CCW MANAGEMENT CORP. 401(K) PLAN
VALHALLA, NEW YORK

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of CCW Management Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan and covers all employees of CCW Management Corp. (the "Plan Sponsor"), and Medical Reimbursements Associates who have one year of service, are age twenty-one or older and complete 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees (the "Plan Management") is responsible for oversight of the Plan, and determines the appropriateness of the Plan's investment options and monitors investment performance.

Employer Contributions: The employers make annual safe harbor contributions to the Plan equal to at least 3% of participant's compensation. All matching contributions to the Plan are at the discretion of the employers. The participants direct the investment of their allocated amount of employer contributions into the various investment options offered by the Plan.

Employee Contributions: Participants may elect to contribute $19,000 and $18,500 of their pre-tax annual compensation for the years ended December 31, 2019 and 2018, respectively, as defined in the Plan, subject to certain Internal Revenue Service compliance tests. Participants who have attained age 50 before the year end of the Plan year are eligible to make catch-up contributions of $6,000 for the years ended December 31, 2019 and 2018. Participants have the election to allocate 401(k) deferrals to either a pre-tax 401(k) or an after tax Roth 401(k). The combined deferrals may not exceed the allowed 401(k) contribution limits. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of the Employers' contribution, as well as the Plan earnings. Allocations are based on participant earnings and account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, participants may direct employee contributions and their allocation of the employer's contribution in any of the investment options. Participants may change their investment options daily. The Plan provides for participant directed investments.

Vesting: Participants are immediately vested in their voluntary and rollover contributions as well as the employer's safe harbor contribution plus actual earnings thereon and are 100 percent vested after two years of credited service in the allocated employer's matching contribution and earnings thereon. Employees that become totally and permanently disabled prior to their retirement date are automatically considered 100 percent vested.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participants account and bear interest at a rate similar to those available for similar loans from commercial lending institutions. The loans currently outstanding bear interest ranging from 5.25% to 6.50%. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts: At December 31, 2019 and 2018 there were forfeited non-vested accounts in the amounts of $5,430 and $2,455, respectively. Amounts in these accounts would be used to pay administrative expenses in future years. In 2019 and 2018, $2,557 and $3,373, respectively, from forfeited non-vested accounts were used to pay certain administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Mutual fund and Pooled Separate Account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Guaranteed Investment Contracts: The Plan has a deposit administration contract with Principal Life Insurance Company. Principal Life Insurance Company maintains the Plan's deposits in an unallocated fund of various guaranteed certificates to which it adds interest, 1.90% as of December 31, 2019, at various contractual rates. Contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount that would be received if permitted transactions were initiated under the terms of the plan. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. The Statement of Net Assets Available for Benefits presents the Participant's investments as the contract value for the guaranteed investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive investment contract.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Except for direct investment expenses charged directly to the Plan, all other expenses are paid by the Plan Sponsor, and are excluded from these financial statements. Fees related to a periodic or one time distribution from the participant's account are charged directly to the participant's account and are included in fees.

Subsequent Events: The Plan has evaluated subsequent events through September 3, 2020, the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Subsequent Events (Cont'd): On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio could experience a significant decline in fair value. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is currently evaluating the impact of the CARES Act on the Plan.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

As of December 31, 2019 and 2018, the investment information included in the Plan's financial statements is summarized as follows:

Investments, at Fair Value:	2019	2018
Mutual Funds	17,115,371	14,484,074
Pooled Separate Accounts	715,931	615,797
Total Investments, at Fair Value	17,831,302	15,099,871
Investments, at Contract Value:		
Guranteed Investment Contracts	4,317,843	4,645,201
Total Investments	22,149,145	19,745,072

For the year ended December 31, 2019, the investment income information included in the Plan's financial statements is summarized as follows:

Investment income consists of the following:	**For the year ended December 31, 2019**
Dividend Income	$ 364,697
Investment Gain	3,027,884
	$ 3,392,581
Interest Income from Notes Receivable from Participants	$ 8,795
Other Interest Income	76,954
Total Interest Income	$ 85,749

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. In accordance with fair value measurement guidance, these investments in pooled separate accounts have not been classified in the fair value hierarchy. At December 31, 2019 and 2018, the fair value of pooled separate accounts whose fair value is estimated using net asset value per share (or its equivalent) was $715,931 and $615,797, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONT'D)

NOTE 5 – RELATED PARTY TRANSACTIONS

A party-in-interest is defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employers, Plan Sponsor and certain others. Certain Plan assets are invested in mutual funds which are managed by the Plan's trustee. These transactions, as well as notes receivable from participants, qualify as party-in-interest transactions. In 2019, the Plan paid $63,605 for administrative services. These fees are charged directly to individual participant accounts.

The Plan is administered by the Company. The expenses of administering the Plan are paid by the Company except for investment related expenses which are included in net appreciation in fair value of investments and loan maintenance fees, which are charged to the individual participant accounts.

NOTE 6 – FEDERAL INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype plan used by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the prototype letter and has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in default, and credit rating downgrades. Due to the level of risk associated with such investment securities, it is at least reasonably possible that changes in risks or investment values in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8 – PLAN TERMINATION

The Company intends to continue the Plan indefinitely but reserves the right to amend or terminate it at any time. In the event the Plan is terminated, each participant shall become fully vested in his or her account balance. Disbursements to participants shall be made in accordance with the Plan document and applicable ERISA regulations.
