Notes to Financial Statements

Note 1: Description of Plan

The following description of the Krinos Foods, LLC and Athens Foods, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of the Company, Krinos Foods, Inc., as well as participating employers, Athens Foods, Inc., KT Holdings, Inc., and Krinos Foods Atlanta, LLC. All employees, except leased employees, who attain age 21 and complete 1 year of service shall be eligible to participate in the Plan. Participants should refer to the Plan document and addendums for a more complete description of the Plan's provisions. The Plan was recently amended and restated effective February 5, 2015, to bring the Plan into compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes, specifically the 6-year pre-approved plan restatement for Volume Submitter plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

The Plan allows each participant to elect to defer up to 90% of the participant's annual compensation to the Plan. However, a participant's total deferrals in any taxable year may not exceed a certain dollar limit which is set by law. The Company makes a matching contribution on behalf of each eligible participant in an amount equal to 100% of participant deferrals provided, however, deferrals in excess of 50% of the participant's compensation will not be considered for a matching contribution and matching contributions will not exceed $1,000 per participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and allocations of earnings or losses thereon and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and any rollover contributions plus actual earnings (losses) thereon. Company matching contributions vest ratably over four years of employment.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Effective January 1, 2019, for loans qualifying under the Disaster Relief Act, Tax Cuts and Jobs Act (TCJA), and the Bipartisan Budget Act (BBA), the maximum limit may be increased to $100,000 or 100% of their account balance. Loan terms may not exceed five years, unless the proceeds are used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined by taking into account interest rates being charged at the time of the loan (prime rate plus 1%). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants' benefits under the Plan are payable to participants, their beneficiaries or their estates upon the severance of employment, normal retirement, late retirement, disability, death or hardship. All distributions from the Plan will be made in one lump sum cash payment.

Forfeitures

Under the Plan, forfeited nonvested contributions attributable to employer matching contributions may be used by the Plan for the payment of Plan expenses or to reduce Company contributions. At December 31, 2019 and 2018, forfeiture balances totaled $3,035 and $2,606, respectively. Forfeitures in the amount of $5,175 were used to pay administrative expenses during 2019.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Excess Contributions Payable

At December 31, 2019, amounts payable to participants totaling $25,528 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction for corrective distributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2020, which is the date the financial statements were available to be issued.

Beginning in March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. Due to the uncertainty surrounding the COVID-19 situation, the impact on the Company's results of operations, cash flows, and financial conditions, and the extent of any impact to the Plan, cannot be reasonably estimated or determined at this time.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events (Continued)

The Plan has implemented certain optional provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, including coronavirus-related distributions. Required plan amendments for these provisions must be made by the last day of the plan year beginning on or after January 1, 2022.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3: Fair Value Measurements (Continued)

Common collective trust fund: Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, determined by the Trustee, is based on the fair values of the underlying investments held by the fund less liabilities. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,501,039	$ -	$ -	$ 12,501,039
Common collective trust fund	-	1,528,787	-	1,528,787
Total investment assets at fair value	$ 12,501,039	$ 1,528,787	$ -	$ 14,029,826

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,891,155	$ -	$ -	$ 9,891,155
Common collective trust fund	-	1,934,929	-	1,934,929
Total investment assets at fair value	$ 9,891,155	$ 1,934,929	$ -	$ 11,826,084

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan to Stone Hill Fiduciary Management for investment management services were $5,000 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Company adopted a nonstandard prototype document with an IRS opinion letter dated March 31, 2014, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties and Concentration of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, two investment securities represented 28% and 33% of plan net assets, respectively.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
