COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE
September 15, 2020

CONFIDENTIAL

Jim Quinlan, CFO
JAX, Inc. 401(K) Profit Sharing Plan and Trust
Bellvue, Colorado

We have conducted a DOL limited-scope audit of the financial statements of JAX, Inc. Profit Sharing Plan and Trust (the Plan) for the year ended December 31, 2019 and have issued our opinion thereon September 15, 2020. As permitted by *29 CR 2520.103-8* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 5, 2019. Professional standards also require that we communicate to you the following information related to our audit:

Management is responsible for the selection and use of appropriate accounting policies. The significant policies used by the Plan are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. The financial statement disclosures are neutral, consistent, and clear.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no significant estimates that are particularly sensitive to the financial statements.

The financial statement disclosures are neutral, consistent and clear.

We encountered no significant difficulties in performing and completing our audit.

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We noted no such misstatements.

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

We have requested certain representations from management that are included in the management representation letter September 15, 2020.

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

With respect to the supplementary information accompanying the financial statements, we made certain inquires of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and compete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those charged with governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Clausen & Associates

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICES

The following description of JAX, Inc. 40l(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established January 1, 2010 and was amended January 1, 2014. The Plan is available to all employees age 21 years or older who have completed one year of service, except collective-bargaining employees, non-resident aliens, and employees acquired as a result of a stock acquisition, merger, or similar transaction involving a change in JAX, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The management of the Company administers the Plan. Mid Atlantic Trust Company ("Mid Atlantic") serves as trustee, and holds and manages Plan assets. Paychex, Inc. ("Paychex") maintains the Plan's records. Mid Atlantic offers Plan participants a variety of investment options through various mutual funds and a common/collective trust. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions. Participants may make contributions to the Plan under both pre-tax and after-tax Roth deferral methods, not to exceed the annual limit set by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. Employee contributions to the Plan are made through regular payroll deductions. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are permitted to eligible participants over the age of 50, as limited by the IRS.

The Company may make an annual discretionary matching contribution. Employees are eligible to receive employer contributions if they are participating in the Plan, have completed one year of service, and are still employed with the Company at the end of the Plan year. The employer contribution is paid in the year following the reported Plan year.

In addition, the Company may make profit-sharing contributions at its discretion. These contributions are allocated to active participants in the same ratio that the participant's compensation bears to the total compensation of all participants for the Plan year. No discretionary profit-sharing contributions were made to the Plan for the year ended December 31,2019.

Participants' Accounts. Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

NOTE 1 – DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICES - continued

Vesting. Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions. Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1	- %
1	20 %
2	40 %
3	80 %
4	100 %

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan) while an employee, retirement due to disability, or termination of the Plan.

Participant Loans. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, 95% of half of their vested account balances, or 95% of their total vested account balances excluding their Roth deferral balance. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through July 2023. Loans have a maximum term of four and a half years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed ten years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. The balance of the participant loans is $37,375 and $44,992 as of December 31, 2019 and 2018, respectively.

Payment of Benefits. Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum, partial payment, or installment payments in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

NOTE 1 – DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICES - continued

The plan allows in service distributions and partial distributions to participants age 59 1/2 or older who have not terminated employment with the Plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous Plan year and is no longer employed by the Company.

Participant Termination and Forfeitures. If at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. Forfeitures in the amount of $1,694 were applied to reduce employer contributions during the year ended December 31, 2019. The balance of this account at December 31, 2019 and 2018 was $1,694 and $2,757, respectively, recorded in the common/collective trust on the statements of net assets available for benefits.

Valuation of Investments and Income Recognition. Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policy utilizing information provided by the investment advisers, including the appointment of investment managers, and the monitoring of the performance of the Plan's investment funds. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected on the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 – DESCRIPTION OF THE PLAN AND SIGNIFICANT ACCOUNTING POLICES - continued

Risks, Uncertainties, and Concentrations. The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Additionally, some investments held by the Company are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events. The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 2 – ASSETS CERTIFIED BY THE TRUSTEE

Mid Atlantic has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2019 and 2018 and the income earned or losses incurred thereon for the year ended December 31, 2019, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERlSA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

NOTE 3 – ADMINISTRATION OF THE PLAN

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

NOTE 4 – FAIR VALUE ACCOUNTING

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

As of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,903,637	$ -	$ -	$ 2,903,637
Common/collective trusts measured at net asset value*	-	-	-	24,100
Total assets at fair value	$ 2,903,637	$ -	$ -	$ 2,927,737

As of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,271,903	$ -	$ -	$ 2,271,903
Common/collective trusts measured at net asset value*	-	-	-	18,720
Total assets at fair value	$ 2,271,903	$ -	$ -	$ 2,290,623

.

NOTE 4 – FAIR VALUE ACCOUNTING – continued

*Investments measured at net asset value ("NAV") have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

The valuation technique used to measure fair value of the mutual funds and money market fund was based on quoted daily market prices that are directly observable in the marketplace by market participants.

The valuation technique used to measure fair value of the common/collective trust was the quoted NAV as a practical expedient to estimating the fair value, as this investment does not have a readily determinable fair value. NAV is based on the value of the underlying assets and securities, the majority of which have observable Level 1 pricing inputs, including publicly quoted prices for similar assets in active or non-active markets (market approach). The common/collective trust does not have a publicly quoted price. There are no restrictions on a participant's ability to redeem his or her investment in the common/collective trust at the investment's NAV. Trust units may be redeemed on a daily basis. There were no unfunded commitments as of December 31, 2019 and 2018.

There were no changes to the valuation techniques used during the period.

NOTE 5 – INCOME TAXES

The Plan has adopted a prototype plan sponsored by Paychex, which has received a favorable opinion letter from the IRS dated April 10, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

NOTE 7 – RELATED PARTY AND PARTY-in-INTEREST TRANSACTIONS

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 8 – RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Schedule H of Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 3,029,070	$ 2,391,811
Contribution receivable employer	(63,958)	(56,196)
Net assets available for benefits per Schedule H of Form 5500	$ 2,965,112	$ 2,335,615

The following is a reconciliation of net increase in net assets available per the financial statements for the year ended December 31, 2019, to Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 637,259
Change in contributions receivable	(7,762)
Net increase in net assets available for benefits per Form 5500	$ 629,497

Employer contributions and employer contributions receivable, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2019 due to the accrual of employer contributions paid to the Plan subsequent to year-end.

NOTE 9 – ADP/ACP TEST

IRS regulations require that the Plan does not discriminate in favor of highly compensated employees. The IRS developed the ADP/ACP tests to prove discrimination is not occurring in the Plan. The ADP/ACP test for the 2019 plan year did fail. The excess contributions plus earnings were redeemed by the March 15 deadline. One employee participant received a refund and will receive a 2019 Form 1099-R in January 2020 to report their refunds as taxable income for the year 2019. Based on the information reported, the Plan did not fail the requirements in 2018.
