SUHM SPRING WORKS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Suhm Spring Works, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Suhm Spring Works, Inc. (the "Company"). Employees who have completed one year of service, as defined in the Plan document, are eligible to participate in the Plan. An eligible employee may enter the Plan on January 1 or July 1 after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer from 2% to 14% of pre-tax eligible compensation, as defined in the Plan, up to the maximum established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Rollover contributions are allowed subject to conditions set forth in the Plan.

The Company makes a matching contribution in an amount equal to 25% of participant contributions up to 6% of eligible compensation each payroll period. The Plan includes a safe harbor employer contribution whereby the Company will make a non-elective contribution for the plan year in the amount equal to 3% of eligible compensation for all eligible employees. The Company may also make a discretionary profit sharing contribution to each eligible employee based on the employees eligible compensation in excess of the taxable wage base. For the year ended December 31, 2019, the Company made a $104,391 profit sharing contribution to the Plan.

The Plan is participant directed, and participants may change their contribution rate at the beginning of each quarter and their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and forfeitures and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their contributions, safe harbor nonelective contributions, and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's matching and discretionary profit sharing contributions and the earnings thereon is based on years of continuous service. Participants are 20% vested after two years of service and vest at 20% per year thereafter. Participants are 100% vested after six years of service. Participants are automatically vested in Company contributions upon death, disability, or retirement.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $3,173 and $104,770, respectively. These accounts may be used to pay administrative expenses or reduce employer matching contributions. Subject to conditions set forth in the Plan, forfeitures may also be allocated to all participants eligible to share in the allocations of profit sharing contributions or allocated to all participants eligible to share in the matching allocations in proportion to each such participant's compensation for the year. During the year ended December 31, 2019, no forfeitures were used to pay administrative expenses or reduce employer matching contributions. Forfeitures of approximately $109,000 were allocated for the 2019 plan year as profit sharing and matching allocations.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive a lump-sum distribution based on the valuation of the participant's account as of the date of termination. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Hardship withdrawals from a participant's account, excluding safe harbor contributions, are permitted due to immediate and heavy financial need, subject to the terms of the Plan document. The Plan also allows withdrawals of rollover accounts and in-service withdrawals of a participant's vested account balance upon attainment of age 59 ½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are measured at fair value using net asset value (NAV) per share as a practical expedient. The Plan's investments at fair value as of December 31, 2019 and 2018 are as follows:

	2019	2018
Pooled Separate Accounts	$14,557,329	$11,112,184

The investments in the pooled separate accounts are valued at fair value based on accumulated unit value (AUV) pricing as calculated by the annuity provider according to formulas described in the annuity contract. The pooled separate accounts own and hold the underlying mutual fund or collective trust shares, which are reported at their NAV. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported AUV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the accounts.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2019 or 2018.

NOTE 4 - GUARANTEED INVESTMENT ACCOUNTS

The Plan maintains fully benefit-responsive investment contracts with Voya Retirement Insurance and Annuity Company ("Voya"), the Voya Fixed Account, and the Voya Fixed Account A ("Voya Fixed Accounts"). Voya maintains the contributions in a general account. The contracts are included in the statements of net assets available for benefits at contract value, as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participants' withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The contracts do not permit Voya to terminate the agreements prior to the scheduled maturity dates.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains and/or losses realized on the sale of invested assets. The underlying contracts have no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

As of December 31, 2019 and 2018, the contract value of the investment in the Voya Fixed Accounts was $2,153,300 and $1,938,277, respectively. The crediting interest rate is based on a formula agreed upon with Voya, but may not be less than 3.00% for the Voya Fixed Account, and may not be less than 1.00% for the Voya Fixed Account A.

NOTE 4 - GUARANTEED INVESTMENT ACCOUNTS (CONTINUED)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 - INFORMATION CERTIFIED BY AN INSURANCE COMPANY

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, an insurance company, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 6 - PARTY IN INTEREST

The Plan's investments are in accounts managed by Voya. Voya investments qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - INCOME TAXES

The Plan has adopted a volume submitter profit sharing plan, which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter profit sharing plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$17,128,846	$13,398,648
Less: Employer contributions receivable	(418,217)	(348,187)
Net assets available for benefits per the Form 5500	$16,710,629	$13,050,461

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

Changes in net assets available for benefits per the financial statements	$3,730,198
Plus: Employer contribution receivable at December 31, 2018	348,187
Less: Employer contribution receivable at December 31, 2019	(418,217)
Changes in net assets available for benefits per the Form 5500	$3,660,168

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RESTATEMENT ADJUSTMENT FOR 2018 EMPLOYER CONTRIBUTIONS

The Company safe-harbor nonelective contribution and profit sharing contribution in the amount of $348,187 for the 2018 plan year were funded in 2019. These contributions have been recorded as a receivable on the statements of net assets available for benefits as of December 31, 2018. The 2018 statement of net assets available for benefits has been restated to reflect the correction and conform to accounting principles generally accepted in the United States of America.

NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 23, 2020, the date the financial statements were available to be issued.
