NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Rucker's Wholesale and Service Company 401(k) Profit Sharing Plan** (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have three consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation as defined by the Plan, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary contribution each year. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contributions is: 0% at less than 2 years, 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years and 100% at 6 or more years of service.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $5,608 and $3,691, respectively. These accounts will be used to reduce future employer contributions or to pay plan expenses. Also in 2019, employer contributions and plan expenses were not reduced from forfeited non-vested accounts.

Payment of Benefits

On termination of service, a participant may elect to receive either a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, installments over a specified period not to exceed the life or life expectancy of the participant and designated beneficiary, or delay receipt of benefits if the vested account balance is greater than $5,000.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than United States generally accepted accounting principles. Under this basis of accounting, employer and participant contributions are recorded in the period received rather than in the period to which they relate. Expenses are recorded when paid rather than when incurred.

Use of Estimates
The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in the value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include - • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds and Money Market Fund
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Assets at Fair Value as of December 31, 2019			
		Level 1	Level 2	Level 3	**Total**
Mutual Funds	$	4,676,729	-	-	**4,676,729**
Money Market Fund		25,876	-	-	**25,876**
Total Assets at Fair Value	$	4,702,605	-	-	**4,702,605**

		Assets at Fair Value as of December 31, 2018			
		Level 1	Level 2	Level 3	Total
Mutual Funds	$	3,820,771	-	-	3,820,771
Money Market Fund		72,984	-	-	72,984
Total Assets at Fair Value	$	3,893,755	-	-	3,893,755

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in the value of investments and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company the trustee/custodian of the Plan.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 8 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by various fund companies. Fees incurred by the Plan for investment management services are included in net appreciation in the value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the TPA or trustee/custodian, Innovative Pension Consulting or Capital Bank and Trust, of $975 which was not covered by revenue sharing. Fees paid out of participant accounts to Capital Bank and Trust Company, also qualify as a party in interest transaction. The plan sponsor pays directly any other fees related to the Plan’s operations.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 23, 2020, the date the financial statements were available to be issued. In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping. As a result of the spread of the COVID 19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and the value of investment securities. Other financial impact could occur though such potential impact is unknown at this time. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act. The CARES Act includes numerous employee benefit plan provisions to assist plan sponsors and participants.
