ACTION LOGISTICS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of Action Logistics 401(K) Plan (the Plan) provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2008 as a defined contribution plan available to eligible employees of the controlled group: Action Logistics Management, Inc., L & R of Georgia, and Action Logistics, LLC (collectively, the Company, Employer or the Sponsor). The Plan was restated on January 1, 2017 to comply with tax legislation. Employees who have attained the age of 21, and are full time employees, are eligible to participate in elective deferrals and Sponsor matching contributions immediately, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the year ended December 31, 2019, individual participants' elective deferrals were limited to $19,000. Participants who are age 50 and older may also contribute an additional $6,000 for the year ended December 31, 2019.

The Employer may make a discretionary matching contribution. Employer contributions, if any, are recorded in the year for which the contributions apply. Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions. During the year ended December 31, 2019, the Company made no matching contributions.

In addition to the Employer's matching contributions, the Company may make an annual profit sharing contribution, as determined by the Board of Directors of the Company. Profit sharing contributions are allocated at the end of the calendar year to the participants employed at the end of the year and to participants who have retired, died or became disabled during the year. Such allocations are based on the proportion that each participant's basic compensation bears to the total basic compensation for all participants. The Company made no discretionary contributions for the year ended December 31, 2019.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's contributions, if any, and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their account, (if any), plus any earnings or losses thereon, is based upon the number of years of credited service on a six year graded schedule. A participant is 100 percent vested after six years of credited service.

Participants are considered fully vested upon termination due to death or permanent disability.

Note 1 – Description of the Plan, Continued

Forfeitures

Forfeitures may be used to reduce Employer's matching or profit sharing contributions. There were no forfeitures available to reduce Employer contributions as of December 31, 2019 and 2018 and no forfeitures were used during the year ended December 31, 2019.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 % of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request, ranging from 5.25% - 6.50% at December 31, 2019. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after the age 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Sponsor.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by John Hancock Life Insurance Company (the Custodian) as of and for the year ended December 31, 2019. The Custodian invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

The Plan allows certain administrative expenses to be paid from Plan assets.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan refunded the excess contributions to the applicable participants in the subsequent year.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan's Management has determined it does not have any positions at December 31, 2019 that it would be unable to substantiate.

Note 2 – Summary of Significant Accounting Policies, Continued

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement (ASU 2018-13)*. The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment income and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2019 and 2018. During the year ended December 31, 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the value methodologies used for assets measured at fair value:

> *Pooled separate accounts* – valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The following table summarizes the Plan's investments based on the valuation methodology applied by the Plan as of December 31, 2019 and 2018:

	Fair Value Measurements as of December 31, 2019			
	Level 1:	Level 2:	Level 3:	Total
Pooled separate accounts	$ -	$ 480,518	$ -	$ 480,518

	Fair Value Measurements as of December 31, 2018			
	Level 1:	Level 2:	Level 3:	Total
Pooled separate accounts	$ -	$ 347,506	$ -	$ 347,506

Note 5 – Party-in-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of pooled separate accounts issued, managed, and administered by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 6 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 8 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt.

The Plan has not received a determination letter specific to the Plan itself. The Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2019 and 2018, and change in net assets available for benefits for the year ended December 31, 2019, as shown on Form 5500 with the amounts shown in the financial statements:

	2019	2018
Net assets available for benefits – Form 5500	$ 451,856	$ 332,505
Reconciling items:		
Participants' contributions	2,786	-
Others	(730)	-
Net assets available for benefits – financial statements	$ 453,912	$ 332,505
Change in net assets available for benefits – Form 5500	$ 119,351	
Reconciling item:		
Participants' contributions	2,786	
Others	(730)	
Change in net assets available for benefits – financial statements	$ 121,407	

Note 10 – Delinquent Employee Deferral Transmittals

During 2019, the Plan erroneously failed to remit certain employee deferrals and loan repayments to the Plan aggregating $2,843. The Company computed the lost earnings on these 2019 deferrals and loan repayments and subsequently remitted the deferrals and loan repayments and made a contribution for lost earnings to the Plan.

Note 11 – Subsequent Events

In March 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic and the President of the United States declared the COVID-19 outbreak a national emergency. Global financial markets have experienced, and may continue to experience, significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions, benefit obligations and distributions will depend on future developments, including the duration and spread of the outbreak.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for certain required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to reflect these changes, as well as related adoption agreements, will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan evaluated events occurring subsequent to December 31, 2019 through September 10, 2020, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.

ACTION LOGISTICS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of Action Logistics 401(K) Plan (the Plan) provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2008 as a defined contribution plan available to eligible employees of the controlled group: Action Logistics Management, Inc., L & R of Georgia, and Action Logistics, LLC (collectively, the Company, Employer or the Sponsor). The Plan was restated on January 1, 2017 to comply with tax legislation. Employees who have attained the age of 21, and are full time employees, are eligible to participate in elective deferrals and Sponsor matching contributions immediately, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the year ended December 31, 2019, individual participants' elective deferrals were limited to $19,000. Participants who are age 50 and older may also contribute an additional $6,000 for the year ended December 31, 2019.

The Employer may make a discretionary matching contribution. Employer contributions, if any, are recorded in the year for which the contributions apply. Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions. During the year ended December 31, 2019, the Company made no matching contributions.

In addition to the Employer's matching contributions, the Company may make an annual profit sharing contribution, as determined by the Board of Directors of the Company. Profit sharing contributions are allocated at the end of the calendar year to the participants employed at the end of the year and to participants who have retired, died or became disabled during the year. Such allocations are based on the proportion that each participant's basic compensation bears to the total basic compensation for all participants. The Company made no discretionary contributions for the year ended December 31, 2019.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's contributions, if any, and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their account, (if any), plus any earnings or losses thereon, is based upon the number of years of credited service on a six year graded schedule. A participant is 100 percent vested after six years of credited service.

Participants are considered fully vested upon termination due to death or permanent disability.

Note 1 – Description of the Plan, Continued

Forfeitures

Forfeitures may be used to reduce Employer's matching or profit sharing contributions. There were no forfeitures available to reduce Employer contributions as of December 31, 2019 and 2018 and no forfeitures were used during the year ended December 31, 2019.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 % of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request, ranging from 5.25% - 6.50% at December 31, 2019. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal in accordance with IRS guidelines. Participants may also withdraw their vested account balances at any time on or after the age 59½.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid by the Sponsor.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by John Hancock Life Insurance Company (the Custodian) as of and for the year ended December 31, 2019. The Custodian invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

The Plan allows certain administrative expenses to be paid from Plan assets.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan refunded the excess contributions to the applicable participants in the subsequent year.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan's Management has determined it does not have any positions at December 31, 2019 that it would be unable to substantiate.

Note 2 – Summary of Significant Accounting Policies, Continued

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement (ASU 2018-13)*. The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment income and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2019 and 2018. During the year ended December 31, 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the value methodologies used for assets measured at fair value:

> *Pooled separate accounts* – valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The following table summarizes the Plan's investments based on the valuation methodology applied by the Plan as of December 31, 2019 and 2018:

	Fair Value Measurements as of December 31, 2019			
	Level 1:	Level 2:	Level 3:	Total
Pooled separate accounts	$ -	$ 480,518	$ -	$ 480,518

	Fair Value Measurements as of December 31, 2018			
	Level 1:	Level 2:	Level 3:	Total
Pooled separate accounts	$ -	$ 347,506	$ -	$ 347,506

Note 5 – Party-in-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of pooled separate accounts issued, managed, and administered by the Custodian, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 6 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 8 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt.

The Plan has not received a determination letter specific to the Plan itself. The Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2019 and 2018, and change in net assets available for benefits for the year ended December 31, 2019, as shown on Form 5500 with the amounts shown in the financial statements:

	2019	2018
Net assets available for benefits – Form 5500	$ 451,856	$ 332,505
Reconciling items:		
Participants' contributions	2,786	-
Others	(730)	-
Net assets available for benefits – financial statements	$ 453,912	$ 332,505
Change in net assets available for benefits – Form 5500	$ 119,351	
Reconciling item:		
Participants' contributions	2,786	
Others	(730)	
Change in net assets available for benefits – financial statements	$ 121,407	

Note 10 – Delinquent Employee Deferral Transmittals

During 2019, the Plan erroneously failed to remit certain employee deferrals and loan repayments to the Plan aggregating $2,843. The Company computed the lost earnings on these 2019 deferrals and loan repayments and subsequently remitted the deferrals and loan repayments and made a contribution for lost earnings to the Plan.

Note 11 – Subsequent Events

In March 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic and the President of the United States declared the COVID-19 outbreak a national emergency. Global financial markets have experienced, and may continue to experience, significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions, benefit obligations and distributions will depend on future developments, including the duration and spread of the outbreak.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for certain required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to reflect these changes, as well as related adoption agreements, will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan evaluated events occurring subsequent to December 31, 2019 through September 10, 2020, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
