Report of Independent Auditors

To the Administrator of Bosch Savings Incentive Plan, Bosch Security Systems Retirement Savings Plan, Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan, and Bosch Braking Systems Thrift Plan

Report on the Individual Plan Financial Statements

We were engaged to audit the accompanying individual plan financial statements of Bosch Savings Incentive Plan, Bosch Security Systems Retirement Savings Plan, Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan, and Bosch Braking Systems Thrift Plan (hereafter collectively referred to as the "Plans"), which comprise the individual plan statements of net assets available for benefits as of December 31, 2019 and 2018, and the related individual plan statements of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the individual plan financial statements (collectively referred to as the "financial statements" of the Plans).

Management's Responsibility for the Individual Plan Financial Statements

Management is responsible for the preparation and fair presentation of the individual plan financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of individual plan financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the individual plan financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimers of Opinions paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for audit opinions on the individual plan financial statements.

Basis for Disclaimers of Opinions

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrators instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the individual plans, except for comparing such information with the related information included in each of the individual plan's financial statements. We have been informed by the plan administrators that the trustees hold the individual plan investment assets and execute investment transactions. The plan administrators have obtained certifications from the trustees as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrators by the trustees is complete and accurate.

Disclaimers of Opinions

Because of the significance of the matter described in the Basis for Disclaimers of Opinions paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for audit opinions on the individual plan financial statements. Accordingly, we do not express an opinion on the individual plan financial statements.

Other Matter

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2019 for each of the individual plans are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the individual plan financial statements. Because of the significance of the matter described in the Basis for Disclaimers of Opinions paragraph, we do not express opinions on these supplemental schedules of the individual plans.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the individual plan financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following descriptions of the Bosch Savings Incentive Plan (the "BSIP"), the Bosch Security Systems Retirement Savings Plan (the "BSSI Plan"), the Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan (the "Burlingame Plan"), and the Bosch Braking Systems Thrift Plan (the "BBST Plan") (collectively, the "Plans") provide only general information. Participants should refer to the respective plan agreements or documents for a more complete description of each of the Plans' provisions.

General

The Plans are defined contribution plans covering eligible full-time and part-time employees as described below.

The BSIP covers eligible employees of Robert Bosch, LLC and participating subsidiaries and affiliates that have adopted the BSIP. Full-time employees are eligible to participate on their date of hire.

The BSSI Plan covers nonunion employees of Bosch Security Systems, Inc. located in the Lancaster, Pennsylvania and Fairport, New York facilities, and employees of Telex Communications, Inc., a subsidiary of Bosch Security Systems, Inc. Full-time employees are eligible to participate on their date of hire.

The Burlingame Plan covers all eligible hourly employees of Robert Bosch Fuel Systems, LLC who are represented by the DTC/UAW Local 167 DDC/EMD Labor Agreement and are age 18 or older. The Burlingame Plan also covers inactive, fully vested participants transferred from the Robert Bosch Fuel Systems Corporation New Business Unit 401(k) Plan in 2006. Full-time employees are eligible to participate upon completion of the probationary period defined in the relevant union contract.

The BBST Plan covers employees of specific participating units of Robert Bosch, LLC who are represented by a collective bargaining unit. Currently, the only active participants are individuals represented by collective bargaining agreements that cover UAW Local 383 in St. Joseph, Michigan. Full-time covered employees are eligible to participate upon completion of a 90-day probationary period (including service as a temporary employee).

Subject to the eligibility requirements described above, part-time employees are eligible to participate after one year of service consisting of 1,000 hours of service, as defined in each of the respective plan documents. Robert Bosch, LLC and participating subsidiaries and affiliates, Bosch Security Systems, Inc., and Robert Bosch Fuel Systems, LLC (collectively, the "Company" or "Companies") are related through common ownership. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Excluding the Burlingame Plan, the Plans provide for employee contributions up to a maximum of 85 percent (18 percent for the Burlingame Plan) of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code ("IRC"). For the BSIP and BSSI Plan, unless an employee elects otherwise, eligible new employees are automatically enrolled in the respective plan with a 5 percent pre-tax deferral rate. The deferral rate increases 1 percent each year, until it reaches a maximum of 9 percent. Participants may also make contributions to the Plans in the form of a rollover of funds from another qualified plan.

The BSIP provides for variable employer matching contributions ranging from 0 to 100 percent of the first 9 percent of eligible compensation contributed by the participant. The percentage range is generally determined annually. The matching percentage was 75% for all participating employers in 2019.

The BSSI Plan provides for employer matching contributions of 50 percent of the first 6 percent of compensation deferred by the participant.

Note 1 - Plan Description (Continued)

The BSSI Plan also provides for employer profit-sharing contributions on behalf of each eligible Lancaster and Fairport employee hired prior to February 1, 2012, based on the employee's eligible compensation for the plan year as follows:

(i) 3 percent of eligible compensation earned up to the 5th anniversary of the active participant's profit-sharing start date

(ii) 4.5 percent of eligible compensation earned between the 5th anniversary and the 10th anniversary of the active participant's profit-sharing start date

(iii) 6 percent of eligible compensation earned after the 10th anniversary of the active participant's profit-sharing start date

An adjustment may be made to the profit-sharing contribution, based on year-end Company financial performance, such that the adjusted profit-sharing contribution is equivalent to between 50 and 150 percent of the original base amounts described above. For 2019, the profit-sharing amounts were adjusted to 80 percent of the base amounts.

The Burlingame Plan provides for employer contributions equal to 3% of eligible compensation to employees hired on or after August 9, 2011 who have completed one year of service. Beginning in 2021, the Burlingame Plan employer contribution will transition to an employer matching contribution that will be available to all participants.

The BBST Plan provides for employer matching contributions of 50 percent of the first 7 percent of eligible compensation contributed by participants who have completed one year of service.

In addition, the BSIP and BBST Plan provide for employer contributions, subject to maximum amounts established by the IRC, generally ranging from 2.5% to 6.5% of a participant's eligible compensation, except as otherwise defined, based on the participant's age at December 31 of the current plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on contributions and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by each of the Plans.

Benefit Payments

In the event of retirement, termination of service, death, or disability, a participant may elect to receive either a lump-sum payment, or various installment payments, equal to the value of the participant's vested interest in his or her account. Prior to termination of service, participants may withdraw their after-tax and rollover contributions at any time, or any portion of their account after attaining the age of 59½.

Participants may request that a portion of their employee contribution accounts be distributed in the case of financial hardship, as defined in the respective plan document.

Vesting

Participants are immediately vested in their employee contributions, rollover contributions, and, for the BSSI Plan, their employer profit-sharing contributions plus actual earnings thereon. Excluding the BBST Plan, a participant is generally 100 percent vested in the non-profit sharing employer contribution portion of their account after 3 years of credited service. Accounts of participants who are actively employed at a location that is closed generally become fully vested on the closure date.

Note 1 - Plan Description (Continued)

The BBST Plan's employer contributions vest according to the following schedule:

Years of Service	Vesting Percentage
2 years	20 %
3 years	40
4 years	60
5 years or more	100

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of each of the respective Plans.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50 percent of their account balance, not to exceed $50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Notes receivable are amortized over a reasonable period of time, generally not to exceed five years (25 years if used to purchase a primary residence).

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plans, therefore these transactions, as well as participant notes receivable, qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate any of the individual Plans, subject to the provisions set forth in the respective plan agreement and ERISA. Upon termination of any of the individual Plans, participants become 100 percent vested in their account balances of the respective terminated Plan.

Note 2 - Summary of Significant Accounting Policies

Investments in the Master Trust

The Robert Bosch Defined Contribution Retirement Plan Trust ("Master Trust") was established for the investment of assets of certain benefit plans sponsored by the Company and its affiliates. All investments of the BSIP, the BSSI Plan and the BBST Plan are invested in the Master Trust. The Burlingame Plan participates in the Master Trust for the purpose of sharing only in the custom funds held within the Master Trust that are also offered to the Burlingame Plan. See Note 5.

Investment Valuation and Income Recognition

The value of each of the Plans' interests in the Master Trust is based on the beginning of the year value of each of the respective plans' interests in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. The Plans' and the Master Trust's investments are stated at fair value, except for fully benefit-responsive synthetic guaranteed investment contracts, which are valued at contract value. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Note 2 - Summary of Significant Accounting Policies (Continued)

The collective trusts are valued at the net asset value per share (NAV) (or its equivalent) of the funds as a practical expedient, which are based on the fair value of the funds' underlying assets. There are no unfunded commitments on these investments, and each of the funds has unlimited redemption frequency. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net investment income from the Plans' interests in the Master Trust, which consists primarily of the realized gains or losses on the fair value of the Master Trust investments and the unrealized appreciation (depreciation) on those investments, is included in the statements of changes in net assets available for benefits.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plans' administrator to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plans invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 24, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization identified the spread of a novel strain of coronavirus (COVID-19), which was first identified in late 2019, as a pandemic. Global financial markets have experienced and may continue to experience significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plans' net assets available for benefits, contributions and benefit payments will depend on future developments, including the duration and continued spread of the outbreak.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The Plans elected to make CARES Act distributions and loan payment deferrals available to participants eligible for such elections under the CARES Act.

Note 3 - Certified Information

Fidelity Management Trust Company (the "Trustee") holds the Master Trust's investments, the Burlingame Plan's investments, and the participant notes receivable and executes all related transactions. The completeness and accuracy of investment information included in Note 5, the investment and participant notes receivable balances as of December 31, 2019 and 2018 included in the statements of net assets available for benefits, investment income and interest from participant notes receivable for the year ended December 31, 2019 included in the statements of changes in net assets available for benefits, and the supplemental schedules of assets (held at end of year) as of December 31, 2019, are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust and the Burlingame Plan have the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust’s and the Plans' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Master Trust assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

Note 5 - Interest in Master Trust

Each participating Plan's interest in the Master Trust is based on account balances of the participants and their elected investment options.

Investment income and administrative expenses relating to the Master Trust are allocated to the individual Plans based upon daily balances of the investments invested by each of the Plans.

The net assets of the Master Trust and the Plans' interests in Master Trust balances at December 31, 2019 and 2018 are as follows. Certain plans not included in these financial statements also participate in the Master Trust.

The investment income for the Master Trust for the year ended December 31, 2019 is as follows:

	2019
Net appreciation in fair value of investments	$ 541,071,337
Interest and dividends	42,933,824
Total investment income	$ 584,005,161

Note 6 - Investment Contracts

The Master Trust holds synthetic investment contracts (synthetic GICs). The synthetic GICs provide for a fixed return on principal over a specified time through fully benefit-responsive wrapper contracts issued by insurance companies. The assets underlying the synthetic GICs substantially consist of fixed income collective trust funds.

Fully benefit-responsive synthetic GICs are valued at contract value. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. The contracts used by the Plans are fully benefit responsive because the wrapper contract issuers are contractually obligated to make up any shortfall in the event that the underlying asset portfolio has been liquidated and is inadequate to cover participant withdrawals and transfers at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or any other risk.

The crediting interest rate, which is reset monthly and is based on a formula agreed upon with each wrapper contract issuer, can never fall below zero. The crediting rate formula smooths the impact of interest rate changes on participant returns by amortizing any difference between market value and book value over a period of years equal to the duration of the portfolio benchmark.

Certain events limit the ability of the Master Trust to transact at contract value with the issuers. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Master Trust's ability to transact at contract value with the issuers. The Plans' administrator believes that the occurrence of any such event is not probable.

Except for the employer initiated events above, or an event of default (that was not remedied), the wrapper contract issuers may not terminate the contracts at an amount different from contract value.

Note 7 - Tax Status

The BSIP, BSSI Plan, and BBST Plan have been amended since receipt of their last respective determination letters, dated February 7, 2014 for the BSIP, March 16, 2017 for the BSSI Plan, and December 5, 2017 for the BBST Plan. The Burlingame Plan has been amended since March 31, 2014, the date of the last opinion letter on the Fidelity volume submitter document which the Burlingame Plan has adopted. This creates inherent uncertainty in the tax status of the Plans. While the Internal Revenue Service has eliminated the determination letter process for on-going plans, with input from ERISA counsel, it is management's belief that the Plans are designed and continue to operate in accordance with the IRC. Therefore, management has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements.

The Plans are subject to routine audits by tax jurisdictions. Other than the BSIP, the Plans were not under audit as of December 31, 2019. For the BSIP, in a letter dated February 9, 2016, the U.S. Department of Labor (DOL) informed the Company that they would be conducting a review of the BSIP from January 1, 2012 through the present, as part of their continuing audit and review program. This review began on March 16, 2016 and concluded by way of a letter from the DOL dated July 27, 2020. The review resulted in one finding related to the application of forfeitures. Other than an administrative amendment to the BSIP that is anticipated to be finalized in the third quarter of 2020, management is not required to take any other action to address the DOL's finding, and the BSIP's tax status was not affected. This amendment will not have a significant impact on management's administration of the BSIP.

If any future audit were to produce any findings, management would take necessary action to preserve the tax status of the Plans. The Plans' administrator believes the Plans are no longer subject to income tax examinations for plan years beginning prior to January 1, 2016.

Note 8 - Transfers from Related Plans

Effective January 1, 2019, the Robert Bosch Defined Contribution Retirement Plan (the "BDC Plan") was merged into the BSIP and into the BBST Plan. Accordingly, participants of the BDC Plan became participants of the BSIP and the BBST Plan, and assets of $299,728,339 and $272,465 were transferred into the BSIP and the BBST Plan, respectively.

Note 9 - Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 to Form 5500:

	BSIP	BBST
Net assets available for benefits per the financial statements	$ 2,370,145,038	$ 6,868,871
Assets relating to January 1, 2019 plan merger (Note 8)	299,728,339	272,465
Net assets available for benefits per Form 5500	$ 2,669,873,377	$ 7,141,336

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

	BSIP	BBST
