G&D Integrated Retirement Plan Committee and Management
G&D Operating Holdings, LLC Retirement Savings Plan
Morton, Illinois

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of G&D Operating Holdings, LLC Retirement Savings Plan (the Plan) as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to fraud or error may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Financial Statements

The Plan administrator and management share the ultimate responsibility for the Plan's internal control system. While it is acceptable to outsource various accounting functions, the responsibility for internal control cannot be outsourced. The Plan engaged CliftonLarsonAllen, LLP (CLA) to assist in preparing the financial statements and accompanying disclosures, however, as independent auditors, CLA cannot be considered part of the Plan's internal control system. As part of its internal control over the preparation of its financial statements, including disclosures, the Plan has implemented a comprehensive review procedure performed by an individual within executive management at the Plan Sponsor to ensure that the financial statements, including disclosures, are complete and accurate. However, such review procedures should be performed by an individual not only possessing a thorough understanding of applicable generally accepted accounting principles but also with knowledge of the Plan's activities, operations, and current industry-related requirements and disclosures. The Plan's personnel, while having the appropriate understanding of generally accepted accounting principles, may not have monitored recent accounting developments to the extent necessary to enable them to review the Plan's financial statements and related disclosures, to provide a high level of assurance that potential omissions or other errors that are less than material, would be identified and corrected. This puts management at risk of not detecting material errors in the financial statements.

Other matter

During our audit, we became aware of a matter that is an opportunity to strengthen your internal control and improve the efficiency of your operations. While the nature and magnitude of the matter was not considered important enough to merit the attention of the G&D Integrated Retirement Plan Committee, it is considered of sufficient importance to merit management's attention and is included herein to provide a single, comprehensive communication for both those charged with governance and management.

- During our audit we noted that a participant election form was missing. We were unable to obtain written documentation of the authorization of the deferral percentage for a participant. We recommend that a review process be immediately performed to determine if supporting documentation is readily available to support current participating employees. This would include verifying that the enrollment forms and/or online elections are completed, and are in agreement with the current withholding deduction percentage in the payroll system. We also recommend that procedures be implemented to ensure that all participant initial enrollment and changes to salary election percentages in the payroll system are supported by a formal participant election.

* * *

This communication is intended solely for the information and use of management, G&D Integrated Retirement Plan Committee, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

G&D Operating Holdings, LLC Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&D Operating Holdings, LLC Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

NOTE 1 DESCRIPTION OF PLAN

The following description of G&D Operating Holdings, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1987. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2020. The Plan excludes leased employees, nonresident aliens, and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees of G&D Operating Holdings, LLC (the Company) are eligible to participate in the deferral component of the Plan on the later of their date of employment or upon turning 21 years of age. Participants are eligible to receive matching Company contributions after six months of service. Participants may enter the Plan immediately upon meeting the eligibility requirements.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective January 1, 2018, the Company is required to make safe harbor matching contributions to the Plan. During the year ended December 31, 2019, the Company matched 100% of the first 3% of eligible participant compensation contributed to the Plan and 50% of the next 2% of eligible participant compensation contributed to the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan will not accept rollovers of designated Roth contributions. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts prior to January 1, 2018, plus actual earnings thereon, is based on years of credited service. For these contributions, a participant is 100% vested after six years of credited service. Effective January 1, 2018, a participant is now immediately 100% vested in all safe harbor matching contribution portion of their accounts. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2019 and 2018 totaled $13,105 and $7,668, respectively. There were $1,314 of forfeitures used to pay administrative expenses for the year ended December 31, 2019. There were $6,529 used to reduce Company contributions for the year ended December 31, 2019.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018, as the Plan administrator believes outstanding balances are collectible and adequately collateralized. Delinquent notes receivable are recorded as distributions when a distributable event occurs and the note balances are offset in accordance with the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan, which include investment related expenses, are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through September 18, 2020, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplemental schedule of assets (held at end of year) as of December 31, 2019.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Funds: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Collective Funds	$ -	$ 6,582,209	$ -	$ 6,582,209
Mutual Funds	12,272,476	-	-	12,272,476
Total Investments at Fair Value	$ 12,272,476	$ 6,582,209	$ -	$ 18,854,685

	2018			
	Level 1	Level 2	Level 3	Total
Collective Funds	$ -	$ 5,742,111	$ -	$ 5,742,111
Mutual Funds	9,097,491	-	-	9,097,491
Total Investments at Fair Value	$ 9,097,491	$ 5,742,111	$ -	$ 14,839,602

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2019	2018
Net Assets Available for Benefits per Financial Statements	$ 19,168,155	$ 15,189,818
Adjustment from Fair Value to Contract Value for Interest in Collective Fund Relating to Fully Benefit-Responsive Investment Contract	-	(8,558)
Notes Receivable Deemed Distributed	-	(1,291)
Net Assets Available for Benefits per Form 5500	$ 19,168,155	$ 15,179,969

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2019.

Change in Net Assets Available for Benefits per Financial Statements	$ 3,978,337
Adjustment from Fair Value to Contract Value for Interest in Collective Fund Relating to Fully Benefit-Responsive Investment Contract	8,558
Notes Receivable Deemed Distributed	1,291
Change in Net Assets Available for Benefits per Form 5500	$ 3,988,186

NOTE 10 SUBSEQUENT EVENT

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic. This could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

Effective in April 2020, certain provisions under the CARES Act relating to participant distributions and participant notes receivable were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022. As of September 18, 2020, the Plan has not been formally amended to adopt these provisions.

G&D Integrated Retirement Plan Committee
G&D Operating Holdings, LLC Retirement Savings Plan
Morton, Illinois

We have conducted a Department of Labor limited-scope audit of the financial statements of G&D Operating Holdings, LLC Retirement Savings Plan (the Plan) as of and for the year ended December 31, 2019, and have issued our report thereon dated September 18, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with Department of Labor Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2019.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements is the subsequent event related to the impact of COVID-19.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

Management did not identify and we did not notify them of any financial statement misstatements detected as a result of audit procedures.

Disagreements with management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the attached management representation letter dated September 18, 2020.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other audit findings or issues

We have provided a separate letter to you dated September 18, 2020, communicating internal control related matters identified during the audit.

Other information in documents containing audited financial statements

With respect to the supplemental schedule required by the Department of Labor accompanying the financial statements, we performed certain audit procedures, as we considered necessary, to express an opinion on whether the form and content of the information included in the supplemental schedule, other than that derived from the information certified by the trustee, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Also, as required by professional standards, we read the supplemental schedule required by the Department of Labor in order to identify material inconsistencies between the audited financial statements and the supplemental schedule. We did not identify any material inconsistencies between the supplemental schedule and the audited financial statements.

Other information is being included in documents containing the audited financial statements and the auditors' report thereon. Our responsibility for such other information does not extend beyond the financial information identified in our auditors' report. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in such documents. As required by professional standards, we read the Form 5500 (the other information) in order to identify material inconsistencies between the audited financial statements and the other information. We did not identify any material inconsistencies between the other information and the audited financial statements.

Our auditors' opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document.

This communication is intended solely for the information and use of the G&D Integrated Retirement Plan Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

8. We have not identified or been notified of any uncorrected financial statement misstatements.

3. All transactions have been recorded in the accounting records and are reflected in the financial statements.

4. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

5. We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:

    a. Management;

    b. Employees who have significant roles in internal control; or

    c. Others when the fraud could have a material effect on the financial statements.

6. We have no knowledge of any allegations of fraud, or suspected fraud, affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

7. We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

8. We are not aware of any pending or threatened litigation, claims, or assessments, or unasserted claims or assessments, that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.

9. There are no other material liabilities or gain or loss contingencies that are required to be accrued or disclosed in accordance with U.S. GAAP.

10. We have disclosed to you the identity of the Plan's related parties and all the related party relationships and transactions, including transactions with parties-in-interest, as defined by ERISA section 3(14) and regulations thereunder, of which we are aware.

11. The Plan has satisfactory title to all owned assets, and all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.

12. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

13. All required filings of plan and trust documents with the appropriate agencies have been made.

14. We inted to formally amend the Plan to incorporate the CARES Act provisions under which the Plan is currently operating, that were adopted to comply with new laws or regulations.

15. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

16. The Plan and the trust established under the Plan is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan and trust. The plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

17. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

18. The Plan has complied with the fidelity bonding requirements of ERISA.

19. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable, and we are in compliance with DOL regulations regarding ERISA section 408(b)(2).

20. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

21. We acknowledge our responsibility for presenting the supplemental schedule in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and we believe the supplemental schedule, including its form and content, is fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

22. We have obtained the service auditor's report from our service organization Fidelity Management Trust Company. We have reviewed such report, including the complementary user controls. We have implemented the relevant user controls, and they were in operation for the year ended December 31, 2019.

23. We understand that you prepared the trial balance for use during the audit and that your preparation of the trial balance was limited to formatting information into a working trial balance based on management's chart of accounts, general ledger, or trust or custodial statements.

24. As part of your audit, you prepared the draft financial statements, related notes, and supplemental schedule. We have designated an individual who possesses suitable skill, knowledge, and/or experience to understand and oversee your services; have made all management judgments and decisions; and have assumed all management responsibilities. We have evaluated the adequacy and results of the service. We have reviewed, approved, and accepted responsibility for those financial statements and related notes. We have also ensured that the Plan's data and records are complete and received sufficient information to oversee the service.
