Note 1 - Plan Description

The following description of Sage 401(k) Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of employers considered part of the control group of Sage Hospitality Resources, LLC (the "Company"). All employees who have attained the age of 20 and have completed at least two months of service are eligible to participate in the Plan, excluding leased employees and employees covered by a collective bargaining agreement that provides retirement benefits under a program different from the Plan. Participation is voluntary and effective the first day of each month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Fidelity Management Trust Company (Fidelity or the "Custodian") functions as custodian and investment manager. Investment management fees and other fees are paid by the Plan in accordance with the plan agreement.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 90 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the participant's contribution, not to exceed 3 percent of the employee's deferred compensation. Designated groups of eligible participants may have their match reduced to 50 percent of elective deferrals up to 4 percent of eligible compensation based upon their participation in an additional company-sponsored savings plan. Additionally, there is a supplemental contribution for certain collectively bargained employees whereby such employees who have completed 1,000 hours during the plan year and are still employed on December 31 will receive a company contribution of up to $0.60 per hour worked, up to a maximum of 40 hours per week.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100 percent vested in the employer match portion of their account after five years of credited service. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service beginning at 20 percent after one year of service and increasing 20 percent for each year of continuous service thereafter. A participant is 100 percent vested after five years of service with the Company.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances totaled $53,027 and $154,747, respectively. Forfeitures of approximately $400,000 for the year ended December 31, 2019 were used by the Plan to fund company contributions and to pay administrative expenses.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.25 percent, which are commensurate with local prevailing rates, as determined periodically by the plan administrator at loan origination. Principal and interest are paid ratably through monthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity or its affiliates. Fidelity is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual basis of accounting.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

See Note 4 for additional information.

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible and recorded as a deemed distribution.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Various administrative costs are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 3 - Unaudited Information

As described in Note 7, prior to December 31, 2019 when substantially all of the plan assets were liquidated in anticipation of transferring plan assets to a new custodian, Fidelity held the Plan's investments and participant notes receivable and executed all related transactions. The investment balances as of December 31, 2018 and income and losses for the year ended December 31, 2019 are included in the accompanying financial statements based solely on information certified by Fidelity. The participant notes receivable and common collective trust fund are not certified as of December 31, 2019.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2019 and 2018.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly.

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Fund

Mutual fund is valued at quoted prices reported in active markets.

Money Market Fund

The money market fund is valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value per share (NAV) of the fund, which is based on the fair value of the fund's underlying assets. There is a put option in place on the investment, which restricts the redemption of the investment until October 2020. The Plan intends to keep the investment with Fidelity through that time.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual fund	$ 1,976	$ -	$ -	$ 1,976
Investments measured at NAV - Common collective trust fund				1,396,401

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018

Investments measured at NAV - Common collective trust fund				1,442,893
Total investments at fair value				$ 41,971,497

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 6 - Reconciliation of the Financial Statements to Form 5500

The accompanying financial statement amounts for contributions receivable as of December 31, 2018; excess contributions payable as of December 31, 2019 and 2018; and contributions and distributions for the year ended December 31, 2019 differ from amounts shown on the Plan's Form 5500 due to the accrual of contributions receivable and excess contributions payable, which have not been recorded on the Form 5500.

Note 7 - Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 14, 2020, which is the date the financial statements were available to be issued.

On December 31, 2019, substantially all plan assets were liquidated in anticipation of being transferred to another custodian, Securian Financial Group, Inc., and were, therefore, reflected as cash within the accompanying financial statements at December 31, 2019. The change in custodian occurred during 2020.
