Plan Administrator and Plan Management
Statewide Tire 401(k) Plan
Vandalia, Illinois

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Statewide Tire 401(k) Plan (Plan) as of and for the year ended December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements. Management has a responsibility for the selection and use of appropriate accounting principles and their application.

Alternative Accounting Treatments

No matters are reportable.

Management Judgments and Accounting Estimates

No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Parties-in-interest transactions
- Disclosure about fair value of Plan assets
- Plan merger

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts and disclosures. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated.

As a result of the 2019 audit, no adjustments were proposed.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Disagreements With Management

No matters are reportable.

Other Material Communications

Other material written communications between management and us related to the audit consisted of the management representation letter, an unsigned copy of which is attached.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our limited-scope audit of the financial statements of Statewide Tire 401(k) Plan (Plan) as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosures under the *Employee Retirement Income Security Act of 1974*, on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matter that we consider to be a significant deficiency.

Significant Deficiency

Documenting Review of Service Auditor's Report and Overall Plan Oversight

Plan management has outsourced the recordkeeping and custodian functions relating to the Plan to John Hancock Life Insurance Company; however, Plan management is not currently formally reviewing the annual SSAE No. 18, *Reporting on Controls at a Service Organization* (SSAE 18) reports that are provided by John Hancock Life Insurance Company or documenting the review. These reports are usually prepared on an annual basis for service providers and should be reviewed annually by Plan management to monitor any identified control deficiencies within the service provider. Additionally, Plan management should also document the user control considerations identified in the report and determine if those are operating effectively at the Plan Sponsor level.

We also recommend Plan management establish a Plan Oversight Committee to manage Plan activity and decision-making.

OTHER MATTERS

We observed the following matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

CARES Act

In March 2020, Congress passed and President Trump signed into law the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act). This bill includes several items specifically related to retirement plans that Plan management should consider implementing when operating the Plan during 2020. However, the Plan amendments do not need to be adopted in 2020. As an example, for a calendar year plan, Plan management would have until December 31, 2022, to make any applicable amendments.

Participant Loans

For new loans issued during the 180-day period after the date the Act was enacted (March 27–September 23, 2020), participants may borrow up to \$100,000 from qualified plans, which is an increase from the \$50,000 previously allowed. If participants have an outstanding loan due before December 31, 2020, the due date can be delayed by one year.

Participant In-Service Distributions

For the period January 1, 2020 until December 31, 2020, participants may elect to take a coronavirus-related distribution of up to \$100,000 from their retirement plan or IRA without a 10 percent early withdrawal penalty (the distribution would still be subject to personal income tax). Also, for any of these coronavirus-related distributions, participants may repay the amount withdrawn back into the Plan within three years from the date of distribution, and the contribution will be treated like a rollover contribution. The Plan Administrator may rely on a participant's certification that the employee satisfies one of the three conditions for a coronavirus-related distribution.

Required Minimum Distributions (RMDs)

For calendar year 2020, the requirements to pay RMDs before the end of the year were temporarily waived. This applies to 401(k), profit sharing, 403(b) and 457(b) plans as well as individual retirement plans (IRA).

Employer Contributions to Single-Employer Defined Benefit Plans

If there are any minimum required contributions due during calendar year 2020, including any quarterly contributions, the due date has been deferred until January 1, 2021. The amount of any deferred contributions is increased by interest accruing for the period between the original due date for the contribution and the payment date, at the effective rate of interest for the plan year which includes such payment date. Also, for purposes of the adjusted funding target attainment percentage (AFTAP), a plan sponsor may elect to use the percentage for the prior plan year ending before January 1, 2020, for any years that include calendar year 2020.

SECURE ACT

The *Setting Every Community Up for Retirement Enhancement Act of 2019*—better known as the SECURE Act—was signed into law by the President on December 20, 2019. It appears to be the most significant retirement Plan legislation in the past decade.

Provisions of the SECURE Act, which are generally effective in 2020, include the following:

- Increases the cap for the auto-enrollment safe harbor from 10 percent to 15 percent, which could be very helpful for plans with nondiscrimination testing issues.
- Plans could allow participants who encounter certain life events to take out penalty-free in-service distributions from accounts of up to \$5,000 for each spouse. The distribution must be within one year after the birth or adoption of a qualifying child. Please note the distribution is penalty-free but is still subject to normal individual taxation.
- Increases the age for required minimum distributions (RMDs) from 70.5 to 72 and would apply to distributions required to start in 2020. Please note that RMD rules are not applicable if employees are still working and not a 5 percent or more owner, and this specific provision was affected by a provision within the CARES Act of 2020.
- The legislation now provides for inclusion of “long-term part-time employees” (LTPTE) in the Plan in terms of allowing these participants to defer their own contributions into the Plan. Employees working at least 500 hours in three consecutive 12-month periods would be allowed to defer their own funds into the Plan. Employers can still require 1,000 hours of service before having to make employer contributions. These new LTPTEs can be carved out of nondiscrimination testing as well. The LTPTE requirements become effective in 2021.
- In an effort to help participants adequately prepare for their retirement, 401(k) plans will now be subject to new “Lifetime Income Disclosures.” Defined contribution plans are going to be required to provide annual participant statements that include an estimate of the monthly amount they could receive (based on their current account balance) upon retirement.
- An optional new safe harbor for employers that opt to include a lifetime income investment option in their defined contribution plans has been created. If plan fiduciaries meet certain requirements, they would be protected when selecting an insurance company to provide annuity contracts.
- In an effort by the government to encourage smaller employers to implement auto-enrollment, small employers will get a tax credit to offset the costs of starting a 401(k) plan that includes automatic enrollment features or converting an existing plan to include automatic enrollment features.
- Frozen defined benefit plans are receiving some testing relief from annual requirements.
- The legislation provides for expanded availability of multiple employer plans for smaller employers.
- The legislation also calls for a tightening up of the benefits of “stretch IRAs” and requiring beneficiaries to withdraw all assets of an inherited account within 10 years. The Act also provides for increasing penalties for late filings of Form 5500s.

We encourage Plan management to explore the effects of these new provisions with both your third-party administrator and/or ERISA legal counsel. We anticipate your retirement Plan could have additional amendment requirements during 2020 to comply with certain provisions of the SECURE Act.

New Auditing Standard for Employee Benefit Plans

In July 2019, the AICPA Auditing Standards Board (ASB) issued the Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (SAS 136). SAS 136 applies only to audits of employee benefit plans that are subject to *Employee Retirement Income Security Act of 1974* (ERISA). The new standard prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to ERISA and changes the form and content of the related auditor's report.

New Requirements for the Auditor

SAS 136 addresses specific performance requirements in the following areas:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant Plan provisions
- Communication of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedules and the Form 5500
- The form and content of the related auditor's report

New Requirements for the Plan

SAS 136 requires Plan management to provide the auditor with the following:

- Acknowledgment from Plan management that the certifying entity (typically the trustee or custodian) is qualified to provide a certification for investments and related investment income
- Plan management will be required to provide a substantially complete draft of the Form 5500 before the release of the financial statements

ERISA Section 103(a)(3)(C) Audits

ERISA section 103(a)(3)(C) allows Plan management to elect to exclude from the audit certain investment information held and certified by a qualified institution. This type of audit, previously known and referred to as a "limited-scope audit," is now referred to an "ERISA section 103(a)(3)(C) audit" in the new standard. SAS 136 does not change anything in ERISA, and therefore, Plan management is able to continue electing such an audit.

SAS 136 clarifies what is expected of the auditor, including specific procedures when performing an ERISA section 103(a)(3)(C) audit. It also establishes a new form of report that provides greater transparency about the scope and nature of the audit and describes the procedures performed on the certified investment information.

SAS 136 is effective for audits of financial statements for periods ending on or after December 15, 2021. Early implementation is permitted.

This communication is intended solely for the information and use of Plan Administrator, Plan management and others within the Company and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audits of the financial statements of Statewide Tire 401(k) Plan (Plan) as of and for the years ended December 31, 2019 and 2018. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by John Hancock Life Insurance Company, the custodian, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated June 18, 2020, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) There were no administrative committee meetings held through the date of this letter.
 - (e) All significant contracts.
8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by Plan procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.

10. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
12. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
13. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.
 - (e) Agreements to purchase assets previously sold.
 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
15. We acknowledge the Plan does not meet the definition of a “public entity” under generally accepted accounting principles.
16. The Plan or Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney’s services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

17. Adequate allowances have been provided for any material losses from uncollectible receivables.
18. The fair values of financial assets recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
19. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code. We amended the Plan effective December 31, 2019, and merged all Plan assets into the Zurcher Tire 401(K) Multi-employer Plan which was established on January 1, 2020. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.
20. The adoption date of the most recent plan amendment was December 31, 2019, as provided to you.
21. The Plan operates under a nonstandardized adoption agreement in connection with a prototype volume submitter plan and trust document sponsored by Benefit Planning Consultants, Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
22. The Plan has complied with the fidelity bonding requirements of ERISA.
23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
25. Except as disclosed in the financial statements, the actuarial methods or assumptions used in calculating amounts recorded or disclosed in the financial statements have not been changed since the previous year.
26. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.

- (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
- 27. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- 28. The Plan has not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
- 29. With respect to any nonattest services you have provided us during the year, including assisting with drafting of the financial statements and related footnotes:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
- 30. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
- 31. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.
- 32. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.

Statewide Tire 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Statewide Tire 401(k) Plan (Plan), provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan that was established January 1, 2018, and is sponsored by Statewide Tire Distributors, Inc. (Company) for the benefit of its employees. Employees who are 21 years of age and have worked at least one year are eligible. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Roger Cornelius, serves as the trustee of the Plan. John Hancock Life Insurance Company serves as custodian of the Plan.

Effective December 31, 2019, the Plan was merged into the Best-One Tire & Service 401(k) MEP.

Contributions

The Plan permits eligible employees through a salary deferral election to make contributions of up to 100 percent of their compensation, as defined in the Plan Document. Employee rollover contributions are also permitted. The Company makes matching contributions of 100 percent of employees' salary deferral amounts up to 3 percent of employees' compensation plus 50 percent of each participant's deferral in excess of 3 percent but not in excess of 5 percent. The Company may also make discretionary matching contributions, as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Participant investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Payment of Benefits

Upon termination of service, an employee must elect to receive a lump-sum amount equal to the value of their account. At December 31, 2019 and 2018, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan, but have not yet been paid.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at the net asset value (NAV) of the units of the pooled separate accounts as provided by the custodian. The NAV is used as a practical expedient to estimate the fair value of the pooled separate accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype volume submitter retirement plan document sponsored by Benefit Planning Consultants, Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 4: Certification by Plan Custodian

Accordingly, the custodian has certified the following information included in the accompanying financial statements is complete and accurate:

Note 6: Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

The Plan does not hold any investments classified Level 1, Level 2 or Level 3 within the fair value hierarchy. The following tables present the fair value of assets recognized in the accompanying statements of net assets available for benefits at December 31, 2019 and 2018:

	December 31,	
	2019	2018
Pooled separate accounts (A)	\$ -	\$ 1,203,917

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.
