NEWPORT GROUP, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

Note 1 – Description of the Plan

Newport Group, Inc. (the Company or Employer) sponsors the Newport Group, Inc. 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for leased employees, union employees, nonresident aliens, and interns or temporary employees with less than 1,000 hours of service in a 12-month eligibility computation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The 401(k) Plan Committee is responsible for the oversight of the Plan. Newport Trust Company (the Trustee) serves as the trustee of the Plan, maintains the records of the participant data and holds the Plan assets.

Eligibility

Nonexcluded employees who have completed one month of service, as defined in the Plan document, are eligible to participate in the Plan. Participants are eligible to enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax, after-tax, or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan also provides for discretionary Employer matching contributions. For the year ended December 31, 2019, the Company matched 50% of deferrals up to 6% of a participant's compensation. Employer matching contributions are based on deferrals made each payroll period.

Additional amounts may be contributed by the Employer under the Plan's nonelective profit sharing provisions at the discretion of the Company's board of directors. Unless termination is due to death, disability or retirement, participants must be employed on the last day of the Plan year and have 1,000 hours of service during the Plan year to receive an allocation of the Employer nonelective profit sharing contributions. Allocations of nonelective profit sharing contributions are based on the proportion of each participant's compensation to the total of all eligible participants' compensation. There were no nonelective profit sharing contributions for the year ended December 31, 2019.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account is credited with participant contributions, Employer matching contributions and allocations of Employer nonelective profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer matching contributions is based upon years of continuous service and fully vest after three years. Vesting in Employer nonelective profit sharing contributions is normally based upon years of continuous service as follows:

Years of Service	Vesting Percentage
One, but less than two	20%
Two, but less than three	40%
Three, but less than four	60%
Four, but less than five	80%
Five years or more	100%

However, for participants in the Plan as of June 30, 2018 profit sharing date, vesting in Employer profit sharing contributions is determined under the following schedule:

Years of Service	Vesting Percentage
One, but less than two	20%
Two, but less than three	40%
Three years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 59½), early retirement (attainment of age 55 and at least six years of service), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the outstanding loan balance on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that from 3.25% to 6.50%, which is based on prime rate plus 1% on the date of origination. Loans rolled into the Plan bear interest based on the rate in effect at the time of rollover. Participants may have two loans outstanding at any given time. Terms range from one to five years or up to a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½ or upon reaching early retirement. Participants may take an after-tax distribution at any time. Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the Trustee. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are first used to restore participant balances previously forfeited, then to pay Plan administrative expenses and lastly to reduce Employer contributions. For the year ended December 31, 2019, forfeitures in the amount of $120,755 and $285 were used to reduce Employer contributions and pay Plan administrative expenses, respectively. The Plan had $181,172 and $125,338 in unallocated forfeitures at December 31, 2019 and 2018, respectively.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup. The Plan participates in an agreement with the Trustee, where excess revenue may be returned and deposited into an unallocated expense account. The amounts in the expense account may be used to pay reasonable and necessary Plan expenses or may be allocated to participants. During the year ended December 31, 2019, the Plan used $3,292 to pay certain Plan expenses and $4,478 was reallocated to participants. As of December 31, 2019, there were no funds in the unallocated expense account.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through September 4, 2020, the date the financial statements were available to be issued.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management has elected to adopt the following provisions:

- For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or $100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.
- Required minimum distributions are suspended in 2020.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2019 and 2018. To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During the year ended December 31, 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and exchanged-traded funds – Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Self-directed brokerage accounts – Accounts primarily consist of cash equivalents, common and preferred stocks, exchange traded funds, and mutual funds. Cash equivalents are valued at amortized cost, which approximates fair value. Common and preferred stock are valued at closing price reported on the active market on which the individual securities are traded.

Stable value collective investment fund – Stated at fair value as determined by the issuer of the stable value collective investment fund based on the fair market value of the underlying investments, which is valued at NAV based on the fair market of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 115,956,612	$ -	$ -	$ 115,956,612
Self-directed brokerage accounts	1,484,574	-	-	1,484,574
Total assets in the fair value hierarchy	$ 117,441,186	$ -	$ -	117,441,186
Investments measured at NAV*				9,116,708
Total investments at fair value				$ 126,557,894

	Fair Value Measurements as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 84,930,180	$ -	$ -	$ 84,930,180
Self-directed brokerage accounts	1,466,811	-	-	1,466,811
Total assets in the fair value hierarchy	$ 86,396,991	$ -	$ -	86,396,991
Investments measured at NAV*				6,010,004
Total investments at fair value				$ 92,406,995

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 5 – Investments Measured Using the NAV per Share as a Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair value as of December 31, 2019	2018	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Stable value collective investment fund	$ 9,116,708	$ 6,010,004	n/a	Daily	12 months

Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative expenses, totaling approximately $11,700, were paid by the Company on behalf of the Plan for the year ended December 31, 2019. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The Plan holds notes receivable from participants. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 8 – Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan (the VSPS Plan) sponsored by the Company. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Code. The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. In addition, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.
