The Plan Administrator
Trinity Health System 403(b) DC Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Trinity Health System 403(b) DC Plan, which comprise the statements of net assets available for benefits as of December 16, 2019 and December 31, 2018, and the related statement of changes in net assets available for benefits for the period from January 1, 2019 to December 16, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 16, 2019 and December 31, 2018, and for the period from January 1, 2019 to December 16, 2019, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Trinity Health System 403(b) DC Plan

Notes to Financial Statements

December 16, 2019

1. Description of the Plan

The following description of the Trinity Health System 403(b) DC Plan (the Plan) provides general information about the Plan's provisions. Trinity Health System (the Company) is the plan sponsor. The Company became part of the Catholic Health Initiatives (CHI) controlled group on February 1, 2016. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan was effective January 1, 2014, and is a defined contribution plan covering substantially all employees of the Company, except for nonresident aliens. Employees become eligible to start making pretax deferrals into the Plan upon employment and to receive matching and nonelective employer contributions upon attainment of age 18.

The Trinity Health System Committee for Defined Contribution Plans was responsible for the general administration of the Plan through October 2017, at which time the Company's Board of Directors approved the delegation of all administrative, investment, and fiduciary responsibilities to the CHI Retirement Plans Subcommittee. In early 2019, CHI completed its merger with Dignity Health to form a new \$29 billion health system called CommonSpirit Health (CommonSpirit). The Plan was administered by the CHI Retirement Plans Subcommittee until October 16, 2019. The Plan is administered by the CommonSpirit Health Retirement Plans Sub-committee after October 16, 2019 until December 16, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2018, the Plan was amended to freeze all contributions except rollover contributions, which represent distributions from other qualified plans. Participants in the Plan became eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

Effective December 16, 2019, the Plan merged into the Catholic Health Initiatives (ERISA) Employee Savings Plan. Account balances of approximately \$18 million were transferred out of the Plan in connection with this merger.

Participant Accounts

Each participant's account was credited with the participant's rollover contributions and allocations of plan earnings, and was charged with an allocation of administrative expenses. Plan

1. Description of the Plan (continued)

earnings were allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses were based on the participant's account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Participants directed their account balances into various investment options offered by the Plan and could change their investment options on a daily basis.

Vesting

Participants were immediately vested in their contributions and the Company's match made prior to January 1, 2018, plus actual earnings thereon. A participant was 100% vested in the Company's nonelective contribution made prior to January 1, 2018, after three years of credited service.

Forfeitures

Upon termination of employment, participants forfeited their non-vested balances. If a participant was rehired within a five-year period, the forfeited contributions were reinstated. Forfeited balances of terminated participants' non-vested accounts were used to reduce future company contributions prior to April 1, 2018. Effective April 1, 2018, forfeited balances were used to pay administrative expenses of the Plan. Unallocated forfeited balances as of December 16, 2019 and December 31, 2018, were \$0 and \$20,388, respectively, and forfeitures used to pay administrative expenses for 2019 were \$1,821.

Administrative Expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the Plan's provisions.

Payment of Benefits

The benefit to which a participant was entitled was the balance in the participant's account. Distributions from the participant's account could be paid out when a participant attained age 59½, separated from service, retired, died, or became disabled. Hardship withdrawals were allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Participant Loans

Participants could borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of a loan could not exceed five years. The loans were secured by the balance in the participant's account and bore interest at 1% above the *USA Today* published prime rate. A participant could not have more than one outstanding loan at any point in time. If a participant terminated employment with the Company, he or she could continue to make loan payments through a preauthorized check agreement. If the loan was not repaid, it was automatically treated as a distribution to the participant after three months.

Transfers

The Plan permitted participants to elect a plan-to-plan transfer from other 403(b) plans.

2. Significant Accounting Policies

Basis of Accounting

The Plan reports its financial statements on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 16, 2019 or December 31, 2018.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

3. Investments

All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 16, 2019 and December 31, 2018, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the period from January 1, 2019 to December 16, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by MetLife Resources as agent for Reliance Trust Company.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each general type of asset measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	Level 1	Level 2	Level 3	Total
December 16, 2019				
Mutual funds	\$ —	\$ —	\$ —	\$ —
Total assets at fair value	\$ —	\$ —	\$ —	\$ —
December 31, 2018				
Mutual funds	\$ 14,312,410	\$ —	\$ —	\$ 14,312,410
Total assets at fair value	\$ 14,312,410	\$ —	\$ —	\$ 14,312,410

5. Investment Contract With Insurance Company

The Plan invested in a fully benefit-responsive guaranteed investment contract (a traditional investment contract). The issuer maintained the contributions in a general account. The account was credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 1%. Such interest rates were reviewed and could be reset on a quarterly basis.

Notes to Financial Statements (continued)

5. Investment Contract With Insurance Company (continued)

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limited the ability of the Plan to transact at contract value. Such events included termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions could apply. The plan sponsor could choose to pay the market value adjustment directly, if applicable, so that participants' contract values were not affected. The contract was fully liquidated due to the merger discussed in Note 1 with no surrender charges paid by the Plan or the participants.

6. Tax Status

The underlying prototype plan has not received an opinion letter from the Internal Revenue Service (IRS), stating that the underlying prototype plan is qualified under Section 403(b) of the Internal Revenue Code (the Code). However, the plan administrator believes that the Plan has been designed to comply with, and is operating in accordance with, the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Notes to Financial Statements (continued)

6. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Subsequent Events

Management evaluated subsequent events for the Plan through August 6, 2020, the date the accompanying financial statements were available to be issued.
