GRAY AMERICA CORP SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following description of Gray America Corp Savings & Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Gray America Corp. (the Sponsor) and its wholly owned subsidiaries, L&H Threaded Rods Corp., A-Lab Corp., Scarlet & Gray Corp., and New Dimension Metals Corp., and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. Participation in the Plan is entirely voluntary. An eligible employee is any person employed by Gray America Corp. and its wholly owned subsidiaries who has attained age 18 and has completed three months of service by the Plan entry dates of January 1, April 1, July 1, or October 1. Eligibility to receive employer matching contributions coincides with the participation eligibility requirements. An eligible employee for profit sharing contributions is any person who has attained age 18 and has completed at least 1 year of service and who is employed on the first day of each Plan quarter after reaching eligibility. Leased employees are not eligible to participate.

Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. The Sponsor may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. For 2019 and 2018, the Sponsor matched 50% of the participant's compensation deferred, with a maximum match of \$1,170 and \$780, respectively. Sponsor discretionary matching contributions were \$63,971 in 2019 and \$34,019 in 2018. Sponsor profit sharing contributions were \$0 in 2019 and \$10,000 in 2018. Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's matching contributions, (b) the Sponsor's profit sharing contributions and (c) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participants' compensation, earnings or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary matching and profit sharing contributions portion of their accounts plus earnings thereon is based on years of service. Participants' vested interests in Sponsor contributions increase from 20% after the second year of service to 100% after the sixth year.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding twelve months. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a fixed rate of interest of prime plus one percent. Interest rates ranged from 4.25% to 6.50% at December 31, 2019 and from 4.25% to 6.25% at December 31, 2018. Principal and interest is paid ratably through weekly automatic payroll deductions.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not exceeding the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary). There were no benefits payable to terminated participants at December 31, 2019 and 2018. In-service distributions are permitted once a participant has attained age 59½. Upon proof, to the satisfaction of the Plan administrator, of an immediate financial need, amounts contributed may be withdrawn for a hardship purpose.

Forfeiture Accounts - Forfeitures may be used to either 1) reduce the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor or 2) reduce the Sponsor's future matching and profit sharing contributions. Forfeitures used to reduce administrative expenses were \$0 in 2019 and 2018. Forfeitures used to reduce Sponsor matching and profit sharing contributions were \$0 in 2019 and \$5,142 in 2018. Forfeited nonvested accounts at December 31, 2019 and 2018 were \$3,682 and \$0, respectively.

Tax Status - The Internal Revenue Service has determined and informed the Sponsor by an opinion letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving its acceptance under section 401 of the IRC, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2016 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through September 16, 2020, the date the financial statements were approved and authorized by the Plan administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan has an investment contract with Voya Retirement Insurance and Annuity Company at December 31, 2019 and 2018. This contract is a fully benefit-responsive investment contract for the Voya Fixed Account Fund.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions payable, including earnings, at December 31, 2019 are \$0. Excess contributions payable, including earnings, at December 31, 2018 and returned to participants during the year ended December 31, 2019 were \$87. Excess contributions payable, including earnings, at December 31, 2017 and returned to participants during the year ended December 31, 2018 were \$6,889.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and are charged directly to the participant's account.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data prepared by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. The plan administrator has obtained certification from the custodian that such information is complete and accurate. The following represents the values of the investments in the separate identifiable funds administered by the custodian:

	2019	2018
Investments, at fair value	\$ 3,781,359	\$ 3,113,395
Investments, at contract value	227,199	252,588
Net appreciation (depreciation) in contract value of investments	16,858	(8,204)
Net appreciation (depreciation) in fair value of investments	683,876	(126,958)

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly

Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued based on quoted market prices of the underlying securities of the account, with adjustments for dividend rates and a management fee. The underlying mutual funds are deemed to be actively traded and are valued based on the closing price as reported by the fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 3,781,359		\$ 3,781,359

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 3,113,395		\$ 3,113,395

5. INVESTMENT CONTRACTS

The Plan has a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account, the Voya Fixed Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018 was \$227,199 and \$252,588, respectively. Prior to each January 1, the effective annual rate of interest for the Voya Fixed Account is established for the following year. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the year. The contract minimum annual interest rate for the Voya Fixed account is 1%.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Voya. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net assets	\$ <u>3,682</u>	\$ <u>-</u>
Changes in net assets:		
Forfeitures from participants	\$ 3,641	\$ 4,416
Forfeitures used to reduce Sponsor matching and profit sharing contributions		(5,142)
Earnings	<u>41</u>	<u>116</u>
Net increase (decrease) in net assets	\$ <u>3,682</u>	\$ <u>(610)</u>

7. PARTY-IN-INTEREST TRANSACTIONS

Certain investments are mutual funds managed by the custodian (or affiliates of the custodian) of the Plan. The mutual funds sell portfolio shares to separate accounts offered by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. SUBSEQUENT EVENT

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management has elected to adopt the following provisions:

For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-

related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.

For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, may be deferred. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest.

Qualified individuals, as defined in the CARES Act, may borrow the lesser of \$100,000 or 100% of their vested account balance from March 27, 2020 to September 22, 2020.
