MATTHEWS-VU MEDICAL GROUP 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of **Matthews-Vu Medical Group 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature that covers all employees of **Matthews-Vu Medical Group** (the Company) who have completed a minimum of three months of service at the Company and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Participants may contribute pre-tax or Roth elective deferrals up to 90% of eligible compensation each year not to exceed the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company contributes a basic safe harbor matching contribution equal to 100% of each participant's elective deferral contributions (including any catch-up contributions) up to 3% of each participant's eligible compensation and 50% of the next 2% of eligible compensation.

The Company may also make discretionary nonelective contributions. A participant must be employed by the Company on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year to be eligible to receive any discretionary nonelective contributions. For the year ended December 31, 2019 and the period from Plan adoption (October 1, 2018) to December 31, 2018, the Company did not make any discretionary nonelective contributions.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their contributions into a number of investment fund options offered by the Plan.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, Company safe harbor matching contributions, and Company discretionary nonelective contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their vested account balance, whichever is less. The maximum loan term is five years, unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions. Also see Note 9.

Payment of benefits

Upon termination of service, retirement, or disability, a participant with a vested account balance greater than \$5,000 can receive a lump-sum distribution or partial distributions of any portion upon the participant's consent. However, the Plan administrator may commence distribution of a participant's vested account without consent at the time that distribution payments must begin under applicable federal law.

Upon termination of service, retirement, or disability, a participant with a vested account balance of \$5,000 or less will receive an automatic lump-sum distribution. If the vested account balance is between \$1,000 and \$5,000 and an election is not made to either receive or roll over the distribution, the distribution will be directly rolled over to an individual retirement account (IRA).

Upon death, a participant's vested account balance will be paid to the participant's designated beneficiary or beneficiaries.

Also see Note 9.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICES (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Recordkeeping and participant transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE OF THE PLAN

The following information included in the accompanying financial statements and the supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustee of the Plan:

	2019	2018
Investments at fair value:		
Money market fund	\$ 30	\$ 582
Mutual funds	1,668,103	487,428
Net appreciation (depreciation) in fair value of investments	140,158	(52,501)
Dividends and interest	73,940	19,916

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. The money market fund and the mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2019		2018	
	Fair value	Level 1	Fair value	Level 1
Money market fund	\$ 30	\$ 30	\$ 582	\$ 582
Mutual funds	1,668,103	1,668,103	487,428	487,428
	<u>\$ 1,668,133</u>	<u>\$ 1,668,133</u>	<u>\$ 488,010</u>	<u>\$ 488,010</u>

5. PARTY IN INTEREST TRANSACTIONS

In 2019 and 2018, the Plan paid fees of \$3,938 and \$156, respectively, to Fidelity Investments Institutional, who is a party in interest. Additionally, certain fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan has adopted the Volume Submitter Defined Contribution Plan Fidelity Basic Plan Document No. 17. This plan document obtained its latest advisory letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan document has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Also see Note 9.

9. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the coronavirus has become a worldwide pandemic which has at times contributed to significant volatility in the fair value of investment securities. In response to the effects of the coronavirus pandemic, the U.S. federal government has passed the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The primary areas of the CARES Act that affect the Plan are as follows:

- All required minimum distributions from retirement accounts are suspended for 2020.
- Participants are allowed to borrow up to 100% of their vested account balance or \$100,000, whichever is less, on participant loans made from March 27, 2020 to September 23, 2020 and participants can delay their loan repayments for up to one year.
- Participants affected by the coronavirus can withdraw up to \$100,000 from their vested account balance. The coronavirus-related distribution will be exempt from the 10% penalty tax if taken before the participant is age of 59½, exempt from income tax withholdings, and can be taxed as income to the participant spread evenly over three years (2020, 2021, and 2022). If the participant pays back the distribution amounts within three years, the participant can claim a refund for the taxes they paid.

The Plan administrator has evaluated subsequent events through the date of the attached independent auditors' report, the date which the financial statements were available to be issued. The Plan administrator believes there have been no significant subsequent events other than the matters described above.
