NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 Description of the Plan

The following description of the Sutherland Global Services, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan that covers certain eligible employees of Sutherland Global Services, Inc. (the "Company") that elect to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

ADP, LLC is the recordkeeper of the Plan. Reliance Trust Company is the custodian and trustee of the Plan.

Employee Participation

An employee is eligible to participate in the Plan on the first day of the month following completion of sixty days of service. The Plan excludes employees covered by a collective bargaining agreement, leased employees, and employees who are non-resident aliens.

Contributions

Employee Deferral

Each participant may elect to defer up to 75% of compensation on a pre-tax basis into the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Effective July 15, 2019, the Plan was amended to allow for Roth deferrals.

Employer Match

The Company may make matching contributions equal to a discretionary percentage, as determined by the Company, of each participant's deferral. There were no matching contributions during 2019.

Employer Profit Sharing

The Plan allows for discretionary profit sharing contributions. The contributions shall be allocated to each participant in the ratio of their individual eligible compensation to total eligible compensation. There were no profit sharing contributions during 2019.

Note 1 **Description of the Plan - Continued**

Contributions - Continued

Forfeited Accounts
Forfeitures resulting from matching and profit sharing contributions are to be used to offset administrative expenses. If forfeitures exceed expenses, the excess amount shall be used to reduce the total employer contribution. Participants will forfeit their non-vested account balance upon the earlier of payout or five consecutive one-year breaks in service. There were no forfeitures used to reduce administrative expenses or employer contributions during 2019. Forfeited non-vested accounts amounted to $18,649 and $17,589 as of December 31, 2019 and 2018, respectively.

Vesting
The employee deferral and rollover accounts are fully vested at all times. The employer match and profit sharing accounts are subject to the following vesting schedule:

Years of Service	Vested Percent
Less Than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants who terminate due to normal retirement, death or disability shall automatically become 100% vested.

Participant Accounts
Each participant has his or her own individual account. The accounts are credited with participant contributions, allocations of employer contributions, Plan earnings (losses), and charged with administrative expenses and withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the previous 12 months or 50% of their vested account balance. Participant loans will be withdrawn from fund accounts in a ratio equal to the value each account bears to the total account balance. Loan repayments must be made in equal installments via payroll deductions over a period up to 60 months unless for the purchase of a primary residence which may be made over a period up to 180 months. The loans bear interest at a rate equal to the prime rate plus 1%.

Note 1 **Description of the Plan - Continued**

Distributions
All distributions from the Plan are subject to the Internal Revenue Code ("IRC") sections governing distributions. A participant is eligible to withdraw funds from the Plan for the following reasons:

1. Termination of employment or retirement
2. Hardship as defined by the IRC
3. Death
4. Disability
5. In-Service provided the participant has attained age 59½
6. Required minimum distribution after age 70½ (effective January 1, 2020, the age increased to 72)

Administrative Expenses
Administrative expenses can be paid by the Plan or the Company.

Excess Contributions Payable
At December 31, 2019 and 2018, the Plan has recorded a liability of $652,415 and $512,939, respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Revenue Sharing Account
The Plan has a Revenue Sharing Account which is a suspense account funded with excess revenue generated by the Plan. During the year ended December 31, 2019, the Plan received revenue of $281,909, which is included in other income on the statement of changes in net assets available for benefits. These funds may be used to pay Plan expenses or be distributed to each participant. During 2019, $318,025 of Plan expenses were paid from the Revenue Sharing Account. At December 31, 2019 and 2018, the unused balance in the Revenue Sharing Account totaled $202,233 and $234,453, respectively.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan have been prepared using the accrual method of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 16, 2020, the date that the financial statements were available to be issued.

Note 2 **Summary of Significant Accounting Policies - Continued**

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefits are recorded when paid.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 **Investment Valuation and Income Recognition - Continued**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies: These investments are valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust(s): Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2019	
	Level 1	**Total**
Registered Investment Companies	$ 54,962,293	$ 54,962,293
Common/Collective Trust Measured at NAV [(a)]		6,135,547
Total Investments at Fair Value	**$ 54,962,293**	**$ 61,097,840**

	December 31, 2018	
	Level 1	**Total**
Registered Investment Companies	$ 35,082,224	$ 35,082,224
Common/Collective Trust(s) Measured at NAV [(a)]		15,952,285
Total Investments at Fair Value	$ 35,082,224	$ 51,034,509

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Tax Status**

The Plan adopted a non-standardized form of a prototype plan sponsored by ADP, LLC Services. The prototype plan has received an opinion letter from the Internal Revenue Service, dated July 16, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 4 **Tax Status - Continued**

Throughout 2019, the Plan was under review by the United States Department of Labor ("DOL"). As of the date of these financial statements, the DOL has issued a letter concluding its review, with no further action required to be taken by the Plan.

Note 5 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants become fully vested and nonforfeitable.

Note 6 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the schedule of assets (held at end of year) as of December 31, 2019, the related investment activity (including interest and dividend income and net appreciation in fair value of investments), and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

Note 7 **Related-Party Transactions**

Notes receivable from participants are considered party-in-interest transactions.

Note 8 **Prohibited Transactions**

During 2013 and 2012, the Company failed to deposit $52,269 and $19,366, respectively, of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. As such, the Plan sponsor is required to file Form 5330 and pay the applicable excise tax on the delinquent participant deferrals. The excise tax payments will be paid by the Company and not from assets of the Plan. In 2020, the Company made a corrective contribution for missed earnings on these late deposits. As of the date of these financial statements, the Company has yet to file Form 5330.

Note 9 **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of the financial statements to the Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

	2019	2018
Net Assets Available for Benefits Per the Financial Statements	**$ 61,546,129**	$ 51,694,138
Add: Excess Contributions Payable	**652,415**	512,939

Add: Excess Contributions Payable December 31, 2019	**652,415**	
Less: Excess Contributions Payable December 31, 2018	**(512,939)**	
Net Income Per the Form 5500	**$ 9,991,467**	

Note 10 **Subsequent Events**

Investment Volatility

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and, therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

CARES Act

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by the coronavirus, as defined in the CARES Act. The following is a summary of the main provisions, all of which the Plan has elected to implement:

- Qualified individuals are permitted through December 31, 2020 to take a distribution in an amount up to $100,000 without imposition of the 10% early distribution penalty, and this distribution is not subject to the 20% tax withholding rate. Additionally, individuals taking this distribution have the option to spread the tax over three years with the ability to recontribute up to the full amount of the distribution within three years and not be subject to tax as a result.

Note 10 **Subsequent Events - Continued**

CARES Act - Continued

- Participant loan limit is temporarily increased to the lesser of $100,000 or 100% of the vested account balance. This increase is permitted for loans granted from March 27, 2020 through September 23, 2020.

- Repayments of loans due between March 27, 2020 and December 31, 2020 may be deferred until December 31, 2020.

- Required minimum distributions for calendar year 2020 are waived for retired and retirement aged individuals.
