The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
(SEE INDEPENDENT AUDITOR'S REPORT)

NOTE 1 - Description of the Plan

The following description of Myers & Sons Hi-Way Safety, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all full-time employees of Myers & Sons Hi-Way Safety, Inc. (the Company) who are age eighteen or older and have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was formed on January 1, 2017. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

b. Contributions

Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching amounts may be contributed at the option of the Company's Board of Directors.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (continued)

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested as follows:

Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

e. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

f. Forfeited Accounts

Forfeited amounts can used to reduce Company profit sharing and matching contributions. There were no forfeitures for the years ended December 31, 2019 and 2018.

NOTE 1 - Description of the Plan (continued)

g. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from these estimates.

h. Date of Management's Review

Subsequent events were reviewed through May 29, 2020, the date the financial statements were available to be issued.

i. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

j. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 1 - Description of the Plan (continued)

k. Operating Expenses

All expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

l. Information Prepared and Certified by ADP

The information included in the accompanying schedule of assets held for investment purposes as of December 31, 2019 and 2018 was obtained from data that has been prepared and certified to as complete and accurate by ADP.

m. Participant Loans

Participants may borrow up to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the remaining balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates as determined by the Trustee. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available to the Plan. Level 2 inputs were only used when Level 1 or Level 3 inputs were not available. There are no Plan assets requiring the use of Level 1 or Level 3 inputs for the periods presented. There are no Plan assets requiring the use of Level 1 or 3 inputs for the periods presented.

NOTE 2 - Fair Value Measurements (continued)

a. Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings because the loans are secured by each participant's account balance.

The following sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair value measurements at the end of the reporting period using:	
	Fair Value	(Level 2)
December 31, 2019		
ADP	$ 547,230	$ 547,230
December 31, 2018		
ADP	$ 264,369	$ 264,369

NOTE 3 - Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - Income Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. The income tax returns of the Plan are subject to examination by the IRS for three years after they were filed.

NOTE 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such change could materially affect the participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - Party-in-interest Transactions

Certain investments of the Plan are shares of pooled separated accounts managed by an affiliate of the Custodian. The Custodian and the Sponsor are each a party-in-interest to the Plan; however, such transactions are permitted under ERISA.

NOTE 7 - Subsequent Event

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
