NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - The Tourneau LLC 401(k) Employee Savings Plan (the "Plan"), as amended, is a defined contribution plan as described in the Internal Revenue Code section 401(k) sponsored by Tourneau LLC (the "Company"). The Plan was adopted on January 1, 1995 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company is the trustee of the Plan. ADP Inc. is the third-party administrator of the Plan.

During 2018, Tourneau LLC, the Plan sponsor, was acquired by Bucherer AG of Switzerland.

Plan Amendments - The Plan was amended effective August 13, 2018 to add Carl F. Bucherer North America, Inc. as a participating employer, and to grant prior service credit for eligibility, vesting and contribution allocation purposes to its employees, as well as to the employees. of Baron & Leeds, Inc. and TMDW, Inc., U.S. entities owned by Bucherer.

Carl F. Bucherer North America, Inc. ("CFBNA") adopted the Plan as of August 1, 2018 and its employees discontinued participating in a prior plan that had a discretionary employer match. The Company's Board of Directors elected to make a matching contribution to the Plan for such employees in the amount of 100 percent of their regular or Roth elective deferral contributions up to 4 percent of eligible compensation for the year ended December 31, 2019, providing that such contributions do not exceed any regulatory or testing limits. Employer contributions credited to three CFBNA employees who were eligible to receive such matching contributions during the year ended December 31, 2019 aggregated $14,919.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - Employees of the Company, excluding leased employees and interns, become eligible to participate in the Plan on the first day of the month after attaining age twenty-one and completing two consecutive months of service.

1. PLAN DESCRIPTION (continued)

Contributions and Vesting - Participants in the Plan may make pre-tax salary deferral contributions (referred to as "regular 401(k) deferrals") from 1 percent to 70 percent of their compensation, and may make Roth 401(k) deferrals on an after-tax basis, subject to section 401(k) maximum limitations ($19,000 in 2019). Under the Plan's automatic enrollment feature, once an employee meets the Plan's eligibility requirements, 3 percent of salary is automatically deducted and contributed to the Plan as regular 401(k) deferrals, unless the employee specifies a different percentage, elects to make Roth contributions, or elects not to contribute to the Plan.

Employees who have attained age 50 before the close of the Plan year are eligible to make catch- up contributions of up to $6,000 annually.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions.

Contributions from participants consisted of the following for the year ended December 31, 2019:

Regular pre-tax 401(k) deferral contributions, including catch-up contributions	$ 1,820,637
Roth after-tax 401(k) deferral contributions, including catch-up contributions	141,531
Rollover contributions	10,956
Total contributions from participants	$ 1,973,124

The Plan provides for discretionary employer matching contributions. Employer matching contributions were declared on behalf of certain CFBNA employees for 2019.

Participants are fully and immediately vested with respect to their elective deferral contributions and earnings thereon. Participants vest in employer contributions and earnings thereon at the rate of 20 percent after two years of service, increasing 20 percent per year thereafter, until fully vested after six years of service. Participants would also deemed to be fully vested in employer contributions and earnings thereon upon attainment of normal retirement age (65), disability, or death.

1. PLAN DESCRIPTION (continued)

Forfeitures – When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to reduce future employer contributions or to pay Plan expenses. Unallocated forfeitures as of December 31, 2019 amounted to $12,049.

Distributions to Participants - Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 1/2, or death. A participant's benefit is paid in the form of a lump sum payment or a rollover to another qualified plan. Payment shall be made as soon as administratively feasible following the date on which the event occurs provided that the participant's consent is obtained for distributions of amounts in excess of $5,000. A participant with an account balance in excess of $5,000 may elect to defer payment until attainment of age 70 1/2 or if still employed beyond that age, until retirement (see Note 7 for a description of amendments to required minimum distributions rules.) In the absence of the participant's election, if the account balance is between $1,000 and $5,000, an automatic rollover is made to an individual retirement account set up on behalf of the participant. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined by the Plan administrator based on the prime rate plus one percent, remains fixed for the duration of the loan. The interest rate ranged from 4.25% to 6.50% percent per annum on loans outstanding during the year ended December 31, 2019. Principal and interest is paid ratably through various biweekly payroll deductions over periods of 1 to 5 years, or up to 10 years for purposes of using loan proceeds in the purchase of a primary residence.

1. PLAN DESCRIPTION (continued)

Administrative Expenses - A substantial portion of administrative expenses incurred in connection with the management of the Plan are paid by the Company. In accordance with Plan provisions, the Company may, at any time, elect to have some or all of such expenses paid by the Plan. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account. Under fee arrangements with ADP Inc., the Plan's third-party administrator, and Morgan Stanley, the Plan's investment advisor, administrator and investment advisory fees are allocated directly to participants' accounts. Administrative expenses for the year ended December 31, 2019 consist of recordkeeping, loan and distribution fees paid to ADP, Inc. and investment advisory fees paid to Morgan Stanley.

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties - The Plan provides for various participant-directed investment options in securities including mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events - The Plan has evaluated subsequent events through September 14, 2020, the date the financial statements were available to be issued (see Note 7).

3. INCOME TAX STATUS

In July 2014, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would likely not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

Other income:	
Interest income on notes receivable from participants	$ 23,912

4. INVESTMENTS CERTIFIED BY THE TRUSTEE (continued)

Investments in mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term. The mutual funds also include T. Rowe Price Retirement Funds with varied target retirement dates. See Note 5 for a description of mutual funds stated at fair value.

Investment in common/collective trust fund - The Reliance Trust Company Stable Value Fund - MetLife Series 25157 Class 0 ("MetLife Series 25157") is a common/collective trust fund issued and administered by Metropolitan Life Insurance Company ("MetLife") under its Group Annuity Contract No. 25157 (the "Contract"). Reliance Trust Company, the trustee of the MetLife Series 25157, is also the trustee of the Plan. The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife and managed by Reliance Trust Company, which provides annual audited financial statements for the common/collective trust fund.

See Note 5 for a description of the measurement of the common/collective trust fund stated at fair value.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. FAIR VALUE MEASUREMENTS (continued)

Level 2 – Inputs to the valuation methodology include:

* quoted prices for similar assets or liabilities in active markets;

* quoted prices for identical or similar assets or liabilities in inactive markets;

* inputs other than quoted prices that are observable for the asset or liability;

* inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds - Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund - The fund is valued at the net asset value of the units of the common/collective trust. The net asset value is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the MetLife Series 25157 held by the Plan, the issuer reserves the right to require 60 days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,502,460	$ -	$ -	$ 17,502,460
Total assets in the fair value hierarchy	$ 17,502,460	$ -	$ -	17,502,460
Investments measured at net asset value (a)				2,920,573
Investments at fair value				$ 20,423,033

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,733,787	$ -	$ -	$ 14,733,787
Total assets in the fair value hierarchy	$ 14,733,787	$ -	$ -	14,733,787
Investments measured at net asset value (a)				2,716,137
Investments at fair value				$ 17,449,924

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
December 31, 2019				
Reliance Trust Company Stable Value Fund - MetLife Series 25157	$ 2,920,573	N/A	Daily	60 days
December 31, 2018				
Reliance Trust Company Stable Value Fund - MetLife Series 25157	$ 2,716,137	N/A	Daily	60 days

6. RELATED-PARTY TRANSACTIONS

The Plan holds a common/collective trust investment in the Reliance Trust Company Stable Value Fund Series 25157, for which the trustee is also the trustee of the Plan. Transactions with the trustee and its affiliates qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Administrative expenses in the accompanying statement of changes in net assets available for benefits represents the aggregate of fees paid to ADP Inc. as third-party administrator and Morgan Stanley as investment advisor (see Note 1).

7. SUBSEQUENT EVENTS

During March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market value of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess and will depend on future developments that are highly uncertain and cannot be predicted.

7. SUBSEQUENT EVENTS (continued)

The Plan has implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") and Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which were signed into law on December 20, 2019 and March 27, 2020, respectively. The SECURE Act raises the age for required minimum distributions from 70 1/2 to 72. The CARES Act allows certain eligible individuals to take COVID-19 related distributions, temporarily increases participant loan borrowing limits and allows for the suspension of repayments on participant loans through December 31, 2020, and suspends required minimum distribution rules during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
