESOP.

Distributions from the ESOP feature begin no later than the fifth year following the qualifying event and are to be made in the form of lump-sum payments if the amount of the benefit is less than $1,000. If the benefit exceeds $1,000, the distributions will be made in equal annual installments over a period of five years. Payments attributable to diversification distributions, as described below, are allowed under the Plan.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who elect to diversify can receive a cash distribution or transfer the funds to the 401(k) investment options of the Plan. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. During the first five years proceeding eligibility, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. During the sixth year, an additional 25 percent may be diversified.

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company repurchase any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock determined by an independent appraiser. The Company can pay for the purchase with interest over a period of up to five years after the date the put option is exercised.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their participant accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, excluding Company stock and Roth deferrals. The notes are secured by the balance in the participant's account and bear interest at two percent above the USA Today prime rate posted at the time of loan funding. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 6 for discussion of fair value measurements. See Note 8 for further discussion of the fully benefit-responsive contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are classified as notes receivable and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant fails to comply with the terms of a loan and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment, a deemed distribution, or a combination of the two.

PAYMENT OF BENEFITS

Benefit payments are recorded when paid.

ADMINISTRATIVE EXPENSES

The Company and the Plan participants share in the Plan expenses. All fees related to individual participant activity, including withdrawal and loan origination fees, are charged and deducted from the respective participant's account or investment income. Investment management fees and other service fees are charged to the Plan as a reduction of investment return, are included in the investment income (loss) or administrative expenses reported by the Plan and are allocated to participant accounts based on participant earnings or account balances, as defined. Expenses paid by the Company are excluded from these financial statements.

NOTE 3 - PLAN AMENDMENT

During the 2019 Plan year, the Plan was amended to incorporate the IRS final regulation that will allow more flexibility for participants when considering a hardship distribution from the Plan. The amendment has an effective date of January 1, 2020.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Massachusetts Mutual Life Insurance Company (MassMutual) as agent for Talcott Resolution Life Insurance Company (TRLIC) formerly known as Hartford Life Insurance Company, the custodian of the Plan, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by MassMutual to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

Pooled separate accounts	$ 11,220,420	$ 9,695,789

Net appreciation in fair value of investments	$ 1,730,456	

NOTE 5 - NONPARTICIPANT-DIRECTED INVESTMENTS

Information about net assets and the significant components of the changes in net assets relating to nonparticipant-directed investments at December 31, 2019 and 2018 and for the year ended December 31, 2019 is as follows:

Dividends	168,728	
Net appreciation in fair value of investments	39,600	
Benefits paid to participants	(59,439)	
	$ 149,569	

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are only used if Level 1 or Level 2 inputs are not available.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

		Fair Value Measurements at December 31, 2019		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Money market fund	$ 124,845	$ 124,845	$ -	$ -

Alliance Bancshares, Inc. common stock	5,424,850	-	-	5,424,850
Total	$ 16,770,115	$ 11,345,265	$ -	$ 5,424,850

		Fair Value Measurements at December 31, 2018		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Money market fund	$ 140,876	$ 140,876	$ -	$ -

Alliance Bancshares, Inc. common stock	2,377,602	-	-	2,377,602
Total	$ 12,214,267	$ 9,836,665	$ -	$ 2,377,602

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

Alliance Bancshares, Inc. common stock:	
Balance, beginning of year	$ 2,377,602
Stock purchases	2,318,558
Net appreciation in fair value	728,690
Balance, end of year	$ 5,424,850

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Money market funds: Valued at the per unit price as quoted by the financial institution.

Pooled separate accounts: Valued at the publicly quoted net asset value (NAV) per unit of each separate investment account fund. Each separate account fund publishes its NAV daily and transacts at that price. The separate account funds held by the Plan are deemed to be actively traded.

Alliance Bancshares, Inc. common stock: The value of Company common stock is a Level 3 fair value measurement and is based on an annual independent appraisal. The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP Committee and Trustee, reviews in detail, discusses and approves. The current year appraisal was determined using a combination of a market value approach and income value approach, which is consistent with the prior year and illustrated in the following table:

Instrument	Fair Value	Principle Valuation Technique	Unobservable Inputs
Alliance Bancshares, Inc. common stock	$ 5,424,850	Market	Public comparables
			Earnings and capital multiples
			Discount for lack of marketability
			Value derived from S-corporation status
		Income	Discount rate
			Present value of projected net earnings
			Long-term annual growth rate

NOTE 7 - EMPLOYER COMMON STOCK

The Plan's investment in Company common stock at December 31, 2019 and 2018 is as follows:

	2019	2018
Number of shares	26,207	11,486
Cost	$ 3,467,648	$ 1,149,090
Fair value	$ 5,424,850	$ 2,377,602

NOTE 8 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive group annuity contract issued by TRLIC and serviced by MassMutual. TRLIC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. Such interest rates are reviewed on a quarterly basis for resetting. The average yield during the years ended December 31, 2019 and 2018 was 3.40% and 3.00%, respectively.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by TRLIC and MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, investments in Company common stock and money market accounts maintained by the Bank are party-in-interest and related party transactions.

MassMutual and TRLIC are each considered a party-in-interest. The Plan holds units of pooled separate accounts and guaranteed investment contract issued by TRLIC. Therefore, these investments qualify as party-in-interest investments. Fees paid to MassMutual and other service providers are party-in-interest transactions and are included in administrative expenses in the statement of changes in net assets available for benefits. All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks such as interest rate, credit and overall market volatility risks, as well as valuation assumptions for Company common stock. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 12 - TAX STATUS

The Plan was established as a prototype plan of Ascensus, Inc. and, as such, did not receive an Internal Revenue Service (IRS) determination letter regarding the tax status of the Plan. The IRS has determined by an opinion letter dated March 31, 2008 that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has concluded that there are no uncertain tax positions as of December 31, 2019 and 2018. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan's federal returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 13 - SUBSEQUENT EVENTS

Subsequent to the financial statement date but before the financials were available to be issued, the World Health Organization declared the novel strain coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. As a result of the COVID-19 pandemic, there has been disruptions in business and markets worldwide. The pandemic has also led to volatility in financial markets and has affected, and may continue to affect, the fair market value of Plan assets. The potential economic impact brought by, and the duration of, the COVID-19 pandemic is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 13 - SUBSEQUENT EVENTS - CONTINUED

Subsequent to the financial statement date but before the financials were available to be issued, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions and delay the commencement date for required minimum distributions. Other optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes may be adopted at a later date in accordance with applicable law and IRS guidance.

Management has evaluated subsequent events through September 16, 2020, the date on which the financial statements were available to be issued.
