Beckstoffer Vineyards Safe Harbor
401(k) Retirement Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Beckstoffer Vineyards Safe Harbor 401(k) Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Beckstoffer Vineyards Safe Harbor 401(k) Retirement Savings Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year for the years ended December 31, 2019 and 2018 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

(1) DESCRIPTION OF PLAN:

The following description of the Beckstoffer Vineyards Safe Harbor 401K Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan was formed January 1, 2001. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service, 1000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan Sponsor contributes a percentage of the Participant's Elective Deferral. The employer matches participant elective deferrals up to 6% of the participant's compensation as a safe harbor matching contribution. The Plan sponsor made safe harbor matching contributions of $432,316 and $395,216 for the years ending December 31, 2019 and 2018, respectively. Additional amounts may be contributed at the option of the Company's board of directors.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contribution, the Company's matching contribution and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

(1) DESCRIPTION OF PLAN: (Continued)

e. The Auditor

The auditor of these financial statements was engaged to perform a full-scope audit and therefore these financial statements do not include additional illustrative disclosures that might be applicable for a DOL limited-scope audit relating to certified investment information.

f. Investment at Contract Value – Key Guaranteed Portfolio Fund

Key Guaranteed Portfolio Fund – Provides a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of Great-West Life & Annuity Insurance Company back these guarantees. These assets are primarily investment grade quality, fixed income bonds.

g. SEC Registrant

Neither the plan nor its plan sponsor is an SEC registrant or filer.

h. Investment Options

Upon enrollment in the Plan, participants can direct employee and employer match contributions into investment funds maintained by Great-West Financial.

Participants may change their investment options daily.

i. Payment of Benefits

When a participant retires or terminates employment, benefits will automatically be paid in installments or a lump sum amount equal to the vested value of their account balance. Benefits are recorded when paid.

(2) SUMMARY OF ACCOUNTING POLICIES:

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and using GAAP as promulgated by FASB.

b. Investments at Fair Value

Investments held by a defined contribution plan are required to be reported at fair value.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

c. Investment at Fair Value Valuation and Income Recognition

Investments in mutual funds are reported at fair value based on quoted market prices when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments purchased and sold as well as held during the year.

d. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

e. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the I.R.S. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

f. Payment of Benefits

Benefits are recorded when paid.

(2) SUMMARY OF ACCOUNTING POLICIES: (Continued)

g. Subsequent Events

The Plan has evaluated subsequent events through September 11, 2020, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

(3) FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value held by the Plan.

		June 30, 2019	June 30, 2018
Traditional Investment Contract	$	1,566,205	1,287,217

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code

2. Premature termination of contracts

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

(4) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(5) PLAN ADMINISTRATION:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. The employer pays the salaries and related benefits of the accountants who maintain the plan's records. The employer also contributes the office space where the business of the plan is conducted and where their records are kept. The employer also pays the administrative fees for the annual audit of the plan.

(6) RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Empower Retirement provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Empower Retirement. Empower Retirement receives revenue from mutual fund service provides for services Empower Retirement provides to the fund. This revenue is used to offset certain amounts owed to Empower Retirement for its administrative services to the Plan.

If the revenue received by Empower Retirement from such mutual fund service providers exceeds the amount owed under the MSA, Empower Retirement remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During December 31, 2019 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Empower Retirement for administrative expenses not covered by revenue sharing.

The Key Guaranteed Portfolio Fund is managed by Empower Retirement. Empower Retirement is the record keeper for the Plan and, therefore, this qualifies as a party in interest transaction.

Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan sponsor.

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the net asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(8) FAIR VALUE MEASUREMENTS: (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
