INDEPENDENT AUDITORS' REPORT

To the Plan Committee

DYSON, INC. 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dyson, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year then ended, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Dyson, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Dyson, Inc. for the benefit of substantially all employees of Dyson, Inc., Dyson Technology, Inc., Dyson Technical Services, Inc., Dyson B2B, Inc., Dyson B2B Technical Services, Inc., Dyson Direct, Inc. and, effective January 1, 2019, Sakti3, Inc. (collectively, the "Company"). Effective January 1, 2018, the Plan was amended to reduce the age requirement for eligible employees from 21 years of age to 18 years of age and to exclude seasonal employees and interns. Eligible employees are allowed to enter the Plan the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal. The Plan is in the process of operationally being amended to implement the changes permitted by this law change.

Contributions - Participants may contribute up to 50% of annual compensation as pretax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of the first 4% of base compensation that a participant contributes to the Plan. Nonelective profit sharing contributions are discretionary as determined by the Company's management. During 2019 and 2018, the Company contributed 2% of base compensation for all eligible employees. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers 28 mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary and Company contributions plus actual earnings thereon.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, or upon attainment of 59½ years of age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a rollover distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts - As of December 31, 2019 and 2018, forfeited accounts totaled $14,923 and $2,279, respectively. These accounts will be used to reduce future administrative expenses or employer contributions. During 2019, administrative expenses and employer contributions were not reduced by forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits - Benefits are recorded when paid.

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,388,384	$ -	$ -	$ 40,388,384

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,345,886	$ -	$ -	$ 27,345,886

(5) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Plan Services Agreement ("PSA") between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fidelity remits a Revenue Credit to the Plan's trust on a quarterly basis as described in the PSA. Such credits may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Plan or Plan Sponsor may make payment to Fidelity for administrative expenses not covered by revenue sharing.

(5) Related party transactions and party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator of $13,810 for the year ended December 31, 2019, which were not covered by revenue sharing. The Plan may also pay certain expenses related to the Plan's operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain receivables are loans to participant employees of the Company, and therefore, these transactions are considered party-in-interest transactions.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, approximately 15% and 16%, respectively, of the Plan's investments were invested in the Fidelity Growth Company Fund.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	December 31,	
	2019	**2018**
Net assets available for benefits per the financial statements	$ 42,167,185	$ 28,865,005
Employer contributions receivable	(1,397,426)	(1,181,958)
Net assets available for benefits per Schedule H of the Form 5500	$ 40,769,759	$ 27,683,047

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2019, to net income per the Form 5500:

Net increase per the financial statements	$ 12,191,430
Change in employer contributions receivable	(215,468)
Net income per Schedule H of the Form 5500	$ 11,975,962

(9) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan's administrative committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Transfer in

The Company acquired Sakti3, Inc., and as a result, effective January 1, 2019, participant accounts totaling $1,110,750 were transferred from the Sakti3, Inc. 401(k) Plan to the Plan.

(11) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $108,938 were not remitted within the required time period for the year ended December 31, 2019. The Company has remitted these delinquent employee contributions including any lost earnings as a result during 2019.

(12) Subsequent events

The Plan has evaluated subsequent events through September 21, 2020, which is the date the financial statements were available to be issued, and noted the following items for disclosure:

On January 30, 2020, the World Health Organization ("WHO") declared a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(12) Subsequent events (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have fluctuated and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, on March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is evaluating the relief provisions available to plan participants under the CARES Act, which include the following:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

INDEPENDENT AUDITORS' REPORT

To the Plan Committee

DYSON, INC. 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dyson, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year then ended, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Dyson, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Dyson, Inc. for the benefit of substantially all employees of Dyson, Inc., Dyson Technology, Inc., Dyson Technical Services, Inc., Dyson B2B, Inc., Dyson B2B Technical Services, Inc., Dyson Direct, Inc. and, effective January 1, 2019, Sakti3, Inc. (collectively, the "Company"). Effective January 1, 2018, the Plan was amended to reduce the age requirement for eligible employees from 21 years of age to 18 years of age and to exclude seasonal employees and interns. Eligible employees are allowed to enter the Plan the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal. The Plan is in the process of operationally being amended to implement the changes permitted by this law change.

Contributions - Participants may contribute up to 50% of annual compensation as pretax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of the first 4% of base compensation that a participant contributes to the Plan. Nonelective profit sharing contributions are discretionary as determined by the Company's management. During 2019 and 2018, the Company contributed 2% of base compensation for all eligible employees. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers 28 mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary and Company contributions plus actual earnings thereon.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, or upon attainment of 59½ years of age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a rollover distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts - As of December 31, 2019 and 2018, forfeited accounts totaled $14,923 and $2,279, respectively. These accounts will be used to reduce future administrative expenses or employer contributions. During 2019, administrative expenses and employer contributions were not reduced by forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits - Benefits are recorded when paid.

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,388,384	$ -	$ -	$ 40,388,384

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,345,886	$ -	$ -	$ 27,345,886

(5) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Plan Services Agreement ("PSA") between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fidelity remits a Revenue Credit to the Plan's trust on a quarterly basis as described in the PSA. Such credits may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Plan or Plan Sponsor may make payment to Fidelity for administrative expenses not covered by revenue sharing.

(5) Related party transactions and party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator of $13,810 for the year ended December 31, 2019, which were not covered by revenue sharing. The Plan may also pay certain expenses related to the Plan's operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain receivables are loans to participant employees of the Company, and therefore, these transactions are considered party-in-interest transactions.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, approximately 15% and 16%, respectively, of the Plan's investments were invested in the Fidelity Growth Company Fund.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	December 31,	
	2019	**2018**
Net assets available for benefits per the financial statements	$ 42,167,185	$ 28,865,005
Employer contributions receivable	(1,397,426)	(1,181,958)
Net assets available for benefits per Schedule H of the Form 5500	$ 40,769,759	$ 27,683,047

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2019, to net income per the Form 5500:

Net increase per the financial statements	$ 12,191,430
Change in employer contributions receivable	(215,468)
Net income per Schedule H of the Form 5500	$ 11,975,962

(9) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan's administrative committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Transfer in

The Company acquired Sakti3, Inc., and as a result, effective January 1, 2019, participant accounts totaling $1,110,750 were transferred from the Sakti3, Inc. 401(k) Plan to the Plan.

(11) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $108,938 were not remitted within the required time period for the year ended December 31, 2019. The Company has remitted these delinquent employee contributions including any lost earnings as a result during 2019.

(12) Subsequent events

The Plan has evaluated subsequent events through September 21, 2020, which is the date the financial statements were available to be issued, and noted the following items for disclosure:

On January 30, 2020, the World Health Organization ("WHO") declared a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(12) Subsequent events (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have fluctuated and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, on March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is evaluating the relief provisions available to plan participants under the CARES Act, which include the following:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

INDEPENDENT AUDITORS' REPORT

To the Plan Committee

DYSON, INC. 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dyson, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year then ended, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the Dyson, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Dyson, Inc. for the benefit of substantially all employees of Dyson, Inc., Dyson Technology, Inc., Dyson Technical Services, Inc., Dyson B2B, Inc., Dyson B2B Technical Services, Inc., Dyson Direct, Inc. and, effective January 1, 2019, Sakti3, Inc. (collectively, the "Company"). Effective January 1, 2018, the Plan was amended to reduce the age requirement for eligible employees from 21 years of age to 18 years of age and to exclude seasonal employees and interns. Eligible employees are allowed to enter the Plan the first day of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal. The Plan is in the process of operationally being amended to implement the changes permitted by this law change.

Contributions - Participants may contribute up to 50% of annual compensation as pretax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of the first 4% of base compensation that a participant contributes to the Plan. Nonelective profit sharing contributions are discretionary as determined by the Company's management. During 2019 and 2018, the Company contributed 2% of base compensation for all eligible employees. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers 28 mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary and Company contributions plus actual earnings thereon.

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, or upon attainment of 59½ years of age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a rollover distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts - As of December 31, 2019 and 2018, forfeited accounts totaled $14,923 and $2,279, respectively. These accounts will be used to reduce future administrative expenses or employer contributions. During 2019, administrative expenses and employer contributions were not reduced by forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits - Benefits are recorded when paid.

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(4) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 40,388,384	$ -	$ -	$ 40,388,384

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,345,886	$ -	$ -	$ 27,345,886

(5) Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Plan Services Agreement ("PSA") between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

Fidelity remits a Revenue Credit to the Plan's trust on a quarterly basis as described in the PSA. Such credits may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Plan or Plan Sponsor may make payment to Fidelity for administrative expenses not covered by revenue sharing.

(5) Related party transactions and party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator of $13,810 for the year ended December 31, 2019, which were not covered by revenue sharing. The Plan may also pay certain expenses related to the Plan's operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain receivables are loans to participant employees of the Company, and therefore, these transactions are considered party-in-interest transactions.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, approximately 15% and 16%, respectively, of the Plan's investments were invested in the Fidelity Growth Company Fund.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	December 31,	
	2019	**2018**
Net assets available for benefits per the financial statements	$ 42,167,185	$ 28,865,005
Employer contributions receivable	(1,397,426)	(1,181,958)
Net assets available for benefits per Schedule H of the Form 5500	$ 40,769,759	$ 27,683,047

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2019, to net income per the Form 5500:

Net increase per the financial statements	$ 12,191,430
Change in employer contributions receivable	(215,468)
Net income per Schedule H of the Form 5500	$ 11,975,962

(9) Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan's administrative committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Transfer in

The Company acquired Sakti3, Inc., and as a result, effective January 1, 2019, participant accounts totaling $1,110,750 were transferred from the Sakti3, Inc. 401(k) Plan to the Plan.

(11) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $108,938 were not remitted within the required time period for the year ended December 31, 2019. The Company has remitted these delinquent employee contributions including any lost earnings as a result during 2019.

(12) Subsequent events

The Plan has evaluated subsequent events through September 21, 2020, which is the date the financial statements were available to be issued, and noted the following items for disclosure:

On January 30, 2020, the World Health Organization ("WHO") declared a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(12) Subsequent events (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have fluctuated and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, on March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is evaluating the relief provisions available to plan participants under the CARES Act, which include the following:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.
