### 1. Description of the Plan

The following description of the Logos Technologies LLC (the Company) 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all full-time employees of the Company who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### *Contributions*

Eligible participants may contribute between 1% and 90% of their eligible compensation, not to exceed the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions.

The Company may make a discretionary matching contribution and/or a profit sharing contribution to the Plan. For the year ended December 31, 2019, the Company made a discretionary match contribution of each participant's eligible contribution up to 3% of qualified eligible compensation. Employer match contributions, net of forfeitures, totaled \$178,809 for the year ended December 31, 2019. The Company made no discretionary profit-sharing contributions for the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

#### *Participant Accounts*

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, allocations of Company's discretionary matching and/or profit sharing contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant's interest in employer contributions allocated to their account vests ratably over four years of credited service or in the event of death or total and permanent disability.

## Notes to the Financial Statements

---

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance less the highest outstanding loan balance during the previous year. The notes are secured by the balance in the participant's account and bear interest at rates that range from 6.0% to 8.0%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

### ***Payment of Benefits***

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may receive an amount equal to the value of their vested interest in the form of a lump sum payment. Upon termination of service, if the vested value of a participant's account is less than or equal to \$1,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$1,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term, elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

### ***Forfeited Accounts***

The Company maintains a separate forfeiture account with Fidelity Management Trust Company (Fidelity), the Plan custodian and trustee. When an employee terminates employment prior to full vesting, the Plan's cumulative, unvested matching and profit sharing contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Company's forfeiture account. Employees who have had breaks in service with the Company are eligible to restore forfeited employer contributions to their account, subject to the Plan provisions. Forfeited accounts are utilized to reduce employer contributions. As of December 31, 2019 and 2018, the Plan had a total of \$34,132 and \$43,671, respectively, in forfeitures available to offset future employer contributions. Forfeitures totaling \$104,444 were used to reduce employer contributions during the year ended December 31, 2019.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 5 for further information on fair value measurements.

The Plan's shares of mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

## **3. Concentrations of Significant Investments**

As of December 31, 2019 and 2018, the Plan's investment in the Fidelity 500 Index Investment Fund accounted for 11%, respectively, of the Plan's total assets.

### 4. Information Certified by Fidelity Management Trust Company

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

### 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# Logos Technologies LLC 401k Plan

## Notes to the Financial Statements

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

| Assets at Fair Value as of December 31, 2019 |               |                            |         |         |  |

## 6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions with Fidelity qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

## 7. Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Notes to the Financial Statements

### 8. Prohibited Transactions

During the year ended December 31, 2019, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by the United States DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company remitted these contributions to the Plan shortly after the required time frame and remitted lost earnings associated with the late remittances in 2019.

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### 10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balances.

### 11. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 21, 2020, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements, except as follows.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

### Notes to the Financial Statements

---

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is currently evaluating the relief provisions available to plan participants under the CARES Act, including the following:

- Special coronavirus distributions up to \$100,000;
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant’s vested account balance;
- Extend the period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020

Plan management continues to examine the impact that the CARES Act may have on its financial position, results of operations and liquidity.
