CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 1. Description of the Plan

The following description of the Chiltern USA (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated in its entirety effective March 1, 2017. The Plan merged with Covance 401(k) Savings Plan effective January 1, 2019 and the initial transfer of the Plan's funds was January 8, 2019.

Contributions

Up until December 31, 2018, participants directed investment of their contributions, matching Company contributions, and any additional discretionary profit sharing amounts into various investment options offered by the Plan. Contributions to the Plan include: (i) salary reduction contributions authorized by participants between 3% and 100% of their compensation, not to exceed the amount prescribed by the Internal Revenue Code (ii) a matching contribution made by the Company and (iii) a discretionary profit sharing component made by the Company. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company previously contributed 50% of the first 6% of compensation that a participant contributed to the Plan on a per payroll period basis.

Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Company's contribution and (c) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution, plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 1. Description of the Plan (Continued)

Notes from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as transfers between the investment fund(s) that the participant invests in and the Notes from Participants. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging of 4.25% to 6.50%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Hardship withdrawals

Hardship withdrawals are permitted pursuant to IRS regulations.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$0 and \$8,934, respectively. Upon the Plan merger, forfeitures of \$14,713 were transferred.

Plan expenses

Investment advisor and record-keeper fees of \$350 were paid by the Plan. Other administrative expenses of the Plan are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value (Note 4) determined daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Notes from participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Note 3. Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator instructed the Plan's independent auditors not to perform any procedures with respect to the following information that Great-West Trust Company, LLC, the trustee of the Plan, and Great-West Life & Annuity Insurance Company, the custodian of the insurance contract, has certified to the completeness and accuracy of: all investments reflected on the accompanying financial statements of net assets available for benefits as of December 31, 2019 and 2018, the related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

Note 4. Fair Value Measurements

The Plan's investments in Mutual Funds are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

(Continued)

CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 4. Fair Value Measurements (Continued)

The collective investment trust funds issued by Northern Trust and owned at December 31, 2018 are valued at the net asset value of units of the Northern Trust collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There is no notice period if the Plan initiates a full redemption of the collective investment trust fund.

The collective investment trust fund, issued by Northern Trust and owned by the Plan at December 31, 2018, is valued using the NAV practical expedient and are excluded from the fair value hierarchy.

Fair Value Measurements at Reporting Date Using:				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2018				
Mutual funds	\$ 78,912,823	\$ 78,912,823	\$ -	\$ -
Total assets in fair value hierarchy	78,912,823	78,912,823	-	-
Investments measured at NAV (a)	7,588,560	-	-	-
Investments at fair value	<u>\$ 86,501,383</u>	<u>\$ 78,912,823</u>	<u>\$ -</u>	<u>\$ -</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Level 1 fair value measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2019</u>	<u>2018</u>
Synthetic investment contract	<u>\$ 4,604,914</u>	<u>\$ 6,593,060</u>

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Plan sponsor events that significantly affect the Plan's normal operations

(Continued)

CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 5. Fully Benefit-Responsive Investment Contracts (Continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

The average yields are as follows:

	<u>2019</u>	<u>2018</u>
Based on annualized earnings	1.20%	1.10%
Based on interest rate credited to participants	1.25%	1.15%

Note 6. Related Party Transactions

The Plan invests in assets that are managed by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company. Great-West Trust Company, LLC is the trustee and Great-West Life & Annuity Insurance Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Merger

The Plan merged all funds with the exception of the Key Guaranteed Portfolio fund with Covance 401(k) Savings Plan on January 6, 2020.

Note 8. Tax Status

The prototype document obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

CHILTERN USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2019

Note 9. Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. These employees are also plan participants. No such officer or employee receives compensation from the Plan.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

Management evaluated all activity of the Plan through September 14, 2020 (the issue date of the Financial Statements) and except as noted below, management concluded that no subsequent events have occurred that would require recognition in the Financial Statements or disclosure in the Notes to the Financial Statements.

The remaining Plan assets were transferred into the Covance 401(k) Savings Plan on January 6, 2020, as a result of the plans merging.

In December 2019, a novel strain of coronavirus (COVID-19) was reported and the full impact of the outbreak continues to evolve as of the date of this report. The World Health Organization declared the outbreak a "Public Health Emergency of International Concern" on January 30, 2020. There was immaterial impact to the Plan due to the transfer of all remaining Plan assets on January 6, 2020.
