Logicworks 401(k) Plan

Notes to Financial Statements
December 31, 2019

1. Description of Plan

The following description of the Logicworks 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees, as defined, of Logicworks Systems Corporation (the "Company" or "Employer") that are age twenty-one or older. A new hire becomes eligible to enter the Plan upon completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a portion of their annual compensation on a pre-tax or Roth basis, as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and Roth contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company has a safe harbor matching contribution of 100% of a participant's elective deferrals up to 4% of eligible compensation. Additional discretionary profit-sharing contributions may be made at the discretion of the Company. For 2019, there were no profit-sharing contributions made to the Plan. Additional qualified matching contributions may be made at the discretion of the Company in an amount equal to the percentage of a participant's elective deferrals. For 2019, there were no qualified matching contributions made to the Plan. To be eligible for the discretionary match, a participant must reach age twenty-one and complete three months of service. To be eligible for the discretionary profit-sharing contributions, a participant must work 1,000 hours in the given Plan year and be an employee on the last day of the Plan year. To be eligible for the qualified matching contributions a participant must make elective deferrals and is not considered a highly-compensated employee.

Vesting

A participant is 100% vested in their accounts, safe harbor matching contributions and qualified matching contributions, including allocated earnings thereon at all times. A participant is vested in their discretionary profit-sharing contributions at a rate of 20% per year of service after completion of two years of service with full vesting occurring upon completion of six years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum number of loans that can be outstanding at any time is one. Participant loans are secured by the balance in the participant's account and bear interest at prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Logicworks 401(k) Plan

Notes to Financial Statements
December 31, 2019

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions and (b) Plan earnings thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$13 and \$11. These accounts will be used to allocate the amounts back to the individual accounts of the participants. During 2019, no amounts were allocated back to the individual accounts of the participants.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. If a participant has a balance less than \$1,000, he or she shall automatically receive a lump-sum amount equal to the value of the participant's vested interest in his or her account without his/her consent. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. All of the Plan's investments, that were valued at fair value, were valued using Level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Mutual funds and the cash equivalent are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Logicworks 401(k) Plan

Notes to Financial Statements
December 31, 2019

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 21, 2020.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment activity and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary profit-sharing contributions.

Logicworks 401(k) Plan

Notes to Financial Statements
December 31, 2019

5. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated January 1, 2018 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

All of the Plan's investments are managed by Vanguard Fiduciary Trust Company. Vanguard Retirement Plan Access, a division of Vanguard Fiduciary Trust Company, is the record-keeper as defined by the Plan and, therefore these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred volatility in their fair value subsequent to December 31, 2019. Because the value of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.
