POLY-AMERICA, L.P. RETIREMENT PLAN

Notes to Financial Statements

1 - Description of Plan

The following description of the Poly-America, L.P. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan became effective on January 1, 1990 and is a defined contribution 401(k) plan, covering all full-time employees of Poly-America, L.P. (the "Sponsor" and "Administrator") and certain companies related by common ownership (the "Companies"). The Plan Administrator is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Contributions - Participants may voluntarily contribute to the Plan up to 50 percent of their compensation, as defined by the Plan, not to exceed limits imposed by the Internal Revenue Service during the calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Annually, the Companies may elect to contribute a matching percentage of the participants' eligible contributions. During 2019 and 2018, the Companies matched an amount equal to 100 percent of each participant's contribution up to 6 percent of the participant's compensation. The employer matching contributions, net of forfeitures, were $7,080,172 and $6,278,147 in 2019 and 2018, respectively.

In addition, the Companies made a discretionary employer non-elective ("profit sharing") contribution in 2019 and 2018 equal to 1 percent of eligible participants' compensation as defined in the Plan, subject to limits imposed by Internal Revenue Service regulations. The amounts of the profit sharing contributions were $1,632,108 and $1,485,373 in 2019 and 2018, respectively.

C. Participants' Accounts - Each participant's account is credited with the participant's contributions, an allocation of the Companies' matching and profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined within the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Eligibility and Vesting - Employees of the Companies become eligible to participate in the Plan once they have attained the age of nineteen and completed six months of service with the Sponsor. Effective January 1, 2016, employees are automatically enrolled in the plan upon reaching eligibility.

Participants are immediately vested in their contributions plus the allocated earnings thereon. Vesting in the Sponsors' matching and profit sharing contributions plus allocated earnings thereon is based on years of vesting service. A participant is 100 percent vested upon completion of three years of vesting service. A participant becomes 100 percent vested in all accounts without regard to vesting service upon the attainment of age 65, disability or death.

E. Investment Options - Participants may direct the investment of their account balances into any of the Plan's investment options selected by the Retirement Plan Committee. Participants may change their investment options daily.

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes are available only for the purchase of a principal residence for terms not to exceed five-years. Participants are permitted to only have one note outstanding at any time. Notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The range of interest rates in effect for all outstanding notes at December 31, 2019 was 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

1 - Description of Plan (Continued)

G. Payment of Benefits - A participant is entitled to receive a distribution equal to the value of his or her vested account balance upon attainment of the normal retirement age of 65, termination of employment, disability or death. Payments are made to the participant or the participant's beneficiary in a lump-sum. Upon attainment of age 59-1/2, a participant may elect to withdraw all or part of his or her elective deferral contribution account balances. In-service withdrawals of a participant's elective deferral contributions are permitted for amounts necessary to satisfy a financial hardship as defined by the Plan agreement. Effective September 1, 2016, participants may elect to receive installment distribution payments upon reaching the normal retirement age of 65.

If a terminated participant does not request a distribution or direct rollover and his or her account balance is less than $1,000, a distribution of the participant's vested account balance will be made automatically in a lump-sum payment. If a terminated participant's vested account balance is greater than $1,000, but less than $5,000, a distribution of the participant's vested account balance will be made automatically as a direct rollover into an IRA set up for the participant. If a terminated participant's account balance is greater than $5,000 and the participant has reached normal retirement age, the participant may request a partial distribution of his or her vested account balance at any time.

H. Distributions Payable - At December 31, 2019 and 2018, net assets available for benefits included $92 and $11,762, respectively, for distributions to participants who have requested a distribution from the Plan prior to the end of the Plan year.

I. Forfeited Accounts - Forfeitures of non-vested matching contributions may be used to reduce the Sponsor matching contributions. Forfeitures of non-vested profit sharing contributions may be allocated to eligible participants based on compensation as if the forfeitures were an additional profit sharing contribution. Forfeitures may also be used to pay plan expenses; however, none were used for that purpose in 2019.

Forfeitures allocated in each year were:	2019	2018
Non-vested matching contributions	$ 371,940	$ 349,954
Non-vested profit sharing contributions	143,002	126,585

2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recorded when the obligation is incurred.

B. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investments Valuation and Income Recognition - The Plan's investments are reported at fair value as determined and certified by Matrix Trust Company (the "Trustee"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

2 - Summary of Significant Accounting Policies (Continued)

Management fees and operating expenses charged to the Plan for investments in mutual funds and collective investment trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of such investments.

D. Contributions - Participant contributions are recorded when withheld from compensation. Sponsor contributions are recorded in the period in which they become the obligations of the Companies.

E. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions for the year ended December 31, 2019.

F. Administrative Expenses - Substantially all costs of Plan administration are paid directly by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Prior to November 14, 2014, all costs of administering the Plan were paid by the Sponsor. Effective November 14, 2014, fees related to the administration of notes receivable from participants, distributions and administration of qualified domestic relations orders are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

G. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant note balance is reduced and a benefit payment is recorded.

3 - Information Certified by the Trustee

The Sponsor elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.

Net investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: lnputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for that asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common collective investment trusts: Valued at the net asset value ("NAV") of units of a trust company investment trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued using the NAV (or its equivalent) of units held by the Plan at year-end as provided by the Trustee and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These investments are required to publish their daily NAV and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

4 - Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Other (1)	Total
Interest in registered investment companies	$ 9,838,655	$	$	$	$ 9,838,655
Interest in pooled separate accounts				36,191,181	36,191,181
Interest in common collective investment trusts				90,610,470	90,610,470
Total	$ 9,838,655	$	$	$ 126,801,651	$ 136,640,306

	Investments at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Other (1)	Total
Interest in registered investment companies	$ 6,706,880	$	$	$	$ 6,706,880
Interest in pooled separate accounts				33,467,276	33,467,276
Interest in common collective investment trusts				71,133,383	71,133,383
Total	$ 6,706,880	$	$	$ 104,600,659	$ 111,307,539

(1) In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (NAV), or its equivalent, as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

4 - Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as of December 31, 2019 and 2018. There are no participant redemption restrictions for the investments below; any redemption restriction listed is applicable only to the Plan.

	Fair Value Estimated Using NAV Per Share				
	Fair Value December 31,		Unfunded	Redemption	Redemption
Investment	2019	2018	Commitment	Frequency	Notice Period
Pooled Separate Accounts:					
New York Life Anchor Account 35					
Stable Value Option	$ 36,191,181	$ 33,467,276	None	Daily	12 Months
Collective Investment Trusts:					
Aggressive MAP	4,259,961	3,622,292	None	Daily	None
Growth MAP	5,360,684	4,134,431	None	Daily	None
Moderate MAP	70,899,209	54,212,011	None	Daily	None
Conservative MAP	2,507,315	3,052,853	None	Daily	None
Income MAP	7,583,301	6,111,796	None	Daily	None
	$ 126,801,651	$ 104,600,659			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5 - Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and the Sponsor may terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100 percent vested in their accounts.

6 - Federal Income Tax Status

Prior to November 14, 2014, the Plan was a non-standardized prototype profit sharing plan with a cash or deferred arrangement. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated March 16, 2010, that the Plan is acceptable under Section 401(a) of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. That letter on the acceptability of the form of the Plan is not a ruling or determination as to whether an employer's plan qualifies under IRC Section 401(a). However, an employer that adopts the prototype plan may rely on such letter with respect to the qualification of its plan under IRC section 401(a) as provided for in Rev. Proc. 2005-16.

Effective November 14, 2014, the Plan adopted the Sungard Business Systems LLC Volume Submitter 401k Profit Sharing Plan document. Sungard Business Systems LLC has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC.

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

6 - Federal Income Tax Status (Continued)

The Plan Administrator believes the Plan is being designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 146,848,449	$ 120,657,192
Distributions payable	(92)	(11,762)
Net assets available for benefits per the Form 5500	$ 146,848,357	$ 120,645,430

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Net increase in net assets available for benefits per the financial statements	$26,191,257	$ 3,654,459
Change in adjustment from contract value to fair value for common collective investment trusts		40,986
Change in distributions payable	11,670	(3,738)
Net increase in net assets available for benefits per the Form 5500	$26,202,927	$ 3,691,707

POLY-AMERICA, L.P. RETIREMENT PLAN
Notes to Financial Statements

8 - Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Benefits paid to participants per the financial statements	$ 9,061,695	$ 8,841,168
Change in distributions payable	(11,670)	3,738
Benefits paid to participants per the Form 5500	$ 9,050,025	$ 8,844,906

9 - Parties-in-Interest Transactions

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the years ended December 31, 2019 and 2018 for these services totaled $47,682 and $47,330, respectively. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.

10 - Subsequent Events

The Plan has evaluated subsequent events through September 17, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (“COVID-19”) a pandemic. As a result, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
