NOTE 1 - DESCRIPTION OF PLAN

The following description of the Thryv Savings Plan (formerly known as DexYP Savings Plan) (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General: Thryv Holdings, Inc, formerly known as Dex Media Holdings, Inc., ("Thryv" or "the Company") established the plan effective January 1, 2018. Effective January 1, 2018, the assets and liabilities of the Dex Media Inc. Savings Plan, the YP Holdings, LLC 401(k) Success Sharing Plan, the YP Holdings, LLC Retirement Savings Plan, and certain spun off accounts (generally those for active employees) from the Print Media LLC 401(k) Plan for Non-Bargained Employees (collectively the "Predecessor Plans") were merged into the Plan. All participants and beneficiaries of the Predecessor Plans became participants and beneficiaries of the Plan effective January 1, 2018. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Trustee and Administration of the Plan: The plan administrator is the Company's Employee Benefits and Asset Management Committee ("EBAMC"), which was appointed by the Compensation and Benefits Committee of Company's Board of Directors. The EBAMC has the authority to select, retain, monitor and discharge recordkeepers and is responsible for administering the Plan, including day to day functions, benefit payments, claims, and for effectuating amendments. The EBAMC has authority to remove and/or instruct the trustee, establish and maintain a funding and investment policy and select and monitor funds.

Fidelity Management Trust Company ("Fidelity") is the trustee and custodian for the Plan. Fidelity Workplace Services LLC, a wholly owned subsidiary of the trustee, is the contractual recordkeeping agent for the Plan and Fidelity Investments Institutional Operations Company, a wholly owned subsidiary of Fidelity Workplace Services LLC, provided recordkeeping services and other administrative services for the Plan.

Contributions: Each year, participants may contribute up to 75%, in whole percent increments, of their eligible compensation, as defined in the Plan document. Participant contributions may be on a pre-tax, Roth, or after-tax basis. Employees are automatically enrolled at a 3% pre-tax deferral rate upon becoming eligible to participate in the Plan, which will automatically increase 1% per year until the participant is deferring 10%, and participants may elect to change or discontinue deferrals at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Each pay period, the Company makes safe harbor matching contributions to the account of each eligible employee equal to 100% of the first 3% and 60% of the next 3% of eligible compensation that a participant contributes to the Plan. True-up matching contributions shall be made each plan year to ensure that participants receive the full safe harbor matching contribution for the Plan year, as further described in the Plan document. The Company may, at its discretion, make a performance-based matching contribution to eligible employees on an annual basis. The discretionary performance-based matching contribution shall not exceed 50% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company did not make a discretionary performance-based matching contribution in 2019 and 2018. Contributions are subject to certain limitations.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of Company contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The investment earnings or losses are allocated to each participant's account pro-rata by investment fund.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Investment Options: Participants may direct their contributions into various collective trusts, mutual funds or a brokerage fund offered by the Plan and can change their investment options on a daily basis, subject to the restrictions and procedures as are established by the recordkeeper and the fund prospectus.

Notes Receivable from Participants: Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance, less the highest outstanding loan balance within the past 12 months. Participants may not have more than two note receivables outstanding at any time. The minimum note receivable amount is $1,000. The minimum note receivable term is 6 months and the maximum note receivable term is 57 months unless the proceeds are used to acquire a participant's principal residence, in which case the maximum term is 117 months. The note receivable is secured by the balance in the participant's account. The loans bear interest at a rate of prime plus 2%. Principal and interest is paid ratably through payroll deductions. A participant's note receivable shall become due and payable if such participant fails to make a principal and/or interest payment as provided in the note receivable agreement, subject to a grace period.

Expenses: Account maintenance fees, audit expenses, and investment advisory fees are paid from Plan assets. The Company pays for all other expenses incurred in connection with the administration of the Plan. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Participants are generally 100% vested in all safe harbor matching contributions upon two years of service and discretionary performance-based matching contributions upon completion of three years of service.

For purposes of vesting, years of service are computed as the total time period commencing with the employee's first date of employment and ending on the last date of employment. Participants also become 100% vested in their accounts upon reaching normal retirement age (65), death or disability. There are certain other special events which can cause immediate vesting as further described in the Plan document.

Forfeitures: The amount of any non-vested forfeiture attributed to a participant's break in service as specified by the Plan document may be used to restore the participant's forfeited employer contribution, fund Company contributions, or pay expenses. For the year ended December 31, 2019, $1,456,014 of forfeitures were applied to offset Company safe harbor matching contributions reflected in the financial statements. $472,693 of $1,456,014 were accrued in 2018. The remaining balance of forfeitures available to offset future Company safe harbor matching contributions and administrative expenses as of December 31, 2019 and 2018 was $340,869 and $232,756, respectively.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Terminated participants who do not elect a distribution type and have an account balance of less than $5,000 must take an immediate distribution. If the amount is more than $1,000 but less than $5,000, and the participant does not elect to receive the distribution directly in a lump sum and does not elect to have the distribution paid directly to an eligible retirement plan in a direct rollover, then the Plan Administrator will direct payment of the distribution in a direct rollover to an individual retirement plan ("IRA") designated by the EBAMC.

Participants may elect to receive a partial distribution of their vested account balances. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or paid in annual, semiannual, quarterly, monthly, or bi-weekly installments for a period of years, selected by the person exercising the election. Participants may also elect to transfer their benefit to another qualified retirement plan or IRA. In certain circumstances, participants may make voluntary in-service withdrawals and hardship withdrawals if certain criteria are met and subject to certain limitations as outlined in the Plan document.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 17, 2020, which is the date the financial statements were available to be issued.

Effective May 9, 2020, no safe harbor matching contributions will be made to the Plan for pay dates on or after May 15, 2020.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others. In response to the coronavirus, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted on March 27, 2020. As allowed under the CARES Act, the Company is allowing for in-service coronavirus-related distributions up to $100,000 and is allowing loan repayment relief for qualifying loans to 2021.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is based on the price that would be received by the Plan to sell an asset or paid to the Plan to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the Plan's principal or most advantageous market for the asset or liability.

The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions and the related Company matching contributions are recorded in the period payroll deductions are made.

Payments of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit loss, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments, and notes receivables from participants included in the financial statements, including the associated interest, dividends and net appreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity, the trustee. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Self-directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2019 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2019 and 2018, certain investments held by the Plan are managed by an affiliate of Fidelity, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. These transactions, however, are exempt from the prohibited transaction rules under ERISA. Certain administrative functions are performed by officers or employees of the Company, and no such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 14, 2019 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

As noted in the December 31, 2017 year-end financial statements of the Dex Media, Inc. Savings Plan, on December 10, 2009, plaintiff, a former employee with a history of litigation against the Company, individually and on behalf of others allegedly similarly situated filed a putative class action against certain of the Company's current and former officers, directors and members of the Company Employee Benefits Committee. The complaint seeked to recover alleged losses to the various savings plans that were allegedly caused by the breach of fiduciary duties in violation of ERISA by the defendants in administrating the plans from November 17, 2006 to March 31, 2009. The complaint alleged that the defendants wrongfully allowed all the plans to invest in Idearc common stock, that the defendants made material misrepresentations regarding the Company's financial performance and condition, that the defendants had divided loyalties, that the defendants mismanaged the plan assets, and that certain defendants breached their duty to monitor and inform the committee members of required disclosures. The plaintiffs seeked unspecified compensatory damages and reimbursement for litigation expenses. A class was not certified.

On April 1, 2010, another plaintiff filed a virtually identical case against the named defendants. After a consolidation motion, the plaintiffs filed a consolidated complaint on April 23, 2010, with the identical allegations. The Company defendants filed a motion to dismiss the complaint on June 22, 2010. On March 16, 2011, the Court granted the Company defendants motion dismissing the case entirely. The plaintiffs re-pleaded the complaint and the Company defendants filed another motion to dismiss the amended complaint. On March 15, 2012, the court granted the Company defendants' second motion dismissing the case with prejudice. On July 9, 2013, the 5th U.S. Circuit Court of Appeals issued a decision affirming the dismissal of the trial court.

On July 23, 2013, the plaintiffs filed a petition for rehearing en banc with the 5th U.S. Circuit Court of Appeals which was denied. The plaintiffs filed a Petition for Writ of Certiorari with the United States Supreme Court. After the Supreme Court's decision in Fifth Third Bancorp v. Dudenhoeffer, the court granted plaintiffs' writ vacated the 5th Circuit opinion and remanded the case to the 5th Circuit to rule in conformity with the Fifth Third opinion. Subsequently, the case was remanded to the trial court. On February 17, 2015, the plaintiffs filed an amended complaint and on February 26, 2016 the Court granted the defendants motion to dismiss the amended complaint and also granted leave to file an amended complaint. On April 8, 2016 the defendants' moved to dismiss the amended complaint, which the court granted with prejudice on October 4, 2016.

On November 2, 2016, plaintiffs filed a notice of appeal, and they filed their opening brief on February 13, 2017. On April 14, 2017, defendants filed a brief in support of affirming the district court's judgment, and the parties' briefing concluded on April 28, 2017. Oral arguments were held on December 4, 2017. On June 27, 2018, the 5th U.S. Circuit Court of Appeals issued an opinion affirming the district court's dismissal of the plaintiffs' action. The plaintiffs failed to appeal to the Supreme Court by the deadline of September 25, 2018 therefore the case is closed and no longer a potential commitment to the Company.
