ICM Ventures/EMS Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of ICM Ventures/EMS Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan was established on February 1, 1995, and is a defined contribution plan covering nonunion employees of ICM Ventures, Inc. and Energy Management Solutions, Inc. (the Company). Full-time employees are eligible after completing six months of service and part-time employees must have at least 1,000 hours of service within the Plan year to be eligible. Entrance dates are the first day of each calendar quarter coinciding with or following the eligibility date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change in trustee and record keeper: Effective June 3, 2019, the Plan changed its trustee and record keeper from INTRUST Bank, N.A., to Prudential Bank & Trust, F.S.B. The Plan was restated effective June 3, 2019, in connection with this change.

Contributions: Participants may elect to contribute to the Plan, in the form of pretax or after tax (Roth) deferrals, up to 90% of their eligible compensation, as defined in the plan documents, or the maximum amount allowable by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes safe harbor matching contributions equal to 100% of employee elective deferral contributions that are not over 3% of compensation, plus 50% of employee elective deferral contributions that are over 3%, but are not over 5%, of compensation. Participant and employer contributions are subject to certain limitations.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's salary deferral contributions, employer contributions, and account earnings, and may be charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan, which are more fully described in the Plan's literature. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in their account balances at all times.

Notes receivable from participants: Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note repayment terms generally may not exceed five years. Only one note per participant may be outstanding at a time. The notes are secured by the balance in the participant's account and bear interest at 4.25% to 6.50% as of December 31, 2019, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of benefits: Withdrawals are allowed in the event of termination, death, retirement or attainment of age 59½. The Plan also allows hardship distributions, as defined, subject to certain restrictions. Payments are made in the form of a lump-sum distribution or installments. If a participant terminates employment and the individual's vested interest in the Plan does not exceed \$5,000 and is greater than \$1,000, the distribution will be automatically rolled over into an individual retirement account. If the vested interest is less than \$1,000, the distribution will be paid out in cash.

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Fully benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Note receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain operating expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account. Investment-related expenses are included in net appreciation (depreciation) in the fair value of investments.

Subsequent events: Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. As a result, the Plan's investments have incurred significant fluctuations in fair value since December 31, 2019. The full impact of the coronavirus outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Effective January 1, 2020, the Plan was amended to make safe harbor matching contributions equal to 100% of employee elective deferral contributions that are not over 3% of compensation, plus 50% of employee elective deferral contributions that are over 3%, but are not over 6%, of compensation.

Effective April 1, 2020, the Plan was amended to remove the six-month service requirement for full-time employees to participate in the plan and receive employer safe harbor matching contributions. Entrance dates remain as the first day of each calendar quarter.

The Plan Administrator has evaluated subsequent events through September 9, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Current and Former Trustees

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the current and former trustees and furnished to the Plan Administrator. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the current trustee, certified the balances as of December 31, 2019, and INTRUST Bank, N.A., the former trustee, certified the balances as of December 31, 2018, in the table below. The Plan Administrator has obtained certifications from the current and former trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2019	2018
Cash	\$ -	\$ 1,613
Investments, at fair value:		
Mutual funds	42,827,434	37,616,177
Pooled separate accounts	6,873,777	-
Money market fund	-	2,381,375
Investments, at contract value:		
Guaranteed income fund	2,476,155	-
Notes receivable from participants	928,924	813,968
	<u>\$ 53,106,290</u>	<u>\$ 40,813,133</u>

The current trustee also certified to the completeness and accuracy of \$4,349,630 of net appreciation in fair value of investments, \$568,874 of interest and dividends related to the aforementioned investments, and \$24,826 of interest income on notes receivable from participants for the period from June 3, 2019 to December 31, 2019. The former trustee also certified to the completeness and accuracy of \$3,442,397 of net appreciation in fair value of investments, \$110,009 of interest and dividends related to the aforementioned investments, and \$15,621 of interest income on notes receivable from participants for the period from January 1, 2019 to June 2, 2019.

ICM Ventures/EMS Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the net asset value of identical shares as determined in active markets, held by the Plan at year-end.

Pooled separate accounts: The unit value of pooled separate accounts is calculated based on the observable NAV of the underlying investments at the end of the Plan year. The NAV is used as a practical expedient to estimate fair value.

Money market fund: The money market fund is valued at net asset value (NAV) of shares held by the Plan as of year-end, which approximates fair value, as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ICM Ventures/EMS Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		December 31, 2019			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 42,827,434	\$ -	\$ -	\$ 42,827,434
Total assets in the fair value hierarchy		<u>\$ 42,827,434</u>	<u>\$ -</u>	<u>\$ -</u>	<u>42,827,434</u>
Investments measured at net asset value (a)					6,873,777
Total assets at fair value					<u>\$ 49,701,211</u>

		December 31, 2018			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 37,616,177	\$ -	\$ -	\$ 37,616,177
Total assets in the fair value hierarchy		<u>\$ 37,616,177</u>	<u>\$ -</u>	<u>\$ -</u>	<u>37,616,177</u>
Investments measured at net asset value (a)					2,381,375
Total assets at fair value					<u>\$ 39,997,552</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of		Redemption Frequency	Redemption Notice Period
	2019	2018		
Pooled separate accounts	\$ 6,873,777	\$ -	Immediate	None
Money market fund	-	2,381,375	Daily	None

Investments in this category can be redeemed daily or immediately, as noted in the table above, at the current NAV per share based on their fair value of the underlying assets. There were no unfunded commitments for the investments where NAV is available as a practical expedient.

The objective of the money market fund was to provide current income consistent with stability of principal and liquidity, and it invested primarily in short-term U.S. Treasury and government securities.

ICM Ventures/EMS Retirement Plan

Notes to Financial Statements

Note 5. Guaranteed Income Fund

The Plan has a fully benefit-responsive guaranteed income fund, which is an unallocated deposit administration contract with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Prudential. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed income fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any events that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The guaranteed income fund contract does not permit the insurance company to terminate the agreement prior to 90 days' written notice.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan has adopted a prototype, nonstandardized profit sharing plan sponsored by Foulston Siefkin LLP. The prototype plan had obtained an opinion letter dated March 31, 2014, in which the IRS stated that the form of the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the prototype plan was adopted subsequent to the date of the IRS opinion letter, and the Plan has been amended since adopting the prototype plan, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

ICM Ventures/EMS Retirement Plan

Notes to Financial Statements

Note 7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has no uncertain tax positions that require adjustment to or disclosure in the financial statements. Therefore, no provision or liability for income taxes is included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions and Party-In-Interest Transactions

The Company provides certain administrative services to the Plan for which no fees are charged. Lockton Investment Advisors, LLC provides investment advisory services to the Plan. Fees paid by the Plan to Lockton Investment Advisors, LLC were \$30,000 for the year ended December 31, 2019. INTRUST Bank, N.A. provided certain administrative services to the Plan. Fees paid by the Plan to INTRUST Bank, N.A. were \$55,641 for the year ended December 31, 2019. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company provide certain administrative and asset management services to the Plan. Fees paid by the Plan for these services were \$36,348 for the year ended December 31, 2019. Certain Plan investments as of December 31, 2019, are pooled separate accounts and a guaranteed income fund managed by Prudential Retirement Insurance and Annuity Company. These transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

Note 10. Transfer In

A resolution was passed on December 28, 2018, to terminate the ICM Ventures, Inc. Employee Stock Ownership Plan, which was also sponsored by the Company, effective January 1, 2019. Participants could elect to roll over their account balance to the ICM Ventures/EMS Retirement Plan or another qualified retirement plan, or take a cash distribution. If the participant made no election, their account balance, by default, would be transferred to the Plan. To facilitate the ability to do a trustee-to-trustee transfer from the ICM Ventures, Inc. Employee Stock Ownership Plan into the Plan for participants that did not make an election, a resolution was passed on October 14, 2019, to convert the ICM Ventures, Inc. Employee Stock Ownership Plan from a stock bonus plan to a profit sharing plan and to approve such transfers. As a result, all remaining undistributed assets of the ICM Ventures, Inc. Employee Stock Ownership Plan were transferred to the Plan in December 2019, and the Plan had legal control and responsibility of the transferred plan assets prior to December 31, 2019. Accordingly, the Plan recognized a transfer in from the ICM Ventures, Inc. Employee Stock Ownership Plan of \$501,792 in its statement of changes in net assets available for benefits for the year ended December 31, 2019.
