1. Description of Plan

The following description of the VLS Recovery 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of VLS Parent, Inc. and its subsidiaries (collectively, the "Company" or "Sponsor" or "Employer"). The Plan qualifies as a salary reduction plan under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC, and any subsequent amendments.

Administration of the Plan

Effective February 1, 2016, the Plan appointed Mid Atlantic Trust Company ("MATC") as Trustee for the Plan's assets and Paychex, Inc. as the Plan's recordkeeper.

Eligibility

Employees are eligible to participate in the Plan upon completing three consecutive months of service and attainment of age 18. Nonresident aliens and employees of certain subsidiaries, as defined in the plan document, are not eligible to participate in the Plan.

Contributions

The Plan allows participants to contribute up to 92% of their eligible annual compensation on a pre-tax or after-tax basis, subject to certain limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Eligible participants are automatically enrolled in the Plan, unless they affirmatively decline to participate, at a rate of 3%. Annually on the first day of each plan year, Participants deferral rates will automatically increase by 1% up to a maximum of 6%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to annual Internal Revenue Service ("IRS") limitations. The Employer makes qualified safe harbor matching contributions to the Plan for all participants on a uniform basis equal to 100% of the participant's elective deferrals up to 5%. Furthermore, the Employer may make additional discretionary matching contributions and/or a discretionary profit sharing contribution to the Plan. Eligible employees will receive the discretionary profit sharing contribution if they are employed on the last day of the plan year. The Employer made no additional discretionary matching or profit sharing contributions to the Plan during 2019.

Participant Accounts

The Plan provides for participant directed investment programs for individual participants as provided by the Trustee. Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's qualified safe harbor matching contributions, (b) the Employer's discretionary matching and/or profit sharing contributions, if any and (c) plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options daily.

Vesting

Participants are immediately 100% vested in their entire account balances, including their salary deferral contributions, rollover contributions, employer matching contributions and discretionary non-elective employer contributions, as well as the earnings thereon.

Notes Receivable from Participant Loans

Participants are allowed to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of the participants 50% vested account balance. The notes are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined appropriate by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Note terms range from one year to 54 months or up to ten years for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are payable to participants or to a designated beneficiary in the event of retirement, death, disability, or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Under the plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. In-service distributions may be made from the participant's vested account balance upon attainment of age 59½. Benefits are paid in cash in the form of a lump sum payment, or, in certain instances, installments as defined in the plan document. Upon termination, benefits are paid to a participant as soon as it is administratively feasible and without his or her consent if the vested account balance is less than $5,000.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan classified all participant loans with no payments received for 6 months as in default. Default loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded as a deduction to net assets available for benefits when paid.

Fees and Expenses

To the extent not paid by the Plan, fees and expenses incurred in the administration of the Plan are paid by the Employer. Expenses that are paid directly by the Employer are excluded from these financial statements. Any participant directed expenses, including the administration fee of notes receivable and distributions, are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule, stated at fair value, is complete and accurate.

December 31,	**2019**	**2018**
Mutual funds	$ 9,687,020	$ 7,860,879
Notes receivable from participants	415,162	312,982

Year Ended December 31,	**2019**
Net appreciation in fair value of investments	$ 1,451,628
Interest and dividend income	491,523
Interest income from notes receivable from participants	18,911

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability, or

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes, the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine fair values.

The following is a description for the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of investments is categorized as follows:

	Investment Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,687,020	$ -	$ -	$ 9,687,020
Total Investments, at fair value	$ 9,687,020	$ -	$ -	$ 9,687,020

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,860,879	$ -	$ -	$ 7,860,879
Total Investments, at fair value	$ 7,860,879	$ -	$ -	$ 7,860,879

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the plan document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. Upon termination or partial termination, the assets then remaining shall be subject to the applicable provisions of the plan document then in effect and shall be used until exhausted to pay benefits to participants in the order of entitlement. In addition, all affected participants will become fully vested in their accrued benefits, including employer discretionary contributions and earnings thereon, as of the date of termination. Any unallocated assets of the Plan shall be used in a manner as defined in the plan document.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Tax Status

The Plan uses a Volume Submitter Plan sponsored by Paychex Inc., as adopted by the Employer. The Volume Submitter Plan obtained its latest Advisory Letter on April 10, 2014, in which the IRS stated that the form of the Plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. The Plan has since been amended; however, the Employer believes that the Plan is currently designed in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Employer believes it is no longer subject to income tax examinations for years prior to 2016.

8. Party-In-Interest Transactions

Certain transactions are executed and managed by the Trustee and recordkeeper of the Plan; therefore, certain transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as parties-in-interest transactions. The Plan's management has approved these activities and transactions. Fees paid by the Plan to the Trustee amounted to $4,134 for the year ended December 31, 2019. Fees paid by the Plan to the recordkeeper amounted to $14,037 for the year ended December 31, 2019.

9. Subsequent Events

The Plan has evaluated all subsequent events and transactions through August 28, 2020, the date the financial statements were available for issuance.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has declined in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Increase the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance;
- Extend the period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020.
