NOTE A - DESCRIPTION OF PLAN

The following description of Rae-Ann Holdings, Inc. and Affiliates 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rae-Ann Holdings, Inc. and Affiliates (the Company, Plan Administrator, and Plan Sponsor) who have completed one year of service as defined by the Plan and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 100% of their eligible compensation as defined by the Plan on a pre-tax or after-tax basis. The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Employees who have not declined participation or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral of 3% invested in a fund designated by the Plan Administrator until changed by the participant. The Plan provides for a discretionary employer matching contribution. Additional discretionary employer profit sharing contributions may be made at the option of the Company's board of directors. There were no employer contributions made during the year ended December 31, 2019. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Code (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, and an allocation of the Company's discretionary employer matching contributions, the Company's discretionary profit sharing contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based upon participant account earnings, compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. Discretionary employer matching contributions plus actual earnings thereon are 100% vested after three years and discretionary employer profit sharing contributions plus actual earnings thereon are fully vested after five years of credited service.

Payment of Benefits

Upon attaining age 65 or termination of service, a participant may elect to receive a partial distribution or lump-sum amount equal to the value of the participant's account. Through October 30, 2019, if the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent. Effective October 31, 2019, if the value of the vested benefits credited to the participant's account is \$5,000 or less at the time of termination, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Sponsor.

Active participants may request hardship withdrawals from their elective deferral account balances, subject to Plan provisions. Effective January 1, 2019, a participant who receives a distribution on account of hardship is not prohibited from making deferrals after receipt of the distribution.

Forfeited Accounts

Forfeitures are first used to reduce administrative expenses and any remainder is used to reduce future employer contributions. The unallocated forfeiture balance was \$-0- at both December 31, 2019 and 2018.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the custodian from the Company. Any contributions attributable to the Plan year but not received by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments on the accompanying statement of changes in net assets available for benefits.

Income Taxes

The Company adopted a volume submitter profit sharing plan with cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014, stating that the Plan and related trust was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the Code and; therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation in the fair value of investments and interest income for the year ended December 31, 2019 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2019 are summarized below:

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	<u>\$ 244,335</u>	<u>\$ 244,335</u>
Total investments in the fair value hierarchy	<u>\$ 244,335</u>	244,335
Investments measured at net asset value		<u>3,459,675</u>
Total investments at fair value		<u>\$ 3,704,010</u>

The Plan's investments accounted for at fair value as of December 31, 2018 are summarized below:

	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	<u>\$ 232,475</u>	<u>\$ 232,475</u>
Total investments in the fair value hierarchy	<u>\$ 232,475</u>	232,475
Investments measured at net asset value		<u>2,877,973</u>
Total investments at fair value		<u>\$ 3,110,448</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts investing in mutual funds are valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on the quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

RAE-ANN HOLDINGS, INC. AND AFFILIATES 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts investing in bonds are valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. Net asset value is based on quoted prices in markets that are not active, broker dealer quotations, or other methods by which all significant inputs are observable, either directly or indirectly, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The guaranteed investment contract is valued at fair value (Note F) by discounting the related cash flows based on the interest crediting rate, which represents average renewal market rates applied to new funds deposited as well as the expected rollover rate and an average withdrawal factor (unobservable inputs). The new fund's rate utilized to determine fair value was 2.66% and 1.97% at December 31, 2019 and 2018, respectively. The expected rollover rate was 2.30% at both December 31, 2019 and 2018. The fair value measurement is sensitive to changes in the unobservable inputs. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. At both December 31, 2019 and 2018, fair value equaled contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

	Guaranteed Investment Contract
Fair value, beginning of year	\$ 232,475
Purchases	12,474
Sales	(614)
Fair value, end of year	<u>\$ 244,335</u>

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan has investments in Minnesota Life pooled separate accounts. There are no restrictions on transfers or withdrawals from these accounts. The investment strategies of the pooled separate accounts held by the Plan that do not file as direct filing entities with a balance in excess of 5% of total assets as of December 31, 2019 are as follows:

T. Rowe Price Large Cap Growth seeks long-term capital growth with income as a secondary objective by investing at least 80% of its net assets in the common stocks of large and medium sized blue chip growth companies.

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional guaranteed investment contract with Minnesota Life Insurance Company (Minnesota Life) with a balance of \$244,335 and \$232,475 at December 31, 2019 and 2018, respectively. Contributions from the Plan are maintained in Minnesota Life's general account. All benefit payments prior to contract liquidation are made at contract value; however, the contract restricts participant directed exchanges by limiting transfers between funds to the greater of up to 20% of the participant's account at contract value or \$2,000 in a 12 month period. If the Plan Sponsor terminates the contract, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's investment contract with Minnesota Life is not considered to be fully benefit-responsive due to the restrictions on fund transfers and; therefore, the investment is included in the statement of net assets available for benefits at fair value. At December 31, 2019 and 2018, the fair value of the investment contract equals contract value because the market value adjustment that would have been applied if the contract was terminated as of those dates was \$-0-.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of the custodian, and related interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

In 2018, the Company did not remit timely to the Plan's custodian a participant's contribution totaling \$10 in accordance with ERISA. The contributions were fully corrected during the year ended December 31, 2018.

Notes to Financial Statements

December 31, 2019 and 2018 and Year Ended December 31, 2019

NOTE K - SUBSEQUENT EVENTS

Effective January 1, 2020, the Plan was amended to add Sterling Health Care Consultants as an adopting employer.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allow certain eligible individuals to suspend required minimum distributions and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan has evaluated subsequent events through September 16, 2020, the date which the financial statements were available to be issued.
